#### II. Public Comment

ттт

(NOTE: If you wish to speak during the Public Comment portion of the meeting, please sign up on the clipboard at the front of the room. No one is required to give his or her name or HIV status. All meetings are audio taped by the Office of Support for use in creating the meeting minutes. The audiotape and the minutes are public record. If you state your name or HIV status it will be on public record. If you would like your health status known, but do not wish to state your name, you can simply say: "I am a person living with HIV", before stating your opinion. If you represent an organization, please state that you are representing an agency and give the name of the organization. If you work for an organization, but are representing your self, please state that you are attending as an individual and not as an agency representative. Individuals can also submit written comments to a member of the staff who would be happy to read the comments on behalf of the individual at this point in the meeting. Committee members are asked to remember that this is a time to hear from the community. It is not a time for dialogue. Committee members and staff are asked to refrain from asking questions of the person giving public comment.)

Pete Rodriguez and Denis Kelly, Co-Chairs

### Houston Area HIV Services Ryan White Planning Council 2223 West Loop South, Houston, Texas 77027

Joint Meeting of the Affected Community, Quality Improvement, Priority and Allocations and other Committees 2:00 p.m., Tuesday, March 17, 2020 Meeting Location: Zoom teleconference

### Minutes

Purpose of the Joint Meeting: To determine the criteria used to select the FY 2021 Service Categories.

QI MEMBERS PRESENT	<b>OTHER MEMBERS PRESENT</b>	OTHERS PRESENT
Denis Kelly, Co-Chair (CHP)	Bobby Cruz (OP, PA)	Tana Pradia, RWPC Chair
Pete Rodriguez, Co-Chair	Josh Mica (PA)	Sha'Terra Johnson-Fairley, TRG
Kevin Aloysius	Ronnie Galley (ACC)	Carin Martin, RWGA
Tom Lindstrom		Heather Keizman, RWGA
Crystal Starr (OP)		Tori Williams, Ofc of Support
Andrew Wilson		Amber Harbolt, Ofc of Support
Daniel Impastato		Diane Beck, Ofc of Support
Marcely Macias		
Karla Mills		
Angela Rubio		
Deborah Somoye		
Nancy Miertschin		

ACC=Affected Community Committee; CHP=Comprehensive HIV Planning; OP=Operations; PA=Priority and Allocations

**Call to Order**: Denis Kelly, Co-Chair, Quality Improvement Committee, called the meeting to order at 2:03 p.m. and asked for a moment of reflection.

# Adoption of the Agenda: <u>Motion #1</u>: it was moved and seconded (Starr, Impastato) to adopt the agenda. Motion carried.

#### Public Comment: None.

**HRSA Service Categories**: Tori Williams, Office of Support, briefly summarized the attached documents: HRSA Part A and B Fundable Program Services List and Definitions for Eligible Services, FY 2020 Houston Part A, B and State Services-funded service categories and Ryan White Program legislation regarding Core Services. She explained that the list of funded service categories could change if a proposed idea is approved. A new service must be on the list of allowable services and within the parameters of what can be provided and the Council must justify why a service is funded and/or continues to be funded.

**Justification Tool:** The committee members reviewed the FY 2020 Justification Chart, which lists the criteria used to select Ryan White Part A and B, and State Service funded services. Cruz suggested adding the question: 'Does this service support the ending the epidemic initiative? If yes, how does it support the

### DRAFT

initiative?'. The committee discussed what the outcome of the answer to this question could be. <u>Motion</u> <u>#2</u>: it was moved and seconded (Cruz, Mica) to add the question about supporting the End the Epidemic in the fifth column and to list the 2016 Ending the Houston HIV Epidemic in the fourth column. Motion carried. Abstentions: Somoye, Starr. <u>Motion #3</u>: it was moved and seconded (Mica, Cruz) to accept the FY 2021 Justification Chart criteria with the suggested changes. Motion carried.

#### Announcements: None.

Adjournment: The meeting was adjourned at 2:31 p.m.

**Call to Order**: Denis Kelly, Co-Chair, called the meeting to order at 2:34 p.m. and asked for a moment of reflection.

Adoption of the Agenda: <u>Motion #1</u>: it was moved and seconded (Starr, Rodriguez) to adopt the agenda with one change: add E. Service Category Justification Chart after the training. Motion carried.

**Approval of the Minutes:** <u>Motion #2</u>: it was moved and seconded (Impastato, Rodriguez) to approve the February 22, 2019 meeting minutes. **Motion carried**. Abstentions: Lindstrom, Miertschin, Rubio, Somoye, Wilson.

**Training: Reports related to Consumer Experiences in Care:** Harbolt presented the attached graphic detailing consumer experiences are collected in various documents/processes.

**FY21 Service Category Justification Chart:** See attached. <u>*Motion #3*</u>: it was moved and seconded (Starr, Rodriguez) to accept the FY 2021 Justification Chart. Motion carried.

Public Comment: None.

#### **Reports from the Administrative Agents:**

Ryan White Part A: C. Martin said that she would send an updated procurement report to Williams for distribution to the committee.

Keizman presented a PowerPoint presentation *Summary of Ryan White Clinical Care Chart Review Findings* from the 2018 Chart Review Packet regarding:

- Primary Care
- Case Management
- Oral Health Rural Target
- Vision Care

Ryan White Part B: P. Martin presented the Health Insurance Program report-DSHS, dated 03/02/20.

How to Best Meet the Need (HTBMN): Kelly referenced the How to Best Meet the Need workgroup schedule and told committee members to stay tuned for updated information.

**2020** Criteria and Proposed Idea Form: See attached. <u>Motion #4:</u> it was moved and seconded (Starr, Rodriguez) to approve the 2020 Criteria for Proposed Ideas with no changes. Motion carried. <u>Motion</u> <u>#5:</u> it was moved and seconded (Starr, Rodriguez) to approve the 2020 Proposed Idea Form with no changes. Motion carried.

**Announcements:** The April committee meeting is cancelled so that members can participate in the HTBMN training and workgroups. Starr, committee mentor, said if anyone needs to meet with her they can call or text her.

**Adjourn**: <u>*Motion #6:*</u> it was moved and seconded (Starr, Aloysius) to adjourn the meeting at 3:04 p.m. **Motion carried.**

### Houston Area HIV Services Ryan White Planning Council

2223 West Loop South, Suite 240, Houston, Texas 77027 832 927-7926 telephone; 713 572-3740 fax www.rwpchouston.org

### FY 2021 How to Best Meet the Need Workgroup Service Category Recommendations Summary (as of 04/30/20)

### Those services for which <u>no change</u> is recommended include:

Case Management (Non-Medical Service Linkage) Early Intervention Services (targeting the Incarcerated) Home and Community Based Health Services (Adult Day Treatment) Hospice Services Linguistic Services Oral Health (Untargeted and Targeting the Northern Rural Area) Referral for Health Care and Support Services Transportation Vision Care

### Services with recommended changes include the following:

Ambulatory Outpatient Medical Care (includes Medical Case Management, Local Pharmacy Assistance, Emergency Financial Assistance - Pharmacy Assistance, Outreach Services - Primary Care Re-Engagement, and Service Linkage)

Add the allowability of telehealth and telemedicine to the service definition, update the justification chart, and keep the financial eligibility the same at PriCare=300%, MCM=none, LPAP=400%+500%, EFA=500%, Outreach=none SLW=none.

#### Case Management (Clinical)

Add the allowability of telehealth to the service definition, update the justification chart, and keep the financial eligibility the same at none.

#### Case Management (Non-Medical Targeting Substance Use Disorders)

Add the allowability of telehealth to the service definition, update the justification chart, and keep the financial eligibility the same at none.

#### **Emergency Financial Assistance**

Create a subcategory of Emergency Financial Assistance which will provide a rapid response to personal emergencies. The workgroup recommends that the subcategory begin immediately using CARE Act (COVID-19) funds. After March 1, 2021, use Ryan White or State Services funding.

#### Health Insurance Premium and Cost Sharing Assistance

Add text to the service definition that states clients should receive notification that payments have been made to and received by their insurance provider, update the justification chart, and keep the financial eligibility the same at 0 - 400%, ACA plans must have a subsidy.

### Housing

**X** Refer Housing to the Quality Improvement Committee for further research.

### Medical Nutritional Therapy/Supplements

Accept the service definition as presented, update the justification chart, and increase the financial eligibility to 400%.

#### **Mental Health Services**

Add the allowability of telehealth to the service definition, update the justification chart, and keep the financial eligibility the same: 400%.

#### Substance Abuse Treatment

Add the allowability of telehealth to the service definition, update the justification chart, and keep the financial eligibility the same: 300%.

#### **DRAFT**: 04/29/20

Service Category	Is this a core service? If no, how does the service support access to core services & support clients achieving improved outcomes?	How does this service assist individuals not in care* to access primary care? *EIIHA: Early Identification of Individuals with HIV/AIDS seeks to identify the status- unaware and link them into care *Unmet Need: Individuals diagnosed with HIV but with no evidence of care for 12 months *Continuum of Care: The continuum of interventions that begins with outreach and testing and concludes with HIV viral load suppression is generally referred to as the Continuum of HIV Care or Care Treatment Cascade.	Documentation of Need (Sources of Data include: 2020 Needs Assessment, 2017-2021 Comp Plan, 2016 Ending the HIV Epidemic Plan, 2018 Outcome Measures, 2018 Chart Reviews, Special Studies and surveys, etc.) Which populations experience disproportionate need for and/or barriers to accessing this service?	Identify non-Ryan White Part A, Part B/ non-State Services, or Ending the HIV Epidemic initiative funding sources to identify if there is duplicate funding or the need to fill in a gap. (i.e., Alternative Funding Sources) Is this service typically covered under a Qualified Health Plan (QHP)?	Justify the use of Ryan White Part A, Part B and State Services funds for this service. Is this a duplicative service or activity?	Service Efficiency Can we make this service more efficient? For: a) Clients b) Providers Can we bundle this service? Has a recent capacity issue been identified?	Recommendation(s)

		Continuum of Care: Transportation supports linkage, maintenance/retention in care, and viral suppression by helping PLWH attend HIV primary care visits, and other vital services.	(4% decrease v. 2018) <u>Outcomes (FY2018)</u> : 64% of clients accessed primary care at least once after using van transportation; and 35% of clients accessed primary care after using bus pass services. <u>Pops. with difficulty accessing</u> <u>needed services</u> : Females (sex at birth), Other / multiracial, White, Homeless, OOC, RR		<ul> <li>care, thereby contributing to EIIHA goals and preventing unmet need</li> <li>Facilitates national, state, and local goals related to continuous HIV care and reducing unmet need</li> <li>Is this a duplicative service or activity?</li> <li>This service is funded locally by other public sources for (1) specific Special Populations (e.g., WICY), and (2) those meeting income, disability, and/or age-related eligibility criteria.</li> </ul>		

<sup>‡</sup> Service Category for Part B/State Services only.

Service Category	Justification for Discontinuing the Service			
-	ut not offered by Part A, Part B or State Services funding in the Houston EMA/HSDA as of 03-17-20 b be considered for funding, a New Idea Form must be submitted to the Office of Support for the Ryan White Planning Council no later than <u>5 p.m. on May 4, 2020</u> . Support: 832 927-7926)			
Buddy Companion/Volunteerism	Low use, need and gap according to the 2002 Needs Assessment (NA).			
<b>Childcare Services</b> (In Home Reimbursement; at Primary Care sites)	Primary care sites have alternative funding to provide this service so clients will continue to receive the service through alternative sources.			
Food Pantry (Urban)	Service available from alternative sources.			
HE/RR	In order to eliminate duplication, eliminate this service but strengthen the patient education component of primary care.			
Home and Community-based Health Services (In-home services)	Category unfunded due to difficulty securing vendor.			
Housing Assistance (Emergency rental assistance) Housing Related Services (Housing Coordination)	According to the HOPWA representative, they provide significant funding for emergency rent and utility assistance. (See City Council approved allocations.) But, HOPWA does not give emergency shelter vouchers because they feel there are shelters for this purpose and because it is more prudent to use limited resources to provide long-term housing.			
Minority Capacity Building Program	The Capacity Building program targeted to minority substance abuse providers was a one-year program in FY2004.			
<b>Psychosocial Support Services</b> (Counseling/Peer)	Duplicates patient education program in primary care and case management. The boundary between peer and client gets confusing and difficult to supervise. Not cost effective, costs almost as much per client as medical services.			
Rehabilitation	Service available from alternative sources.

