3. Male-Male Sexual Contact/Men who have Sex with Men (MSM)

Recommended Action: **FYI: (the Comprehensive HIV Planning Committee will provide final approval):** Office of Support is to include a statement in the EIIHA section of the HRSA application recognizing that currently available epidemiologic data consistently fail to assess the need for testing, referral, and linkage in vulnerable populations such as among those who are transgender, intersex, homeless, those released from incarceration, adolescents ages 13 to 17, and young adults ages 18 to 24.