FY 2020 Houston EMA Ryan White Part A/MAI Service Definition Comprehensive Outpatient Primary Medical Care including Medical Case Management, Service Linkage, Outreach, Emergency Financial Assistance - Pharmacy Assistance and Local Pharmacy Assistance Program (LPAP) Services		
HRSA Service Category Title: RWGA Only	<ol> <li>Outpatient/Ambulatory Medical Care</li> <li>Medical Case Management</li> <li>AIDS Pharmaceutical Assistance (local)</li> <li>Case Management (non-Medical)</li> <li>Emergency Financial Assistance – Pharmacy Assistance</li> <li>Outreach</li> </ol>	
Local Service Category Title:	Adult Comprehensive Primary Medical Care - CBOi.Community-based Targeted to African Americanii.Community-based Targeted to Hispaniciii.Community-based Targeted to White/MSM	
Amount Available: <b>RWGA Only</b>	Total estimated available funding: <u>\$0.00</u> (to be determined) Note: The Houston Ryan White Planning Council (RWPC) determines overall annual Part A and MAI service category allocations & reallocations. RWGA has sole authority over contract award amounts.	
Target Population:	<ul> <li>Comprehensive Primary Medical Care – Community Based: <ol> <li>Targeted to African American: African American ages 13 or older</li> <li>Targeted to Hispanic: Hispanic ages 13 or older</li> <li>Targeted to White: White (non-Hispanic) ages 13 or older</li> </ol> </li> <li>Outreach: Services will be available to eligible HIV-infected clients residing in the Houston EMA/HSDA with priority given to clients most in need. Services are restricted to those clients who meet the contractor's RWGA approved Outreach Inclusion Criteria. The Outreach Inclusion Criteria components must include, at minimum 2 consecutive missed primary care provider and/or HIV lab appointments. Outreach Inclusion Criteria may also include VL suppression, substance abuse, and ART treatment failure components.</li></ul>	
Client Eligibility: Age, Gender, Race, Ethnicity, Residence, etc.	PLWHA residing in the Houston EMA (prior approval required for non-EMA clients). Contractor must adhere to Targeting requirements and Budget limitations as applicable.	
Financial Eligibility:	See Current Approved Financial Eligibility for Houston EMA/HSDA	

Budget Type: RWGA	Hybrid Fee for Service
Only	
Budget Requirement or Restrictions: <b>RWGA Only</b>	<b>Primary Medical Care:</b> No less than 75% of clients served in a Targeted subcategory must be members of the targeted population with the following exceptions:
	100% of clients served with MAI funds must be members of the targeted population.
	10% of funds designated to primary medical care must be reserved for invoicing diagnostic procedures at actual cost.
	Contractors may not exceed the allocation for each individual service component (Primary Medical Care, Medical Case Management, Local Pharmacy Assistance Program and Service Linkage) without prior approval from RWGA.
	Local Pharmacy Assistance Program (LPAP): Houston RWPC guidelines for Local Pharmacy Assistance Program (LPAP) services: Contractor shall offer HIV medications from an approved formulary for a total not to exceed \$18,000 per contract year per client. Contractor shall offer HIV-related medications for a total not to exceed \$3,000 per contract year per client. These guidelines are determined by the RWPC. The RWPC determines the subcategories that shall include Ryan White LPAP funding.
	Medications must be provided in accordance with Houston EMA guidelines, HRSA/HAB rules and regulations and applicable Office of Pharmacy Affairs 340B guidelines.
	At least 75% of the total amount of the budget for LPAP services must be solely allocated to the actual cost of medications and may not include any storage, administrative, processing or other costs associated with managing the medication inventory or distribution.
	<b>Emergency Financial Assistance – Pharmacy Assistance</b> Direct cash payments to clients are not permitted. It is expected that all other sources of funding in the community for emergency financial assistance will be effectively used and that any allocation of RWHAP funds for these purposes will be as the payer of last resort, and for limited amounts, uses, and periods of time. Continuous provision of an allowable service to a client should not be funded through emergency financial assistance.
	Outreach

	Outreach services are restricted to those patients who have not returned for scheduled appointments with Provider as outlined in the RWGA approved Outreach Inclusion Criteria, and are included on the Outreach list.
Service Unit Definition/s: RWGA Only	<ul> <li>included on the Outreach list.</li> <li>Outpatient/Ambulatory Medical Care: One (1) unit of service = One (1) primary care office/clinic visit which includes the following:</li> <li>Primary care physician/nurse practitioner, physician's assistant or clinical nurse specialist examination of the patient, and</li> <li>Medication/treatment education</li> <li>Medication access/linkage</li> <li>OB/GYN specialty procedures (as clinically indicated)</li> <li>Nutritional assessment (as clinically indicated)</li> <li>Laboratory (as clinically indicated, not including specialized tests)</li> <li>Radiology (as clinically indicated, not including CAT scan or MRI)</li> <li>Eligibility verification/screening (as necessary)</li> <li>Follow-up visits wherein the patient is not seen by the MD/NP/PA are considered to be a component of the original primary care visit.</li> <li>Outpatient Psychiatric Services: 1 unit of service = A single</li> </ul>
	<ul> <li>(1) office/clinic visit wherein the patient is seen by a State licensed and board-eligible Psychiatrist or qualified Psychiatric Nurse Practitioner. This visit may or may not occur on the same date as a primary care office visit.</li> <li>Nutritional Assessment and Plan: 1 unit of service = A single comprehensive nutritional assessment and treatment plan performed by a Licensed, Registered Dietician initiated upon a physician's order. Does not include the provision of Supplements or other products (clients may be referred to the Ryan White funded Medical Nutritional Therapy provider for provision of medically necessary supplements). The nutritional assessment visit may or may not occur on the same date as a medical office visit.</li> <li>AIDS Pharmaceutical Assistance (local): A unit of service = a transaction involving the filling of a prescription or any other allowable medication need ordered by a qualified medical practitioner. The transaction will involve at least one item being provided for the client, but can be any multiple. The cost of medications provided to the client must be invoiced at actual cost.</li> <li>Medical Case Management: 1 unit of service = 15 minutes of direct medical case manager.</li> <li>Service Linkage (non-Medical Case Management): 1 unit of service to an eligible</li> </ul>

HRSA Service Category Definition: <b>RWGA Only</b>	•	eligible PLWHA performed by a qualified service linkage worker. Outreach: 15 Minutes = 1 Unit Emergency Financial Assistance – Pharmacy Assistance: A unit of service = a transaction involving the filling of a prescription or any other allowable HIV treatment medication need ordered by a qualified medical practitioner. The transaction will involve at least one item being provided for the client, but can be any multiple. The cost of medications provided to the client must be invoiced at actual cost. <b>Outpatient/Ambulatory medical care</b> is the provision of professional diagnostic and therapeutic services rendered by a physician, physician's assistant, clinical nurse specialist, or nurse practitioner in an outpatient setting. Settings include clinics, medical offices, and mobile vans where clients generally do not stay overnight. Emergency room services are not outpatient settings. Services includes diagnostic testing, early intervention and risk assessment, preventive care and screening, practitioner examination, medical history taking,
		diagnosis and treatment of common physical and mental conditions, prescribing and managing medication therapy, education and counseling on health issues, well-baby care, continuing care and management of chronic conditions, and referral to and provision of specialty care (includes all medical subspecialties). Primary medical care for the treatment of HIV infection includes the provision of care that is consistent with the Public Health Service's guidelines. Such care must include access to antiretroviral and other drug therapies, including prophylaxis and treatment of opportunistic infections and combination antiretroviral therapies.
	•	<b>AIDS Pharmaceutical Assistance (local)</b> includes local pharmacy assistance programs implemented by Part A or Part B Grantees to provide HIV/AIDS medications to clients. This assistance can be funded with Part A grant funds and/or Part B base award funds. Local pharmacy assistance programs are not funded with ADAP earmark funding.
	•	<b>Medical Case Management</b> services (including treatment adherence) are a range of client-centered services that link clients with health care, psychosocial, and other services. The coordination and follow-up of medical treatments is a component of medical case management. These services ensure timely and coordinated access to medically appropriate levels of health and support services and continuity of care, through ongoing assessment of the client's and other key family members' needs and personal support systems. Medical case management includes the provision of treatment adherence counseling to ensure readiness for, and adherence

	to, complex HIV/AIDS treatments. Key activities include (1) initial assessment of service needs; (2) development of a comprehensive, individualized service plan; (3) coordination of services required to implement the plan; (4) client monitoring to assess the efficacy of the plan; and (5) periodic re-evaluation and adaptation of the plan as necessary over the life of the client. It includes client-specific advocacy and/or review of utilization of services. This includes all types of case management including face-to-face, phone contact, and any other forms of communication.
	• Case Management (non-Medical) includes the provision of advice and assistance in obtaining medical, social, community, legal, financial, and other needed services. Non-medical case management does not involve coordination and follow-up of medical treatments, as medical case management does.
	• Emergency Financial Assistance provides limited one-time or short-term payments to assist the RWHAP client with an emergent need for paying for essential utilities, housing, food (including groceries, and food vouchers), transportation, and medication. Emergency financial assistance can occur as a direct payment to an agency or through a voucher program.
	• Outreach Services include the provision of the following three activities: Identification of people who do not know their HIV status and linkage into Outpatient/Ambulatory Health Services, Provision of additional information and education on health care coverage options, Reengagement of people who know their status into Outpatient/Ambulatory Health Services
Standards of Care:	Contractors must adhere to the most current published Part A/B Standards of Care for the Houston EMA/HSDA. Services must meet or exceed applicable United States Department of Health and Human Services (DHHS) guidelines for the Treatment of HIV/AIDS.
Local Service Category Definition/Services to be Provided:	<b>Outpatient/Ambulatory Primary Medical Care:</b> Services include on-site physician, physician extender, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication education, and patient care coordination. The Contractor must provide continuity of care with inpatient services and subspecialty services (either on-site or through specific referral to appropriate medical provider upon primary care Physician's order).
	Services provided to women shall further include OB/GYN physician & physician extender services on-site or by referral, OB/GYN services, colposcopy, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication/women's health

<b>T</b>
education, patient care coordination, and social services. The
Contractor must provide continuity of care with inpatient services
and subspecialty services (either on-site or through specific referral
protocols to appropriate agencies upon primary care Physician's
order).
Outpatient/Ambulatory Primary Medical Care must provide:
• Continuity of care for all stages of adult HIV infection;
Laboratory and pharmacy services including intravenous
medications (either on-site or through established referral
systems);
• Outpatient psychiatric care, including lab work necessary for
the prescribing of psychiatric medications when appropriate
(either on-site or through established referral systems);
• Access to the Texas ADAP program (either on-site or through
established referral systems);
• Access to compassionate use HIV medication programs (either
directly or through established referral systems);
• Access to HIV related research protocols (either directly or
through established referral systems);
• Must at a minimum, comply with Houston EMA/HSDA Part
A/B Standards for HIV Primary Medical Care. The Contractor
must demonstrate on an ongoing basis the ability to provide
state-of-the-art HIV-related primary care medicine in
accordance with the most recent DHHS HIV treatment
guidelines. Rapid advances in HIV treatment protocols require
that the Contractor provide services that to the greatest extent
possible maximize a patient's opportunity for long-term
survival and maintenance of the highest quality of life
possible.
• On-site Outpatient Psychiatry services.
On-site Medical Case Management services.
On-site Medication Education.
<ul> <li>Physical therapy services (either on-site or via referral).</li> </ul>
<ul> <li>Specialty Clinic Referrals (either on-site or via referral).</li> </ul>
<ul> <li>On-site pelvic exams as needed for female patients with</li> </ul>
appropriate follow-up treatment and referral.
<ul> <li>On site Nutritional Counseling by a Licensed Dietitian.</li> </ul>
- On she reactional Counsening by a Electised Dictutali.
Services for women must also provide:
<ul> <li>Well woman care, including but not limited to: PAP, pelvic</li> </ul>
exam, HPV screening, breast examination, mammography,
hormone replacement and education, pregnancy testing,
contraceptive services excluding birth control medications.
<ul> <li>Obstetric Care: ante-partum through post-partum services,</li> </ul>
child birth/delivery services. Perinatal preventative education
and treatment.

<ul> <li>On-site or by referral Colposcopy exams as needed, performed by an OB/GYN physician, or physician extender with a colposcopy provider qualification.</li> <li>Social services, including but not limited to, providing women access to child care, transportation vouchers, food vouchers and support groups at the clinic site.</li> <li>Nutritional Assessment: Services include provision of information about therapeutic nutritional/supplemental foods that are beneficial to the wellness and increased health conditions of clients by a Licensed Dietitian. Services may be provided either through educational or counseling sessions. Clients who receive these services may utilize the Ryan White Part A-funded nutritional supplements in accordance with program rules. Clients are limited to one (1) nutritional assessment per calendar year without prior approval of RWGA.</li> </ul>
<ul> <li>Patient Medication Education Services must adhere to the following requirements:</li> <li>Medication Educators must be State Licensed Medical Doctor (MD), Nurse Practitioner (NP), Physician Assistant PA), Nurse (RN, LVN) or Pharmacist. Prior approval must be obtained prior to utilizing any other health care professional not listed above to provide medication education.</li> <li>Clients who will be prescribed ongoing medical regimens (i.e. ART) must be assessed for adherence to treatment at every clinical encounter using the EMA's approved adherence assessment tool. Clients with adherence issues related to lack of understanding must receive more education regarding their medical regimen. Clients with adherence issues that are behavioral or involve mental health issues must be provided counseling by the Medical Case Manager, Physician or Physician Extender and/or licensed nursing staff and, if clinically indicated, assessment and treatment by a qualified Psychiatric Services:</li> </ul>
<ul> <li>The program must provide:</li> <li>Diagnostic Assessments: comprehensive evaluation for identification of psychiatric disorders, mental status evaluation, differential diagnosis which may involve use of other clinical and laboratory tests, case formulation, and treatment plans or disposition.</li> <li>Emergency Psychiatric Services: rapid evaluation, differential diagnosis, acute treatment, crisis intervention, and referral. Must be available on a 24 hour basis including emergency room referral.</li> </ul>

<ul> <li>Brief Psychotherapy: individual, supportive, group, couple, family, hypnosis, biofeedback, and other psychophysiological treatments and behavior modification.</li> <li>Psychopharmacotherapy: evaluation and medication treatment of psychiatric disorders, including, but not limited to, anxiety disorders, major depression, pain syndromes, habit control problems, psychosis and organic mental disorders.</li> <li>Rehabilitation Services: Physical, psychosocial, behavioral, and/or cognitive training.</li> </ul>
Screening for Eye Disorders: Contractor must ensure that patients receive appropriate screening and treatment for CMV, glaucoma, cataracts, and other related problems.
Local Medication Assistance Program (LPAP): LPAP provides pharmaceuticals to patients otherwise ineligible for medications through private insurance, Medicaid/Medicare, State ADAP, SPAP or other sources. Allowable medications are only those on the Houston EMA Ryan White Part A Formulary. Eligible clients may be provided Fuzeon <sup>™</sup> on a case-by-case basis with prior approval of Ryan White Grant Administration (RWGA). The cost of Fuzeon <sup>™</sup> does not count against a client's annual maximum. HIV- related medication services are the provision of physician or physician-extender prescribed HIV-related medications to prevent serious deterioration of health. Does not include drugs available to the patient from other programs or payers or free of charge (such as birth control and TB medications) or medications available over the counter (OTC) without prescription.
Contractor must offer all medications on the Texas ADAP formulary, for a total not to exceed \$18,000.00 per contract year per client. Contractor must provide allowable HIV-related medications (i.e. non-HIV medications) for a total not to exceed \$3,000 per contract year per client. Contractor may be reimbursed ADAP dispensing fees (e.g. \$5/Rx) in accordance with RWGA business rules for those ADAP clients who are unable to pay the ADAP dispensing fee.
Medical Case Management Services: Services include screening all primary medical care patients to determine each patient's level of need for Medical Case Management services, performing a comprehensive assessment, including an assessment of the patient's health literary, and developing a medical service plan for each client that demonstrates a documented need for such services, monitoring medical service plan to ensure its implementation, and educating client regarding wellness, medication and health care appointment adherence. The Medical Case Manager serves as an advocate for the client and as a liaison with medical providers on behalf of the client. The Medical Case Manager ensures linkage to

mental health, substance abuse and other client services as indicated by the medical service plan.

Service Linkage: The purpose of Service Linkage is to assist clients with the procurement of needed services so that the problems associated with living with HIV are mitigated. Service Linkage is a working agreement between a client and a Service Linkage Worker for an indeterminate period, based on client need, during which information, referrals and service linkage are provided on an as-needed basis. Service Linkage assists clients who do not require the intensity of Medical Case Management per RWGA Quality Management guidelines. Service Linkage is both office-based and field based. Service Linkage Workers are expected to coordinate activities with referral sources where newlydiagnosed or not-in-care PLWHA may be identified, including 1:1 case conferences with testing site personnel to ensure the successful transition of referrals into Primary Care Services. Such incoming referral coordination includes meeting prospective clients at the referring Provider location in order to develop rapport with individuals prior to the individual's initial Primary Care appointment and ensuring such new intakes to Primary Care services have sufficient support to make the often difficult transition into ongoing primary medical care. Service Linkage also includes follow-up to re-engage lost-to-care patients. Lost-to-care patients are those patients who have not returned for scheduled appointments with Provider nor have provided Provider with updated information about their current Primary Medical Care provider (in the situation where patient may have obtained alternate service from another medical provider). Contractor must document efforts to re-engage lost-to-care patients prior to closing patients in the CPCDMS. Service Linkage extends the capability of existing programs by providing "hands-on" outreach and linkage to care services to those PLWHA who are not currently accessing primary medical care services. Service Linkage includes the issuance of bus pass vouchers and gas cards per published RWGA guidelines. Service Linkage complements and extends the service delivery capability of Medical Case Management services.

**Outreach**: Providing allowable Ryan White Program outreach and service linkage activities to PLWHA who know their status but are not actively engaged in outpatient primary medical care with information, referrals and assistance with medical appointment setting, mental health, substance abuse and psychosocial services as needed; advocating on behalf of clients to decrease service gaps and remove barriers to services helping clients develop and utilize independent living skills and strategies. Assist clients in obtaining needed resources, including bus pass vouchers and gas cards per published HCPH/RWGA policies. Outreach services must be conducted at times and in places where there is a high probability

	that individuals with HIV infection will be contacted, designed to provide quantified program reporting of activities and outcomes to accommodate local evaluation of effectiveness, planned and delivered in coordination with local and state HIV prevention outreach programs to avoid duplication of effort, targeted to populations known, through review of clinic medical records, to be at disproportionate risk of disengagement with primary medical care services.
	<b>Emergency Financial Assistance – Pharmacy Assistance</b> provides limited one-time and/or short-term 30-day supply of pharmaceuticals to patients otherwise ineligible for medications through private insurance, Medicaid/Medicare, State ADAP, SPAP or other sources. One refill for up to 30-day supply available with RWGA prior approval. Allowable medications are only those on the Houston EMA Ryan White Part A Formulary. HIV-related medication services are the provision of physician or physician- extender prescribed medications to prevent serious deterioration of health. Does not include drugs available to the patient from other programs or payers or free of charge or medications available over the counter (OTC) without prescription. Contractor must offer all medications on the Texas ADAP formulary.
Agency Requirements:	Providers and system must be Medicaid/Medicare certified.
	<b>Eligibility and Benefits Coordination:</b> Contractor must implement consumer-friendly, culturally and linguistically appropriate new and ongoing patient eligibility verification and benefit coordination processes that ensure accountability with Ryan White Payer of Last Resort requirements while achieving maximum utilization of eligible benefits. Eligibility processes should provide clients with a meaningful understanding of their benefits, expected out-of-pocket expenses and other information needed to ensure full and continued participation in care.
	LPAP and EFA – Pharmacy Assistance Services: Contractor must: Provide pharmacy services on-site or through an established contractual relationship that meets all requirements. Alternate (off- site) approaches must be approved prior to implementation by RWGA.
	Either directly, or via subcontract with an eligible 340B Pharmacy program entity, must:
	Ensure a comprehensive financial intake application to determine client eligibility for this program to insure that these funds are used as a last resort for purchase of medications.

<ul> <li>Ensure the documented capability of interfacing with the Texas HIV Medication Program operated by the Texas Department of State Health Services. This capability must be fully documented and is subject to independent verification by RWGA.</li> <li>Ensure medication assistance provided to clients does not duplicate services already being provided in the Houston area. The process for accomplishing this must be fully documented and is subject to independent verification by RWGA.</li> <li>Ensure, either directly or via a 340B Pharmacy Program Provider, at least 2 years of continuous documented experience in providing HIV/AIDS medication programs utilizing Ryan White Program or similar public sector funding. This sexperience must be documented and is subject to independent verification by RWGA.</li> <li>Ensure all medications are purchased via a qualified participant in the federal 340B Drug Pricing Program and Prime Vendor Program, administered by the HRSA Office of Pharmacy Affairs. Note: failure to maintain 340B or Prime Vendor drug pricing may result in a negative audit finding, cost disallowance or termination of contract awarded. Contractor must maintain 340B program participation throughout the contract term. All eligible medications must be purchased in accordance with Program 340B guidelines and program nequirements.</li> <li>Ensure Houston area HIV/AIDS service providers are informed of this program and how the client referral and enrollment processes functions. C. C.D.	
Staff Requirements:	Contractor is responsible for ensuring that services are provided by State licensed internal medicine and OB/GYN physicians, specialty care physicians, psychiatrists, registered nurses, nurse practitioners, vocational nurses, pharmacists, physician assistants, clinical nurse specialists, physician extenders with a colposcopy provider qualification, x-ray technologists, State licensed dieticians, licensed social worker and ancillary health care providers in accordance with appropriate State licensing and/or certification requirements and with knowledge and experience of HIV disease. In addition, Contractor must ensure the following staff requirements are met:
	Ontrational Develoption Complete Director of the Dreamon must
	<b>Outpatient Psychiatric Services:</b> Director of the Program must be a Board Certified Psychiatrist. Licensed and/or Certified allied health professionals (Licensed Psychologists, Physicians, Psychiatric Nurse Practitioners, Licensed Master Social Workers, Licensed Professional Counselors, Licensed Marriage and Family Therapists, Certified Alcohol and Drug Abuse Counselors, etc.) must be used in all treatment modalities. Documentation of the Director's credentials, licensures and certifications must be included in the proposal. Documentation of the Allied Health professional licensures and certifications must be included in the proposal appendices.
	<b>Medication and Adherence Education:</b> The program must utilize an RN, LVN, PA, NP, pharmacist or MD licensed by the State of Texas, who has at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care, to provide the educational services. Licensed social workers who have at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care may also provide adherence education and counseling.
	<b>Nutritional Assessment (primary care):</b> Services must be provided by a licensed registered dietician. Dieticians must have a minimum of two (2) years of experience providing nutritional assessment and counseling to PLWHA.
	<b>Medical Case Management:</b> The program must utilize a state licensed Social Worker to provide Medical Case Management Services. The Contractor must maintain the assigned number of Medical Case Management FTEs throughout the contract term. <b>Contractor must provide to RWGA the names of each Medical</b> <b>Case Manager and the individual assigned to supervise those</b> <b>Medical Case Managers within 30 days of start of grant year,</b> <b>and thereafter within 15 days after hire.</b>
	<b>Service Linkage:</b> The program must utilize Service Linkage Workers who have at a minimum a Bachelor's degree from an accredited college or university with a major in social or behavioral sciences. Documented paid work experience in providing client

	services to PLWHA may be substituted for the Bachelor's degree requirement on a 1:1 basis (1 year of documented paid experience may be substituted for 1 year of college). All Service Linkage Workers must have a minimum of one (1) year paid work experience with PLWHA. Contractor must maintain the assigned number of Service Linkage FTEs throughout the contract term. <b>Contractor must provide to RWGA the names of each Service Linkage Worker and the individual assigned to supervise those Service Linkage Workers within 30 days of start of grant year, and thereafter within 15 days after hire.</b>
	<b>Supervision of Case Managers:</b> The Service Linkage Workers and Medical Case Managers must function within the clinical infrastructure of Contractor and receive ongoing supervision that meets or exceeds Houston EMA/HSDA Part A/B Standards of Care for Service Linkage and Medical Case Management as applicable. An MCM may supervise SLWs.
Special Requirements:	All primary medical care services must meet or exceed current United States DHHS Treatment Guidelines for the treatment and management of HIV disease.
	Contractor must provide all required program components - Primary Medical Care, Medical Case Management, Service Linkage (non-medical Case Management) and Local Pharmacy Assistance Program (LPAP) services.
	<b>Primary Medical Care Services:</b> Services funded under this grant cannot be used to supplant insurance or Medicare/Medicaid reimbursements for such services. Clients eligible for such reimbursement may not be billed to this contract. Medicare and private insurance co-payments may be eligible for reimbursement under Ryan White Health Insurance Assistance (HINS) program guidelines. Patients needing such assistance should be referred to the local Ryan White-funded HINS provider for assistance. Under no circumstances may the Contractor bill the County for the difference between the reimbursement from Medicaid, Medicare or Third Party insurance and the fee schedule under the contract. Furthermore, potential clients who are Medicaid/Medicare eligible or have other Third Party payers may not be denied services or referred elsewhere by the Contractor based on their reimbursement status (i.e. Medicaid/Medicare eligible clients may not be referred elsewhere in order that non-Medicaid/Medicare eligible clients may be added to the contract). Failure to serve Medicaid/Medicare eligible clients based on their reimbursement status will be grounds for the immediate termination of contract.

For primary medical care services targeted to the Latino community at least 50% of the clinical care team must be fluent in Spanish.

**Diagnostic Procedures:** A single Diagnostic Procedure limited to procedures on the approved list of diagnostic procedures (see below) without prior County approval. Approved diagnostic procedures will be reimbursed at invoice cost. Part A and Part A/MAI-funded programs must refer to the RWGA website for the most current list of approved diagnostic procedures and corresponding codes: www.hcphes.org/rwga. **Diagnostic procedures not listed on the website must have prior approval by RWGA.** 

**Outpatient Psychiatric Services:** Client must not be eligible for services from other programs/providers or any other reimbursement source (i.e. Medicaid, Medicare, private insurance) unless the client is in crisis and cannot be provided immediate services from the other programs/providers. In this case, clients may be provided services, as long as the client applies for the other programs/providers, until the other programs/providers can take over services. Program must be supervised by a Psychiatrist and include diagnostic assessments, emergency evaluations and psycho-pharmacotherapy.

Maintaining Referral Relationships (Point of Entry Agreements): Contractor must maintain appropriate relationships with entities that constitute key points of access to the health care system for individuals with HIV disease, including but not limited to, Harris Health System and other Houston EMA-located emergency rooms, Harris County Jail, Texas Department of Criminal Justice incarceration facilities, Immigration detention centers, substance abuse treatment and detoxification programs, adult and juvenile detention facilities, Sexually Transmitted Disease clinics, federally qualified health centers (FQHC), HIV disease counseling and testing sites, mental health programs and homeless shelters. These referral relationships must be documented with written collaborative agreements, contracts or memoranda of understanding between Contractor and appropriate point of entry entities and are subject to audit by RWGA. Contractor and POE entity staff must regularly (e.g. weekly, bi-weekly depending on volume of referrals) meet 1:1 to discuss new referrals to primary medical care services. Such case conferences must be documented in the client record and properly entered into the CPCDMS.

Use of CPCDMS Data System: Contractor must comply with CPCDMS business rules and procedures. Contractor must enter into the CPCDMS all required clinical data, including but not limited to, HAART treatment including all changes in medication regimens, Opportunistic Infections, screening and treatment for STDs and Hepatitis A, B, C and other clinical screening and treatment data required by HRSA, TDSHS and the County. <u>Contractor must perform Registration updates in accordance with</u> <u>RWGA CPCDMS business rules for all clients wherein Contractor</u> is client's CPCDMS record-owning agency. Contractor must utilize an electronic verification system to verify insurance/3rd party payer status monthly or per visit (whichever is less frequent).

**Bus Pass Distribution:** The County will provide Contractor with METRO bus pass vouchers. Bus Pass vouchers must be distributed in accordance with RWGA policies and procedures, standards of care and financial eligibility guidelines. Contractor may only issue METRO bus pass vouchers to clients wherein the Contractor is the CPCDMS record owning Contractor. METRO bus pass vouchers shall be distributed as follows:

**Expiration of Current Bus Pass:** In those situation wherein the bus pass expiration date does not coincide with the CPCDMS registration update the Contractor must distribute METRO bus pass vouchers to eligible clients upon the expiration of the current bus pass or when a Value-based bus card has been expended on eligible transportation needs. Contractor may issue METRO bus passes to eligible clients living outside the METRO service area in those situations where the Contractor has documented in the client record that the client will utilize the METRO system to access needed HIV-related health care services located in the METRO service area.

**Gas Cards:** Primary Medical Care Contractors must distribute gasoline vouchers to eligible clients residing in the rural service area in accordance with RWGA policies and procedures, standards of care and financial eligibility guidelines. Gas Cards are only available to Rural primary medical care Contractors without prior approval by RWGA.

Comprehensive Outpat	ouston EMA Ryan White Part A/MAI Service Definition ient Primary Medical Care including Medical Case Management, and Local Pharmacy Assistance Program (LPAP) Services
HRSA Service Category Title: RWGA Only	<ol> <li>Outpatient/Ambulatory Medical Care</li> <li>Medical Case Management</li> <li>AIDS Pharmaceutical Assistance (local)</li> <li>Case Management (non-Medical)</li> <li>Emergency Financial Assistance – Pharmacy Assistance</li> <li>Outreach</li> </ol>
Local Service Category Title:	Adult Comprehensive Primary Medical Care i. Targeted to Public Clinic ii. Targeted to Women at Public Clinic
Amount Available: RWGA Only	<ul> <li>Total estimated available funding: <u>\$0.00</u> (to be determined)</li> <li>1. Primary Medical Care: <u>\$0.00</u> (including MAI) <ul> <li>i. Targeted to Public Clinic: <u>\$0.00</u></li> <li>ii. Targeted to Women at Public Clinic: <u>\$0.00</u></li> </ul> </li> <li>2. LPAP <u>\$0.00</u></li> <li>3. Medical Case Management: <u>\$0.00</u> <ul> <li>i. Targeted to Public Clinic: <u>\$0.00</u></li> <li>ii. Targeted to Public Clinic: <u>\$0.00</u></li> <li>ii. Targeted to Women at Public Clinic: <u>\$0.00</u></li> </ul> </li> <li>4. Service Linkage: <u>\$0.00</u></li> <li>Note: The Houston Ryan White Planning Council (RWPC) determines annual Part A and MAI service category allocations &amp; reallocations. RWGA has sole authority over contract award amounts.</li> </ul>
Target Population:	Comprehensive Primary Medical Care – Community Based i. Targeted to Public Clinic ii. Targeted to Women at Public Clinic <b>Outreach:</b> Services will be available to eligible HIV-infected clients residing in the Houston EMA/HSDA with priority given to clients most in need. Services are restricted to those clients who meet the contractor's RWGA approved Outreach Inclusion Criteria. The Outreach Inclusion Criteria components must include, at minimum 2 consecutive missed primary care provider and/or HIV lab appointments. Outreach Inclusion Criteria may also include VL suppression, substance abuse, and ART treatment failure components.

Client Eligibility: Age, Gender, Race, Ethnicity, Residence, etc.	PLWHA residing in the Houston EMA (prior approval required for non-EMA clients). Contractor must adhere to Targeting requirements and Budget limitations as applicable.
Financial Eligibility:	See Current Year Approved Financial Eligibility for Houston EMA/HSDA
Budget Type: RWGA Only	Hybrid Fee for Service
Budget Requirement or Restrictions: <b>RWGA Only</b>	<ul> <li>Primary Medical Care:</li> <li>100% of clients served under the <i>Targeted to Women at Public Clinic</i> subcategory must be female</li> <li>10% of funds designated to primary medical care must be reserved for invoicing diagnostic procedures at actual cost.</li> <li>Contractors may not exceed the allocation for each individual service component (Primary Medical Care, Medical Case Management, Local Pharmacy Assistance Program and Service Linkage) without prior approval from RWGA.</li> <li>Local Pharmacy Assistance Program (LPAP):</li> <li>Houston RWPC guidelines for Local Pharmacy Assistance Program (LPAP) services: Contractor shall offer HIV medications from an approved formulary for a total not to exceed \$18,000 per contract year per client. Contractor shall offer HIV-related medications for a total not to exceed \$3,000 per contract year per client. These guidelines are determined by the RWPC. The RWPC determines the subcategories that shall include Ryan White LPAP funding.</li> <li>Medications must be provided in accordance with Houston EMA guidelines, HRSA/HAB rules and regulations and applicable Office of Pharmacy Affairs 340B guidelines.</li> <li>At least 75% of the total amount of the budget for LPAP services must be solely allocated to the actual cost of medications and may not include any storage, administrative, processing or other costs associated with managing the medication inventory or distribution.</li> </ul>
	<b>Emergency Financial Assistance – Pharmacy Assistance</b> Direct cash payments to clients are not permitted. It is expected that all other sources of funding in the community for emergency financial assistance will be effectively used and that any allocation of RWHAP funds for these purposes will be as the payer of last

	resort, and for limited amounts, uses, and periods of time. Continuous provision of an allowable service to a client should not be funded through emergency financial assistance. <b>Outreach</b> Outreach services are restricted to those patients who have not returned for scheduled appointments with Provider as outlined in the RWGA approved Outreach Inclusion Criteria, and are included on the Outreach list.
Service Unit Definition/s: <b>RWGA Only</b>	<ul> <li>Outpatient/Ambulatory Medical Care: One (1) unit of service         <ul> <li>One (1) primary care office/clinic visit which includes the following:</li> </ul> </li> <li>Primary care physician/nurse practitioner, physician's assistant or clinical nurse specialist examination of the patient, and</li> <li>Medication/treatment education</li> <li>Medication access/linkage</li> <li>OB/GYN specialty procedures (as clinically indicated)</li> <li>Nutritional assessment (as clinically indicated)</li> <li>Laboratory (as clinically indicated, not including specialized tests)</li> <li>Radiology (as clinically indicated, not including CAT scan or MRI)</li> <li>Eligibility verification/screening (as necessary)</li> <li>Follow-up visits wherein the patient is not seen by the MD/NP/PA are considered to be a component of the original primary care visit.</li> <li>Outpatient Psychiatric Services: 1 unit of service = A single (1) office/clinic visit wherein the patient is seen by a State licensed and board-eligible Psychiatrist or qualified Psychiatric Nurse Practitioner. This visit may or may not occur on the same date as a primary care office visit.</li> <li>Medication Education: 1 unit of service = A single pharmacy visit wherein a Ryan White eligible client is provided medication education services by a qualified pharmacist. This visit may or may not occur on the same date as a primary care office visit. The visit must include at least one prescription medication Education visit may not exceed \$50.00 per visit. The visit must include at least one prescription medication per day, regardless of the number of prescription medications provided.</li> <li>Nutritional Assessment and Plan: 1 unit of service = A single comprehensive nutritional assessment and treatment plan performed by a Licensed, Registered Dietician initiated upon a physician's order. Does not include the provision of Supplements or other products (clients may be referred to the</li></ul>

	1	Dyan White funded Medical Nutritional Thereasy marridan for
	•	Ryan White funded Medical Nutritional Therapy provider for provision of medically necessary supplements). The nutritional assessment visit may or may not occur on the same date as a medical office visit. AIDS Pharmaceutical Assistance (local): A unit of service = a transaction involving the filling of a prescription or any other allowable medication need ordered by a qualified medical practitioner. The transaction will involve at least one item being provided for the client, but can be any multiple. The cost of medications provided to the client must be invoiced at actual
	•	cost. Medical Case Management: 1 unit of service = 15 minutes of direct medical case management services to an eligible PLWHA performed by a qualified medical case manager.
	•	Service Linkage (non-Medical Case Management): 1 unit of service = 15 minutes of direct service linkage services to an eligible PLWHA performed by a qualified service linkage worker.
	•	Outreach: 15 Minutes = 1 Unit Emergency Financial Assistance – Pharmacy Assistance: A unit of service = a transaction involving the filling of a prescription or any other allowable HIV treatment medication need ordered by a qualified medical practitioner. The transaction will involve at least one item being provided for the client, but can be any multiple. The cost of medications
		provided to the client must be invoiced at actual cost.
HRSA Service Category Definition: <b>RWGA Only</b>	•	<b>Outpatient/Ambulatory medical care</b> is the provision of professional diagnostic and therapeutic services rendered by a physician, physician's assistant, clinical nurse specialist, or nurse practitioner in an outpatient setting. Settings include clinics, medical offices, and mobile vans where clients generally do not stay overnight. Emergency room services are not outpatient settings. Services includes diagnostic testing, early intervention and risk assessment, preventive care and screening, practitioner examination, medical history taking, diagnosis and treatment of common physical and mental conditions, prescribing and managing medication therapy, education and counseling on health issues, well-baby care, continuing care and management of chronic conditions, and referral to and provision of specialty care (includes all medical subspecialties). Primary medical care for the treatment of HIV infection includes the provision of care that is consistent with the Public Health Service's guidelines. Such care must include access to antiretroviral and other drug therapies, including prophylaxis and treatment of opportunistic infections and combination antiretroviral therapies.
	•	AIDS Pharmaceutical Assistance (local) includes local pharmacy assistance programs implemented by Part A or Part

	<ul> <li>B Grantees to provide HIV/AIDS medications to clients. This assistance can be funded with Part A grant funds and/or Part B base award funds. Local pharmacy assistance programs are not funded with ADAP earmark funding.</li> <li>Medical Case Management services (including treatment adherence) are a range of client-centered services that link clients with health care, psychosocial, and other services. The coordination and follow-up of medical treatments is a component of medical case management. These services ensure timely and coordinated access to medically appropriate levels of health and support services and continuity of care, through ongoing assessment of the client's and other key family members' needs and personal support systems. Medical</li> </ul>
	adherence counseling to ensure readiness for, and adherence to, complex HIV/AIDS treatments. Key activities include (1) initial assessment of service needs; (2) development of a comprehensive, individualized service plan; (3) coordination of services required to implement the plan; (4) client monitoring to assess the efficacy of the plan; and (5) periodic re-evaluation and adaptation of the plan as necessary over the life of the client. It includes client-specific advocacy and/or review of utilization of services. This includes all types of case management including face-to-face, phone contact, and any other forms of communication.
	<ul> <li>Case Management (non-Medical) includes the provision of advice and assistance in obtaining medical, social, community, legal, financial, and other needed services. Non-medical case management does not involve coordination and follow-up of medical treatments, as medical case management does.</li> <li>Emergency Financial Assistance provides limited one-time or short-term payments to assist the RWHAP client with an emergent need for paying for essential utilities, housing, food (including groceries, and food vouchers), transportation, and medication. Emergency financial assistance can occur as a direct payment to an agency or through a voucher program.</li> <li>Outreach Services include the provision of the following three activities: Identification of people who do not know their HIV status and linkage into Outpatient/Ambulatory Health Services, Provision of additional information and education on health care coverage options, Reengagement of people who know their status into Outpatient/Ambulatory Health Services</li> </ul>
Standards of Care:	Contractors must adhere to the most current published Part A/B Standards of Care for the Houston EMA/HSDA. Services must meet or exceed applicable United States Department of Health and Human Services (DHHS) guidelines for the Treatment of HIV/AIDS.

Local Service Category Definition/Services to be Provided:	<b>Outpatient/Ambulatory Primary Medical Care:</b> Services include on-site physician, physician extender, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication education, and patient care coordination. The Contractor must provide continuity of care with inpatient services and subspecialty services (either on-site or through specific referral to appropriate medical provider upon primary care Physician's order). Services provided to women shall further include OB/GYN physician & physician extender services on-site or by referral, OB/GYN services, colposcopy, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication/women's health education, patient care coordination, and social services. The Contractor must provide continuity of care with inpatient services and subspecialty services (either on-site or through specific referral protocols to appropriate agencies upon primary care Physician's	
	<ul> <li>protocols to appropriate agencies upon primary care Physician's order).</li> <li>Outpatient/Ambulatory Primary Medical Care must provide: <ul> <li>Continuity of care for all stages of adult HIV infection;</li> <li>Laboratory and pharmacy services including intravenous medications (either on-site or through established referral systems);</li> <li>Outpatient psychiatric care, including lab work necessary for the prescribing of psychiatric medications when appropriate (either on-site or through established referral systems);</li> <li>Access to the Texas ADAP program (either on-site or through established referral systems);</li> <li>Access to compassionate use HIV medication programs (either directly or through established referral systems);</li> <li>Access to HIV related research protocols (either directly or through established referral systems);</li> <li>Must at a minimum, comply with Houston EMA/HSDA Part A/B Standards for HIV Primary Medical Care. The Contractor must demonstrate on an ongoing basis the ability to provide state-of-the-art HIV-related primary care medicine in accordance with the most recent DHHS HIV treatment</li> </ul> </li> </ul>	
	<ul> <li>accordance with the most recent DHHS HIV treatment guidelines. Rapid advances in HIV treatment protocols require that the Contractor provide services that to the greatest extent possible maximize a patient's opportunity for long-term survival and maintenance of the highest quality of life possible.</li> <li>On-site Outpatient Psychiatry services.</li> <li>On-site Medical Case Management services.</li> <li>On-site Medication Education.</li> <li>Physical therapy services (either on-site or via referral).</li> <li>Specialty Clinic Referrals (either on-site or via referral).</li> </ul>	

• On-site pelvic exams as needed for female patients with appropriate follow-up treatment and referral.
<ul> <li>On site Nutritional Counseling by a Licensed Dietitian.</li> </ul>
6 5
<ul> <li>Women's Services must also provide:</li> <li>Well woman care, including but not limited to: PAP, pelvic exam, HPV screening, breast examination, mammography, hormone replacement and education, pregnancy testing, contraceptive services excluding birth control medications.</li> <li>Obstetric Care: ante-partum through post-partum services, child birth/delivery services. Perinatal preventative education and treatment.</li> <li>On-site or by referral Colposcopy exams as needed, performed by an OB/GYN physician, or physician extender with a colposcopy provider qualification.</li> <li>Social services, including but not limited to, providing women access to child care, transportation vouchers, food vouchers and support groups at the clinic site;</li> </ul>
<b>Nutritional Assessment:</b> Services include provision of information about therapeutic nutritional/supplemental foods that are beneficial to the wellness and increased health conditions of clients by a Licensed Dietitian. Services may be provided either through educational or counseling sessions. Clients who receive these services may utilize the Ryan White Part A-funded nutritional supplement provider to obtain recommended nutritional supplements in accordance with program rules. Clients are limited to one (1) nutritional assessment per calendar year without prior approval of RWGA.
<ul> <li>Patient Medication Education Services must adhere to the following requirements:</li> <li>Medication Educators must be State Licensed Medical Doctor (MD), Nurse Practitioner (NP), Physician Assistant PA), Nurse (RN, LVN) or Pharmacist. Prior approval must be obtained prior to utilizing any other health care professional not listed above to provide medication education.</li> <li>Clients who will be prescribed ongoing medical regimens (i.e. ART) must be assessed for adherence to treatment at every clinical encounter using the EMA's approved adherence assessment tool. Clients with adherence issues related to lack of understanding must receive more education regarding their medical regimen. Clients with adherence issues that are behavioral or involve mental health issues must be provided counseling by the Medical Case Manager, Physician or Physician Extender and/or licensed nursing staff and, if</li> </ul>

alinically indicated assassment and treatment by a qualified
clinically indicated, assessment and treatment by a qualified Psychiatrist or Psychiatric Nurse Practitioner.
Outpatient Psychiatric Services:
<ul> <li>The program must provide:</li> <li>Diagnostic Assessments: comprehensive evaluation for identification of psychiatric disorders, mental status evaluation, differential diagnosis which may involve use of other clinical and laboratory tests, case formulation, and treatment plans or disposition.</li> <li>Emergency Psychiatric Services: rapid evaluation, differential diagnosis, acute treatment, crisis intervention, and referral. Must be available on a 24 hour basis including emergency room referral.</li> <li>Brief Psychotherapy: individual, supportive, group, couple, family, hypnosis, biofeedback, and other psychophysiological treatments and behavior modification.</li> <li>Psychopharmacotherapy: evaluation and medication treatment of psychiatric disorders, including, but not limited to, anxiety disorders, major depression, pain syndromes, habit control problems, psychosis and organic mental disorders.</li> <li>Rehabilitation Services: Physical, psychosocial, behavioral, and/or cognitive training.</li> </ul>
Screening for Eye Disorders: Contractor must ensure that patients receive appropriate screening and treatment for CMV, glaucoma, cataracts, and other related problems.
Local Medication Assistance Program (LPAP): LPAP provides pharmaceuticals to patients otherwise ineligible for medications through private insurance, Medicaid/Medicare, State ADAP, SPAP or other sources. Allowable medications are only those on the Houston EMA Ryan White Part A Formulary. Eligible clients may be provided Fuzeon <sup>™</sup> on a case-by-case basis with prior approval of Ryan White Grant Administration (RWGA). The cost of Fuzeon <sup>™</sup> does not count against a client's annual maximum. HIV- related medication services are the provision of physician or physician-extender prescribed HIV-related medications to prevent serious deterioration of health. Does not include drugs available to the patient from other programs or payers or free of charge (such as birth control and TB medications) or medications available over the counter (OTC) without prescription.
Contractor must offer all medications on the Texas ADAP formulary, for a total not to exceed \$18,000.00 per contract year per client. Contractor must provide allowable HIV-related medications (i.e. non-HIV medications) for a total not to exceed \$3,000 per contract year per client. Contractor may be reimbursed ADAP

dispensing fees (e.g. \$5/Rx) in accordance with RWGA business rules for those ADAP clients who are unable to pay the ADAP dispensing fee.

**Medical Case Management Services:** Services include screening all primary medical care patients to determine each patient's level of need for Medical Case Management services, performing a comprehensive assessment, including an assessment of the patient's health literary, and developing a medical service plan for each client that demonstrates a documented need for such services, monitoring medical service plan to ensure its implementation, and educating client regarding wellness, medication and health care appointment adherence. The Medical Case Manager serves as an advocate for the client and as a liaison with medical providers on behalf of the client. The Medical Case Manager ensures linkage to mental health, substance abuse and other client services as indicated by the medical service plan.

Service Linkage: The purpose of Service Linkage is to assist clients with the procurement of needed services so that the problems associated with living with HIV are mitigated. Service Linkage is a working agreement between a client and a Service Linkage Worker for an indeterminate period, based on client need, during which information, referrals and service linkage are provided on an as-needed basis. Service Linkage assists clients who do not require the intensity of Medical Case Management per RWGA Quality Management guidelines. Service Linkage is both office-based and field based. Service Linkage Workers are expected to coordinate activities with referral sources where newlydiagnosed or not-in-care PLWHA may be identified, including 1:1 case conferences with testing site personnel to ensure the successful transition of referrals into Primary Care Services. Such incoming referral coordination includes meeting prospective clients at the referring Provider location in order to develop rapport with individuals prior to the individual's initial Primary Care appointment and ensuring such new intakes to Primary Care services have sufficient support to make the often difficult transition into ongoing primary medical care. Service Linkage also includes follow-up to re-engage lost-to-care patients. Lost-to-care patients are those patients who have not returned for scheduled appointments with Provider nor have provided Provider with updated information about their current Primary Medical Care provider (in the situation where patient may have obtained alternate service from another medical provider). Contractor must document efforts to re-engage lost-to-care patients prior to closing patients in the CPCDMS. Service Linkage extends the capability of existing programs by providing "hands-on" outreach and linkage to care services to those PLWHA who are not currently accessing primary medical care services. Service Linkage includes the issuance of

	bus pass vouchers and gas cards per published RWGA guidelines. Service Linkage complements and extends the service delivery capability of Medical Case Management services.
	<b>Outreach</b> : Providing allowable Ryan White Program outreach and service linkage activities to PLWHA who know their status but are not actively engaged in outpatient primary medical care with information, referrals and assistance with medical appointment setting, mental health, substance abuse and psychosocial services as needed; advocating on behalf of clients to decrease service gaps and remove barriers to services helping clients develop and utilize independent living skills and strategies. Assist clients in obtaining needed resources, including bus pass vouchers and gas cards per published HCPH/RWGA policies. Outreach services must be conducted at times and in places where there is a high probability that individuals with HIV infection will be contacted, designed to provide quantified program reporting of activities and outcomes to accommodate local evaluation of effectiveness, planned and delivered in coordination with local and state HIV prevention outreach programs to avoid duplication of effort, targeted to populations known, through review of clinic medical records, to be at disproportionate risk of disengagement with primary medical care services.
	<b>Emergency Financial Assistance – Pharmacy Assistance</b> provides limited one-time and/or short-term 30-day supply of pharmaceuticals to patients otherwise ineligible for medications through private insurance, Medicaid/Medicare, State ADAP, SPAP or other sources. One refill for up to 30-day supply available with RWGA prior approval. Allowable medications are only those on the Houston EMA Ryan White Part A Formulary. HIV-related medication services are the provision of physician or physician- extender prescribed medications to prevent serious deterioration of health. Does not include drugs available to the patient from other programs or payers or free of charge or medications available over the counter (OTC) without prescription. Contractor must offer all medications on the Texas ADAP formulary.
Agency Requirements:	Providers and system must be Medicaid/Medicare certified.
	<b>Eligibility and Benefits Coordination:</b> Contractor must implement consumer-friendly, culturally and linguistically appropriate new and ongoing patient eligibility verification and benefit coordination processes that ensure accountability with Ryan White Payer of Last Resort requirements while achieving maximum utilization of eligible benefits. Eligibility processes should provide clients with a meaningful understanding of their benefits, expected out-of-pocket expenses and other information needed to ensure full and continued participation in care.

<b>LPAP and EFA – Pharmacy Assistance Services:</b> Contractor must:
Provide pharmacy services on-site or through an established contractual relationship that meets all requirements. Alternate (off- site) approaches must be approved prior to implementation by RWGA.
Either directly, or via subcontract with an eligible 340B Pharmacy program entity, must:
Ensure a comprehensive financial intake application to determine client eligibility for this program to insure that these funds are used as a last resort for purchase of medications.
Ensure the documented capability of interfacing with the Texas HIV Medication Program operated by the Texas Department of State Health Services. This capability must be fully documented and is subject to independent verification by RWGA.
Ensure medication assistance provided to clients does not duplicate services already being provided in the Houston area. The process for accomplishing this must be fully documented and is subject to independent verification by RWGA.
Ensure, either directly or via a 340B Pharmacy Program Provider, at least 2 years of continuous documented experience in providing HIV/AIDS medication programs utilizing Ryan White Program or similar public sector funding. This experience must be documented and is subject to independent verification by RWGA.
Ensure all medications are purchased via a qualified participant in the federal 340B Drug Pricing Program and Prime Vendor Program, administered by the HRSA Office of Pharmacy Affairs. Note: failure to maintain 340B or Prime Vendor drug pricing may result in a negative audit finding, cost disallowance or termination of contract awarded. Contractor must maintain 340B Program participation throughout the contract term. All eligible medications must be purchased in accordance with Program 340B guidelines and program requirements.
Ensure Houston area HIV/AIDS service providers are informed of this program and how the client referral and enrollment processes functions. Contractor must maintain documentation of such marketing efforts.
Implement a consistent process to enroll eligible patients in available pharmaceutical company Patient Assistance Programs prior to using Ryan White Part A funded LPAP resources.

	<ul> <li>Ensure information regarding the program is provided to PLWHA, including historically under-served and unserved populations (e.g., African American, Hispanic/Latino, Asian, Native American, Pacific Islander) and women not currently obtaining prescribed HIV and HIV-related medications.</li> <li>Offer, at no charge to the client, delivery options for medication refills, including but not limited to courier, USPS or other package delivery service.</li> <li><b>Case Management Operations and Supervision:</b> The Service Linkage Workers (SLW) and Medical Case Managers (MCM) must function within the clinical infrastructure of Contractor and receive ongoing supervision that meets or exceeds published Standards of Care. An MCM may supervise SLWs.</li> </ul>
Staff Requirements:	Contractor is responsible for ensuring that services are provided by State licensed internal medicine and OB/GYN physicians, specialty care physicians, psychiatrists, registered nurses, nurse practitioners, vocational nurses, pharmacists, physician assistants, clinical nurse specialists, physician extenders with a colposcopy provider qualification, x-ray technologists, State licensed dieticians, licensed social worker and ancillary health care providers in accordance with appropriate State licensing and/or certification requirements and with knowledge and experience of HIV disease. In addition, Contractor must ensure the following staff requirements are met: <b>Outpatient Psychiatric Services:</b> Director of the Program must be a Board Certified Psychiatrist. Licensed and/or Certified allied health professionals (Licensed Psychologists, Physicians, Psychiatric Nurse Practitioners, Licensed Master Social Workers, Licensed Professional Counselors, Licensed Marriage and Family Therapists, Certified Alcohol and Drug Abuse Counselors, etc.) must be used in all treatment modalities. Documentation of the Director's credentials, licensures and certifications must be included in the proposal. Documentation of the Allied Health professional licensures and certifications must be included in the proposal appendices. <b>Medication and Adherence Education:</b> The program must utilize an RN, LVN, PA, NP, pharmacist or MD licensed by the State of Texas, who has at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care, to provide the educational services. Licensed social workers who have at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care may also provide adherence education and counseling. <b>Nutritional Assessment (primary care):</b> Services must be provided by a licensed registered dietician. Dieticians must have a

<ul> <li>minimum of two (2) years of experience providing nutritional assessment and counseling to PLWHA.</li> <li>Medical Case Management: The program must utilize a state licensed Social Worker to provide Medical Case Management Services. The Contractor must maintain the assigned number of Medical Case Management FTEs throughout the contract term.</li> <li>Contractor must provide to RWGA the names of each Medical Case Manager and the individual assigned to supervise those Medical Case Managers by 03/30/15, and thereafter within 15 days after hire.</li> </ul>
Service Linkage: The program must utilize Service Linkage Workers who have at a minimum a Bachelor's degree from an accredited college or university with a major in social or behavioral sciences. Documented paid work experience in providing client services to PLWHA may be substituted for the Bachelor's degree requirement on a 1:1 basis (1 year of documented paid experience may be substituted for 1 year of college). All Service Linkage Workers must have a minimum of one (1) year paid work experience with PLWHA. Contractor must maintain the assigned number of Service Linkage FTEs throughout the contract term. Contractor must provide to RWGA the names of each Service Linkage Worker and the individual assigned to supervise those Service Linkage Workers by 03/30/15, and thereafter within 15 days after hire.
<b>Supervision of Case Managers:</b> The Service Linkage Workers and Medical Case Managers must function within the clinical infrastructure of Contractor and receive ongoing supervision that meets or exceeds Houston EMA/HSDA Part A/B Standards of Care for Service Linkage and Medical Case Management as applicable. An MCM may supervise SLWs.

Special Requirements: RWGA Only	All primary medical care services must meet or exceed current United States DHHS Treatment Guidelines for the treatment and management of HIV disease.
	Contractor must provide all required program components - Primary Medical Care, Medical Case Management, Service Linkage (non-medical Case Management) and Local Pharmacy Assistance Program (LPAP) services.
	<b>Primary Medical Care Services:</b> Services funded under this grant cannot be used to supplant insurance or Medicare/Medicaid reimbursements for such services. Clients eligible for such reimbursement may not be billed to this contract. Medicare and private insurance co-payments may be eligible for reimbursement under Ryan White Health Insurance Assistance (HINS) program guidelines. Patients needing such assistance should be referred to the local Ryan White-funded HINS provider for assistance. Under no circumstances may the Contractor bill the County for the difference between the reimbursement from Medicaid, Medicare or Third Party insurance and the fee schedule under the contract. Furthermore, potential clients who are Medicaid/Medicare eligible or have other Third Party payers may not be denied services or referred elsewhere by the Contractor based on their reimbursement status (i.e. Medicaid/Medicare eligible clients may not be referred elsewhere in order that non-Medicaid/Medicare eligible clients may be added to the contract). Failure to serve Medicaid/Medicare eligible clients based on their reimbursement status will be grounds for the immediate termination of contract.
	<b>Diagnostic Procedures:</b> A single Diagnostic Procedure limited to procedures on the approved list of diagnostic procedures (see below) without prior County approval. Approved diagnostic procedures will be reimbursed at invoice cost. Part A and Part A/MAI-funded programs must refer to the RWGA website for the most current list of approved diagnostic procedures and corresponding codes: www.hcphes.org/rwga. <b>Diagnostic procedures not listed on the website must have prior approval by RWGA.</b>
	<b>Outpatient Psychiatric Services:</b> Client must not be eligible for services from other programs/providers or any other reimbursement source (i.e. Medicaid, Medicare, private insurance) unless the client is in crisis and cannot be provided immediate services from the other programs/providers. In this case, clients may be provided services, as long as the client applies for the other programs/providers, until the other programs/providers can take over services. Program must be supervised by a Psychiatrist and

include diagnostic assessments, emergency evaluations and psychopharmacotherapy.

**Maintaining Referral Relationships** (Point of Entry Agreements): Contractor must maintain appropriate relationships with entities that constitute key points of access to the health care system for individuals with HIV disease, including but not limited to, Harris Health System and other Houston EMA-located emergency rooms, Harris County Jail, Texas Department of Criminal Justice incarceration facilities, Immigration detention centers, substance abuse treatment and detoxification programs, adult and juvenile detention facilities, Sexually Transmitted Disease clinics, federally qualified health centers (FQHC), HIV disease counseling and testing sites, mental health programs and homeless shelters. These referral relationships must be documented with written collaborative agreements, contracts or memoranda of understanding between Contractor and appropriate point of entry entities and are subject to audit by RWGA. Contractor and POE entity staff must regularly (e.g. weekly, bi-weekly depending on volume of referrals) meet 1:1 to discuss new referrals to primary medical care services. Such case conferences must be documented in the client record and properly entered into the CPCDMS.

Use of CPCDMS Data System: Contractor must comply with CPCDMS business rules and procedures. Contractor must enter into the CPCDMS all required clinical data, including but not limited to, HAART treatment including all changes in medication regimens, Opportunistic Infections, screening and treatment for STDs and Hepatitis A, B, C and other clinical screening and treatment data required by HRSA, TDSHS and the County. <u>Contractor must perform Registration updates in accordance with</u> <u>RWGA CPCDMS business rules for all clients wherein Contractor is client's CPCDMS record-owning agency. Contractor must utilize an electronic verification system to verify insurance/3rd party payer status monthly or per visit (whichever is less frequent).</u>

**Bus Pass Distribution:** The County will provide Contractor with METRO bus pass vouchers. Bus Pass vouchers must be distributed in accordance with RWGA policies and procedures, standards of care and financial eligibility guidelines. Contractor may only issue METRO bus pass vouchers to clients wherein the Contractor is the CPCDMS record owning Contractor. METRO bus pass vouchers shall be distributed as follows:

**Expiration of Current Bus Pass:** In those situation wherein the bus pass expiration date does not coincide with the CPCDMS registration update the Contractor must distribute METRO bus pass vouchers to eligible clients upon the expiration of the current bus pass or when a Value-based bus card has been expended on eligible

transportation needs. Contractor may issue METRO bus passes to eligible clients living outside the METRO service area in those situations where the Contractor has documented in the client record that the client will utilize the METRO system to access needed HIV-related health care services located in the METRO service area.
<b>Gas Cards:</b> Primary Medical Care Contractors must distribute gasoline vouchers to eligible clients residing in the rural service area in accordance with RWGA policies and procedures, standards of care and financial eligibility guidelines. Gas Cards are only available to Rural primary medical care Contractors without prior approval by RWGA.

FY 2020 Houston EMA Ryan White Part A/MAI Service Definition Comprehensive Outpatient Primary Medical Care including Medical Case Management, Service Linkage and Local Pharmacy Assistance Program (LPAP) Services - Rural		
HRSA Service Category Title: RWGA Only	<ol> <li>Outpatient/Ambulatory Medical Care</li> <li>Medical Case Management</li> <li>AIDS Pharmaceutical Assistance (local)</li> <li>Emergency Financial Assistance – Pharmacy Assistance</li> <li>Case Management (non-Medical)</li> </ol>	
Local Service Category Title:	Adult Comprehensive Primary Medical Care - Targeted to Rural	
Amount Available: RWGA Only	<ul> <li>Total estimated available funding: <u>\$0.00</u> (to be determined)</li> <li>1. Primary Medical Care: <u>\$0.00</u></li> <li>2. LPAP <u>\$0.00</u></li> <li>3. Medical Case Management: <u>\$0.00</u></li> <li>4. Service Linkage: <u>\$0.00</u></li> <li>Note: The Houston Ryan White Planning Council (RWPC) determines overall annual Part A and MAI service category allocations &amp; reallocations. RWGA has sole authority over contract award amounts.</li> </ul>	
Target Population:	Comprehensive Primary Medical Care – Targeted to Rural	
Client Eligibility: Age, Gender, Race, Ethnicity, Residence, etc.	PLWHA residing in the Houston EMA/HSDA counties <b>other than</b> <b>Harris County</b> (prior approval required for non-EMA clients). Contractor must adhere to Targeting requirements and Budget limitations as applicable.	
Financial Eligibility:	See Current Year Approved Financial Eligibility for Houston EMA/HSDA	
Budget Type: RWGA Only	Hybrid Fee for Service	
Budget Requirement or Restrictions: <b>RWGA Only</b>	<ul> <li>Primary Medical Care:</li> <li>No less than 75% of clients served in a Targeted subcategory must be members of the targeted population with the following exceptions:</li> <li>10% of funds designated to primary medical care must be reserved for invoicing diagnostic procedures at actual cost.</li> <li>Contractors may not exceed the allocation for each individual service component (Primary Medical Care, Medical Case Management, Local Pharmacy Assistance Program and Service Linkage) without prior approval from RWGA.</li> </ul>	

	Local Pharmacy Assistance Program (LPAP):		
	Houston RWPC guidelines for Local Pharmacy Assistance Program (LPAP) services: Contractor shall offer HIV medications from an approved formulary for a total not to exceed \$18,000 per contract year per client. Contractor shall offer HIV-related medications for a total not to exceed \$3,000 per contract year per client. These guidelines are determined by the RWPC. The RWPC determines the subcategories that shall include Ryan White LPAP funding.		
	Medications must be provided in accordance with Houston EMA guidelines, HRSA/HAB rules and regulations and applicable Office of Pharmacy Affairs 340B guidelines.		
	At least 75% of the total amount of the budget for LPAP services must be solely allocated to the actual cost of medications and may not include any storage, administrative, processing or other costs associated with managing the medication inventory or distribution.		
	Emergency Financial Assistance – Pharmacy Assistance		
	Direct cash payments to clients are not permitted. It is expected that all other sources of funding in the community for emergency financial assistance will be effectively used and that any allocation of RWHAP funds for these purposes will be as the payer of last resort, and for limited amounts, uses, and periods of time. Continuous provision of an allowable service to a client should not be funded through emergency financial assistance.		
Service Unit Definition/s:	• Outpatient/Ambulatory Medical Care: One (1) unit of service = One (1) primary care office/clinic visit which includes the following:		
	<ul> <li>Primary care physician/nurse practitioner, physician's assistant or clinical nurse specialist examination of the patient, and</li> <li>Medication/treatment education</li> <li>Medication access/linkage</li> <li>OB/GYN specialty procedures (as clinically indicated)</li> <li>Nutritional assessment (as clinically indicated)</li> <li>Laboratory (as clinically indicated, not including specialized tests)</li> <li>Radiology (as clinically indicated, not including CAT scan or MRI)</li> <li>Eligibility verification/screening (as necessary)</li> </ul>		

	•	Follow-up visits wherein the patient is not seen by the MD/NP/PA are considered to be a component of the original primary care visit. Outpatient Psychiatric Services: 1 unit of service = A single (1) office/clinic visit wherein the patient is seen by a State licensed and board-eligible Psychiatrist or qualified Psychiatric Nurse Practitioner. This visit may or may not occur on the same date
	•	as a primary care office visit. Nutritional Assessment and Plan: 1 unit of service = A single comprehensive nutritional assessment and treatment plan performed by a Licensed, Registered Dietician initiated upon a physician's order. Does not include the provision of Supplements or other products (clients may be referred to the Ryan White funded Medical Nutritional Therapy provider for provision of medically necessary supplements). The nutritional assessment visit may or may not occur on the same date as a
	•	medical office visit. AIDS Pharmaceutical Assistance (local): A unit of service = a transaction involving the filling of a prescription or any other allowable medication need ordered by a qualified medical practitioner. The transaction will involve at least one item being provided for the client, but can be any multiple. The cost of medications provided to the client must be invoiced at actual cost.
	•	Medical Case Management: 1 unit of service = 15 minutes of direct medical case management services to an eligible PLWHA performed by a qualified medical case manager. Service Linkage (non-Medical Case Management): 1 unit of
		service = 15 minutes of direct service linkage services to an eligible PLWHA performed by a qualified service linkage worker.
	•	Emergency Financial Assistance – Pharmacy Assistance: A unit of service = a transaction involving the filling of a prescription or any other allowable HIV treatment medication need ordered by a qualified medical practitioner. The transaction will involve at least one item being provided for the client, but can be any multiple. The cost of medications provided to the client must be invoiced at actual cost.
HRSA Service Category Definition:	•	<b>Outpatient/Ambulatory medical care</b> is the provision of professional diagnostic and therapeutic services rendered by a physician, physician's assistant, clinical nurse specialist, or

## **RWGA Only**

nurse practitioner in an outpatient setting. Settings include clinics, medical offices, and mobile vans where clients generally do not stay overnight. Emergency room services are not outpatient settings. Services includes diagnostic testing, early intervention and risk assessment, preventive care and screening, practitioner examination, medical history taking, diagnosis and treatment of common physical and mental conditions, prescribing and managing medication therapy, education and counseling on health issues, well-baby care, continuing care and management of chronic conditions, and referral to and provision of specialty care (includes all medical subspecialties). Primary medical care for the treatment of HIV infection includes the provision of care that is consistent with the Public Health Service's guidelines. Such care must include access to antiretroviral and other drug therapies, including prophylaxis and treatment of opportunistic infections and combination antiretroviral therapies.

- AIDS Pharmaceutical Assistance (local) includes local pharmacy assistance programs implemented by Part A or Part B Grantees to provide HIV/AIDS medications to clients. This assistance can be funded with Part A grant funds and/or Part B base award funds. Local pharmacy assistance programs are not funded with ADAP earmark funding.
- Medical Case Management services (including treatment • adherence) are a range of client-centered services that link clients with health care, psychosocial, and other services. The coordination and follow-up of medical treatments is a component of medical case management. These services ensure timely and coordinated access to medically appropriate levels of health and support services and continuity of care, through ongoing assessment of the client's and other key family members' needs and personal support systems. Medical case management includes the provision of treatment adherence counseling to ensure readiness for, and adherence to, complex HIV/AIDS treatments. Key activities include (1) initial assessment of service needs; (2) development of a comprehensive, individualized service plan; (3) coordination of services required to implement the plan; (4) client monitoring to assess the efficacy of the plan; and (5) periodic re-evaluation and adaptation of the plan as necessary over the life of the client. It includes client-specific advocacy and/or review of utilization of services. This includes all types of case

	<ul> <li>management including face-to-face, phone contact, and any other forms of communication.</li> <li>Case Management (non-Medical) includes the provision of advice and assistance in obtaining medical, social, community, legal, financial, and other needed services. Non-medical case management does not involve coordination and follow-up of medical treatments, as medical case management does.</li> <li>Emergency Financial Assistance provides limited one-time or short-term payments to assist the RWHAP client with an emergent need for paying for essential utilities, housing, food (including groceries, and food vouchers), transportation, and medication. Emergency financial assistance can occur as a direct payment to an agency or through a voucher program.</li> </ul>	
Standards of Care:	Contractors must adhere to the most current published Part A/B Standards of Care for the Houston EMA/HSDA. Services must meet or exceed applicable United States Department of Health and Human Services (DHHS) guidelines for the Treatment of HIV/AIDS.	
Local Service Category Definition/Services to be Provided:	<ul> <li>HIV/AIDS.</li> <li>Outpatient/Ambulatory Primary Medical Care: Services include on-site physician, physician extender, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication education, and patient care coordination. The Contractor must provide continuity of care with inpatient services and subspecialty services (either on-site or through specific referral to appropriate medical provider upon primary care Physician's order).</li> <li>Services provided to women shall further include OB/GYN physician &amp; physician extender services on-site or by referral, OB/GYN services, colposcopy, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication/women's health education, patient care coordination, and social services. The Contractor must provide continuity of care with inpatient services and subspecialty services (either on-site or through specific referral protocols to appropriate agencies upon primary care Physician's order).</li> <li>Outpatient/Ambulatory Primary Medical Care must provide:</li> </ul>	
	• Continuity of care for all stages of adult HIV infection;	

•	Laboratory and pharmacy services including intravenous medications (either on-site or through established referral
	systems);
•	Outpatient psychiatric care, including lab work necessary for
	the prescribing of psychiatric medications when appropriate
	(either on-site or through established referral systems);
•	Access to the Texas ADAP program (either on-site or through
	established referral systems);
•	Access to compassionate use HIV medication programs (either
	directly or through established referral systems);
•	Access to HIV related research protocols (either directly or
	through established referral systems);
•	Must at a minimum, comply with Houston EMA/HSDA Part
	A/B Standards for HIV Primary Medical Care. The Contractor
	must demonstrate on an ongoing basis the ability to provide
	state-of-the-art HIV-related primary care medicine in
	accordance with the most recent DHHS HIV treatment
	guidelines. Rapid advances in HIV treatment protocols require
	that the Contractor provide services that to the greatest extent
	possible maximize a patient's opportunity for long-term
	survival and maintenance of the highest quality of life possible.
•	On-site Outpatient Psychiatry services.
	On-site Medical Case Management services.
	On-site Medication Education.
•	Physical therapy services (either on-site or via referral).
•	Specialty Clinic Referrals (either on-site or via referral).
•	On-site pelvic exams as needed for female patients with
	appropriate follow-up treatment and referral.
•	On site Nutritional Counseling by a Licensed Dietitian.
Se	rvices for women must also provide:
•	Well woman care, including but not limited to: PAP, pelvic
	exam, HPV screening, breast examination, mammography,
	hormone replacement and education, pregnancy testing,
	contraceptive services excluding birth control medications.
•	Obstetric Care: ante-partum through post-partum services,
	child birth/delivery services. Perinatal preventative education
	and treatment.
	On-site or by referral Colposcopy exams as needed, performed
•	
	by an OB/GYN physician, or physician extender with a
	colposcopy provider qualification.

 Social services, including but not limited to, providing women access to child care, transportation vouchers, food vouchers and support groups at the clinic site;

**Nutritional Assessment:** Services include provision of information about therapeutic nutritional/supplemental foods that are beneficial to the wellness and increased health conditions of clients by a Licensed Dietitian. Services may be provided either through educational or counseling sessions. Clients who receive these services may utilize the Ryan White Part A-funded nutritional supplement provider to obtain recommended nutritional supplements in accordance with program rules. Clients are limited to one (1) nutritional assessment per calendar year without prior approval of RWGA.

Patient Medication Education Services must adhere to the following requirements:

- Medication Educators must be State Licensed Medical Doctor (MD), Nurse Practitioner (NP), Physician Assistant PA), Nurse (RN, LVN) or Pharmacist. Prior approval must be obtained prior to utilizing any other health care professional not listed above to provide medication education.
- Clients who will be prescribed ongoing medical regimens (i.e. ART) must be assessed for adherence to treatment at every clinical encounter using the EMA's approved adherence assessment tool. Clients with adherence issues related to lack of understanding must receive more education regarding their medical regimen. Clients with adherence issues that are behavioral or involve mental health issues must be provided counseling by the Medical Case Manager, Physician or Physician Extender and/or licensed nursing staff and, if clinically indicated, assessment and treatment by a qualified Psychiatrist or Psychiatric Nurse Practitioner.

## **Outpatient Psychiatric Services:**

The program must provide:

• Diagnostic Assessments: comprehensive evaluation for identification of psychiatric disorders, mental status evaluation, differential diagnosis which may involve use of other clinical and laboratory tests, case formulation, and treatment plans or disposition.

<ul> <li>Emergency Psychiatric Services: rapid evaluation, differential diagnosis, acute treatment, crisis intervention, and referral. Must be available on a 24 hour basis including emergency room referral.</li> <li>Brief Psychotherapy: individual, supportive, group, couple, family, hypnosis, biofeedback, and other psychophysiological treatments and behavior modification.</li> <li>Psychopharmacotherapy: evaluation and medication treatment of psychiatric disorders, including, but not limited to, anxiety disorders, major depression, pain syndromes, habit control problems, psychosis and organic mental disorders.</li> <li>Rehabilitation Services: Physical, psychosocial, behavioral, and/or cognitive training.</li> </ul>
Screening for Eye Disorders: Contractor must ensure that patients receive appropriate screening and treatment for CMV, glaucoma, cataracts, and other related problems.
Local Medication Assistance Program (LPAP): LPAP provides pharmaceuticals to patients otherwise ineligible for medications through private insurance, Medicaid/Medicare, State ADAP, SPAP or other sources. Allowable medications are only those on the Houston EMA Ryan White Part A Formulary. Eligible clients may be provided Fuzeon <sup>™</sup> on a case-by-case basis with prior approval of Ryan White Grant Administration (RWGA). The cost of Fuzeon <sup>™</sup> does not count against a client's annual maximum. HIV- related medication services are the provision of physician or physician-extender prescribed HIV-related medications to prevent serious deterioration of health. Does not include drugs available to the patient from other programs or payers or free of charge (such as birth control and TB medications) or medications available over the counter (OTC) without prescription.
Contractor must offer all medications on the Texas ADAP formulary, for a total not to exceed \$18,000.00 per contract year per client. Contractor must provide allowable HIV-related medications (i.e. non-HIV medications) for a total not to exceed \$3,000 per contract year per client. Contractor may be reimbursed ADAP dispensing fees (e.g. \$5/Rx) in accordance with RWGA business rules for those ADAP clients who are unable to pay the ADAP dispensing fee.
<b>Medical Case Management Services:</b> Services include screening all primary medical care patients to determine each patient's level of need for Medical Case Management services, performing a comprehensive assessment, including an assessment of the patient's health literary, and developing a medical service plan for each client that demonstrates a documented need for such services, monitoring medical service plan to ensure its implementation, and

educating client regarding wellness, medication and health care appointment adherence. The Medical Case Manager serves as an advocate for the client and as a liaison with medical providers on behalf of the client. The Medical Case Manager ensures linkage to mental health, substance abuse and other client services as indicated by the medical service plan.

**Service Linkage:** The purpose of Service Linkage is to assist clients with the procurement of needed services so that the problems associated with living with HIV are mitigated. Service Linkage is a working agreement between a client and a Service Linkage Worker for an indeterminate period, based on client need, during which information, referrals and service linkage are provided on an as-needed basis. Service Linkage assists clients who do not require the intensity of Medical Case Management per RWGA Quality Management guidelines. Service Linkage is both office-based and field based. Service Linkage Workers are expected to coordinate activities with referral sources where newlydiagnosed or not-in-care PLWHA may be identified, including 1:1 case conferences with testing site personnel to ensure the successful transition of referrals into Primary Care Services. Such incoming referral coordination includes meeting prospective clients at the referring Provider location in order to develop rapport with individuals prior to the individual's initial Primary Care appointment and ensuring such new intakes to Primary Care services have sufficient support to make the often difficult transition into ongoing primary medical care. Service Linkage also includes follow-up to re-engage lost-to-care patients. Lost-to-care patients are those patients who have not returned for scheduled appointments with Provider nor have provided Provider with updated information about their current Primary Medical Care provider (in the situation where patient may have obtained alternate service from another medical provider). Contractor must document efforts to re-engage lost-to-care patients prior to closing patients in the CPCDMS. Service Linkage extends the capability of existing programs by providing "hands-on" outreach and linkage to care services to those PLWHA who are not currently accessing primary medical care services. Service Linkage includes the issuance of bus pass vouchers and gas cards per published RWGA guidelines. Service Linkage complements and extends the service delivery capability of Medical Case Management services.

**Emergency Financial Assistance – Pharmacy Assistance** 

provides limited one-time and/or short-term 30-day supply of pharmaceuticals to patients otherwise ineligible for medications through private insurance, Medicaid/Medicare, State ADAP, SPAP or other sources. One refill for up to 30-day supply available with RWGA prior approval. Allowable medications are only those on the Houston EMA Ryan White Part A Formulary. HIV-related

	medication services are the provision of physician or physician- extender prescribed medications to prevent serious deterioration of health. Does not include drugs available to the patient from other programs or payers or free of charge or medications available over the counter (OTC) without prescription. Contractor must offer all medications on the Texas ADAP formulary.
Agency Requirements:	Providers and system must be Medicaid/Medicare certified.
	<b>Eligibility and Benefits Coordination:</b> Contractor must implement consumer-friendly, culturally and linguistically appropriate new and ongoing patient eligibility verification and benefit coordination processes that ensure accountability with Ryan White Payer of Last Resort requirements while achieving maximum utilization of eligible benefits. Eligibility processes should provide clients with a meaningful understanding of their benefits, expected out-of-pocket expenses and other information needed to ensure full and continued participation in care.
	<b>LPAP and EFA – Pharmacy Assistance Services:</b> Contractor must:
	Provide pharmacy services on-site or through an established contractual relationship that meets all requirements. Alternate (off- site) approaches must be approved prior to implementation by RWGA.
	Either directly, or via subcontract with an eligible 340B Pharmacy program entity, must:
	Ensure a comprehensive financial intake application to determine client eligibility for this program to insure that these funds are used as a last resort for purchase of medications.
	Ensure the documented capability of interfacing with the Texas HIV Medication Program operated by the Texas Department of State Health Services. This capability must be fully documented and is subject to independent verification by RWGA.
	Ensure medication assistance provided to clients does not duplicate services already being provided in the Houston area. The process for accomplishing this must be fully documented and is subject to independent verification by RWGA.
	Ensure, either directly or via a 340B Pharmacy Program Provider, at least 2 years of continuous documented experience in providing HIV/AIDS medication programs utilizing Ryan White Program or similar public sector funding. This experience must be documented and is subject to independent verification by RWGA.

	Ensure all medications are purchased via a qualified participant in the federal 340B Drug Pricing Program and Prime Vendor Program, administered by the HRSA Office of Pharmacy Affairs. Note: failure to maintain 340B or Prime Vendor drug pricing may result in a negative audit finding, cost disallowance or termination of contract awarded. Contractor must maintain 340B Program participation throughout the contract term. All eligible medications must be purchased in accordance with Program 340B guidelines and program requirements.
	Ensure Houston area HIV/AIDS service providers are informed of this program and how the client referral and enrollment processes functions. Contractor must maintain documentation of such marketing efforts.
	Implement a consistent process to enroll eligible patients in available pharmaceutical company Patient Assistance Programs prior to using Ryan White Part A funded LPAP resources.
	Ensure information regarding the program is provided to PLWHA, including historically under-served and unserved populations (e.g., African American, Hispanic/Latino, Asian, Native American, Pacific Islander) and women not currently obtaining prescribed HIV and HIV-related medications.
	Offer, at no charge to the client, delivery options for medication refills, including but not limited to courier, USPS or other package delivery service.
	<b>Case Management Operations and Supervision:</b> The Service Linkage Workers (SLW) and Medical Case Managers (MCM) must function within the clinical infrastructure of Contractor and receive ongoing supervision that meets or exceeds published Standards of Care. An MCM may supervise SLWs.
Staff Requirements:	Contractor is responsible for ensuring that services are provided by State licensed internal medicine and OB/GYN physicians, specialty care physicians, psychiatrists, registered nurses, nurse practitioners, vocational nurses, pharmacists, physician assistants, clinical nurse specialists, physician extenders with a colposcopy provider qualification, x-ray technologists, State licensed dieticians, licensed social worker and ancillary health care providers in accordance with appropriate State licensing and/or certification requirements and with knowledge and experience of HIV disease. In addition, Contractor must ensure the following staff requirements are met:
	<b>Outpatient Psychiatric Services:</b> Director of the Program must be a Board Certified Psychiatrist. Licensed and/or Certified allied health professionals (Licensed Psychologists, Physicians, Psychiatric Nurse Practitioners, Licensed Master Social Workers,

Licensed Professional Counselors, Licensed Marriage and Family Therapists, Certified Alcohol and Drug Abuse Counselors, etc.) must be used in all treatment modalities. Documentation of the Director's credentials, licensures and certifications must be included in the proposal. Documentation of the Allied Health professional licensures and certifications must be included in the proposal appendices.

**Medication and Adherence Education:** The program must utilize an RN, LVN, PA, NP, pharmacist or MD licensed by the State of Texas, who has at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care, to provide the educational services. Licensed social workers who have at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care may also provide adherence education and counseling.

**Nutritional Assessment (primary care):** Services must be provided by a licensed registered dietician. Dieticians must have a minimum of two (2) years of experience providing nutritional assessment and counseling to PLWHA.

Medical Case Management: The program must utilize a state licensed Social Worker to provide Medical Case Management Services. The Contractor must maintain the assigned number of Medical Case Management FTEs throughout the contract term. Contractor must provide to RWGA the names of each Medical Case Manager and the individual assigned to supervise those Medical Case Managers by 03/30/15, and thereafter within 15 days after hire.

Service Linkage: The program must utilize Service Linkage Workers who have at a minimum a Bachelor's degree from an accredited college or university with a major in social or behavioral sciences. Documented paid work experience in providing client services to PLWHA may be substituted for the Bachelor's degree requirement on a 1:1 basis (1 year of documented paid experience may be substituted for 1 year of college). All Service Linkage Workers must have a minimum of one (1) year paid work experience with PLWHA. Contractor must maintain the assigned number of Service Linkage FTEs throughout the contract term. Contractor must provide to RWGA the names of each Service Linkage Worker and the individual assigned to supervise those Service Linkage Workers by 03/30/15, and thereafter within 15 days after hire.

**Supervision of Case Managers:** The Service Linkage Workers and Medical Case Managers must function within the clinical infrastructure of Contractor and receive ongoing supervision that meets or exceeds Houston EMA/HSDA Part A/B Standards of Care

	for Service Linkage and Medical Case Management as applicable. An MCM may supervise SLWs.			
Special Requirements: RWGA Only	All primary medical care services must meet or exceed current United States DHHS Treatment Guidelines for the treatment and management of HIV disease.			
	Contractor must provide all required program components - Primary Medical Care, Medical Case Management, Service Linkage (non-medical Case Management) and Local Pharmacy Assistance Program (LPAP) services.			
	<b>Primary Medical Care Services:</b> Services funded under this grant cannot be used to supplant insurance or Medicare/Medicaid reimbursements for such services. Clients eligible for such reimbursement may not be billed to this contract. Medicare and private insurance co-payments may be eligible for reimbursement under Ryan White Health Insurance Assistance (HINS) program guidelines. Patients needing such assistance should be referred to the local Ryan White-funded HINS provider for assistance. Under no circumstances may the Contractor bill the County for the difference between the reimbursement from Medicaid, Medicare or Third Party insurance and the fee schedule under the contract. Furthermore, potential clients who are Medicaid/Medicare eligible or have other Third Party payers may not be denied services or referred elsewhere by the Contractor based on their reimbursement status (i.e. Medicaid/Medicare eligible clients may not be referred elsewhere in order that non-Medicaid/Medicare eligible clients may be added to the contract). Failure to serve Medicaid/Medicare eligible clients based on their reimbursement status will be grounds for the immediate termination of contract.			
	For primary medical care services targeted to the Latino community at least 50% of the clinical care team must be fluent in Spanish.			
	<b>Diagnostic Procedures:</b> A single Diagnostic Procedure limited to procedures on the approved list of diagnostic procedures (see below) without prior County approval. Approved diagnostic procedures will be reimbursed at invoice cost. Part A and Part A/MAI-funded programs must refer to the RWGA website for the most current list of approved diagnostic procedures and corresponding codes: www.hcphes.org/rwga. <b>Diagnostic procedures not listed on the website must have prior approval by RWGA.</b>			
	<b>Outpatient Psychiatric Services:</b> Client must not be eligible for services from other programs/providers or any other reimbursement source (i.e. Medicaid, Medicare, private insurance) unless the client			

is in crisis and cannot be provided immediate services from the other programs/providers. In this case, clients may be provided services, as long as the client applies for the other programs/providers, until the other programs/providers can take over services. Program must be supervised by a Psychiatrist and include diagnostic assessments, emergency evaluations and psycho-pharmacotherapy.

Maintaining Referral Relationships (Point of Entry Agreements): Contractor must maintain appropriate relationships with entities that constitute key points of access to the health care system for individuals with HIV disease, including but not limited to, Harris Health System and other Houston EMA-located emergency rooms, Harris County Jail, Texas Department of Criminal Justice incarceration facilities, Immigration detention centers, substance abuse treatment and detoxification programs, adult and juvenile detention facilities, Sexually Transmitted Disease clinics, federally qualified health centers (FQHC), HIV disease counseling and testing sites, mental health programs and homeless shelters. These referral relationships must be documented with written collaborative agreements, contracts or memoranda of understanding between Contractor and appropriate point of entry entities and are subject to audit by RWGA. Contractor and POE entity staff must regularly (e.g. weekly, bi-weekly depending on volume of referrals) meet 1:1 to discuss new referrals to primary medical care services. Such case conferences must be documented in the client record and properly entered into the CPCDMS.

Use of CPCDMS Data System: Contractor must comply with CPCDMS business rules and procedures. Contractor must enter into the CPCDMS all required clinical data, including but not limited to, HAART treatment including all changes in medication regimens, Opportunistic Infections, screening and treatment for STDs and Hepatitis A, B, C and other clinical screening and treatment data required by HRSA, TDSHS and the County. <u>Contractor must perform Registration updates in accordance with RWGA CPCDMS business rules for all clients wherein Contractor is client's CPCDMS record-owning agency. Contractor must utilize an electronic verification system to verify insurance/3rd party payer status monthly or per visit (whichever is less frequent).</u>

**Bus Pass Distribution:** The County will provide Contractor with METRO bus pass vouchers. Bus Pass vouchers must be distributed in accordance with RWGA policies and procedures, standards of care and financial eligibility guidelines. Contractor may only issue METRO bus pass vouchers to clients wherein the Contractor is the CPCDMS record owning Contractor. METRO bus pass vouchers shall be distributed as follows:

<b>Expiration of Current Bus Pass:</b> In those situation wherein the bus pass expiration date does not coincide with the CPCDMS registration update the Contractor must distribute METRO bus pass vouchers to eligible clients upon the expiration of the current bus pass or when a Value-based bus card has been expended on eligible transportation needs. Contractor may issue METRO bus passes to eligible clients living outside the METRO service area in those situations where the Contractor has documented in the client record that the client will utilize the METRO system to access needed HIV-related health care services located in the METRO service area.
<b>Gas Cards:</b> Primary Medical Care Contractors must distribute gasoline vouchers to eligible clients residing in the rural service area in accordance with RWGA policies and procedures, standards of care and financial eligibility guidelines. Gas Cards are only available to Rural primary medical care Contractors without prior approval by RWGA.

financial, and other needed services. Non-medical case	-
management does not involve coordination and follow-	
medical treatments, as medical case management does.	Ŧ
Standards of Care: Contractors must adhere to the most current published Part A	/B
Standards of Care for the Houston EMA/HSDA. Services m	

exceed applicable United States Department of Health and Human Services (DHHS) guidelines for the Treatment of HIV/AIDS.
<b>Outpatient/Ambulatory Primary Medical Care:</b> Services include on- site physician, physician extender, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication education, and patient care coordination. The Contractor must provide continuity of care with inpatient services and subspecialty services (either on-site or through specific referral to appropriate medical provider upon primary care Physician's order).
Services provided to women shall further include OB/GYN physician & physician extender services on-site or by referral, OB/GYN services, colposcopy, nursing, phlebotomy, radiographic, laboratory, pharmacy, intravenous therapy, home health care referral, licensed dietician, patient medication/women's health education, patient care coordination, and social services. The Contractor must provide continuity of care with inpatient services and subspecialty services (either on-site or through specific referral protocols to appropriate agencies upon primary care Physician's order).
Outpatient/Ambulatory Primary Medical Care must provide:
<ul> <li>Continuity of care for all stages of adult HIV infection;</li> <li>Laboratory and pharmacy services including intravenous medications (either on-site or through established referral systems);</li> <li>Outpatient psychiatric care, including lab work necessary for the prescribing of psychiatric medications when appropriate (either onsite or through established referral systems);</li> <li>Access to the Texas ADAP program (either on-site or through established referral systems);</li> <li>Access to compassionate use HIV medication programs (either directly or through established referral systems);</li> <li>Access to HIV related research protocols (either directly or through established referral systems);</li> <li>Access to HIV related research protocols (either directly or through established referral systems);</li> <li>Must at a minimum, comply with Houston EMA/HSDA Part A/B Standards for HIV Primary Medical Care. The Contractor must demonstrate on an ongoing basis the ability to provide state-of-theart HIV-related primary care medicine in accordance with the most recent DHHS HIV treatment guidelines. Rapid advances in HIV treatment protocols require that the Contractor provide services that to the greatest extent possible maximize a patient's opportunity for long-term survival and maintenance of the highest quality of life possible.</li> <li>On-site Medical Case Management services.</li> <li>On-site Medical Case Management services.</li> </ul>

• Physical therapy services (either on-site or via referral).

<ul> <li>Specialty Clinic Referrals (either on-site or via referral).</li> <li>On-site pelvic exams as needed for female patients with appropriate follow-up treatment and referral.</li> <li>On site Nutritional Counseling by a Licensed Dietitian.</li> </ul>
<ul> <li>Services for females of child bearing age must also provide:</li> <li>Well woman care, including but not limited to: PAP, pelvic exam, breast examination, mammography, hormone replacement and education, pregnancy testing, contraceptive services excluding birth control medications.</li> <li>Obstetric Care: ante-partum through post-partum services, child birth/delivery services. Perinatal preventative education and treatment.</li> <li>On-site or by referral Colposcopy exams as needed, performed by an OB/GYN physician, or physician extender with a colposcopy provider qualification.</li> <li>Social services, including but not limited to, providing women access to child care, transportation vouchers, food vouchers and</li> </ul>
<ul> <li>support groups at the clinic site;</li> <li>Patient Medication Education Services must adhere to the following requirements: <ul> <li>Medication Educators must be State Licensed Medical Doctor (MD), Nurse Practitioner (NP), Physician Assistant PA), Nurse (RN, LVN) or Pharmacist. Prior approval must be obtained prior to utilizing any other health care professional not listed above to provide medication education.</li> <li>Clients who will be prescribed ongoing medical regimens (i.e. ART) must be assessed for adherence to treatment at every clinical encounter using the EMA's approved adherence assessment tool. Clients with adherence issues related to lack of understanding must receive more education regarding their medical regimen. Clients with adherence issues that are behavioral or involve mental health issues must be provided counseling by the Medical Case Manager, Physician or Physician Extender and/or licensed nursing staff and, if clinically indicated, assessment and treatment by a qualified Psychiatrist or Psychiatric Nurse Practitioner.</li> </ul> </li> </ul>
<ul> <li>Outpatient Psychiatric Services: The program must provide:</li> <li>Diagnostic Assessments: comprehensive evaluation for identification of psychiatric disorders, mental status evaluation, differential diagnosis which may involve use of other clinical and laboratory tests, case formulation, and treatment plans or disposition.</li> <li>Emergency Psychiatric Services: rapid evaluation, differential diagnosis, acute treatment, crisis intervention, and referral. Must be available on a 24 hour basis including emergency room referral.</li> </ul>

medication and health care appointment adherence. The Medical Case Manager serves as an advocate for the client and as a liaison with medical providers on behalf of the client. The Medical Case Manager ensures linkage to mental health, substance abuse and other client services as indicated by the medical service plan. <b>Service Linkage:</b> The purpose of Service Linkage is to assist clients with the procurement of needed services so that the problems associated with living with HIV are mitigated. Service Linkage is a working agreement between a client and a Service Linkage Worker for an indeterminate period, based on client need, during which information, referrals and service linkage are provided on an as-needed basis. Service Linkage assists clients who do not require the intensity of Medical Case Management per RWGA Quality Management guidelines. Service Linkage is both office-based and field based. Service Linkage Workers are expected to coordinate activities with referral sources where newly- diagnosed or not-in-care PLWHA may be identified, including 1:1 case conferences with testing site personnel to ensure the successful transition of referrals into Primary Care Services. Such incoming referral coordination includes meeting prospective clients at the referring Provider location in order to develop rapport with individuals prior to the individual's initial Primary Care appointment and ensuring such new intakes to Primary Care services have sufficient support to make the often difficult transition into ongoing primary medical care. Service Linkage also includes follow-up to re-engage lost-to-care patients. Lost-to-care
<ul> <li>appropriate screening and treatment for CMV, glaucoma, catalacts, and other related problems.</li> <li>Medical Case Management Services: Services include screening all primary medical care patients to determine each patient's level of need for Medical Case Management services, performing a comprehensive assessment, including an assessment of the patient's health literary, and developing a medical service plan for each client that demonstrates a documented need for such services, monitoring medical service plan to ensure its implementation, and educating client regarding wellness,</li> </ul>
<ul> <li>Psychopharmacotherapy: evaluation and medication treatment of psychiatric disorders, including, but not limited to, anxiety disorders, major depression, pain syndromes, habit control problems, psychosis and organic mental disorders.</li> <li>Rehabilitation Services: Physical, psychosocial, behavioral, and/or cognitive training.</li> <li>Screening for Eye Disorders: Contractor must ensure that patients receive appropriate screening and treatment for CMV, glaucoma, cataracts, and</li> </ul>
• Brief Psychotherapy: individual, supportive, group, couple, family, hypnosis, biofeedback, and other psychophysiological treatments

Agency Requirements:	situation where patient may have obtained alternate service from another medical provider). Contractor must document efforts to re-engage lost-to- care patients prior to closing patients in the CPCDMS. Service Linkage extends the capability of existing programs by providing "hands-on" outreach and linkage to care services to those PLWHA who are not currently accessing primary medical care services. Service Linkage includes the issuance of bus pass vouchers and gas cards per published RWGA guidelines. Service Linkage complements and extends the service delivery capability of Medical Case Management services. <b>Providers and system must be Medicaid/Medicare certified.</b>
Agency Requirements.	i roviders and system must be incurcate/incurcate certified.
	<b>Eligibility and Benefits Coordination:</b> Contractor must implement consumer-friendly, culturally and linguistically appropriate new and ongoing patient eligibility verification and benefit coordination processes that ensure accountability with Ryan White Payer of Last Resort requirements while achieving maximum utilization of eligible benefits. Eligibility processes should provide clients with a meaningful understanding of their benefits, expected out-of-pocket expenses and other information needed to ensure full and continued participation in care.
	<b>Case Management Operations and Supervision:</b> The Service Linkage Workers (SLW) and Medical Case Managers (MCM) must function within the clinical infrastructure of Contractor and receive ongoing supervision that meets or exceeds published Standards of Care. An MCM may supervise SLWs.
Staff Requirements:	Contractor is responsible for ensuring that services are provided by State licensed internal medicine and OB/GYN physicians, specialty care physicians, psychiatrists, registered nurses, nurse practitioners, vocational nurses, pharmacists, physician assistants, clinical nurse specialists, physician extenders with a colposcopy provider qualification, x-ray technologists, State licensed dieticians, licensed social worker and ancillary health care providers in accordance with appropriate State licensing and/or certification requirements and with knowledge and experience of HIV disease. In addition, Contractor must ensure the following staff requirements are met:
	<b>Outpatient Psychiatric Services:</b> Director of the Program must be a Board Certified Psychiatrist. Licensed and/or Certified allied health professionals (Licensed Psychologists, Physicians, Psychiatric Nurse Practitioners, Licensed Master Social Workers, Licensed Professional Counselors, Licensed Marriage and Family Therapists, Certified Alcohol and Drug Abuse Counselors, etc.) must be used in all treatment modalities. Documentation of the Director's credentials, licensures and certifications must be included in the proposal. Documentation of the Allied Health professional licensures and certifications must be included in the proposal appendices.
	<b>Medication and Adherence Education:</b> The program must utilize an RN, LVN, PA, NP, pharmacist or MD licensed by the State of Texas,

	<ul> <li>who has at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care, to provide the educational services. Licensed social workers who have at least two (2) years paid experience in the preceding five (5) years in HIV/AIDS care may also provide adherence education and counseling.</li> <li>Medical Case Management: The program must utilize a state licensed Social Worker to provide Medical Case Management Services. The Contractor must maintain the assigned number of Medical Case Management FTEs throughout the contract term. Contractor must provide to RWGA the names of each Medical Case Manager and the individual assigned to supervise those Medical Case Managers by 03/30/17, and thereafter within 15 days after hire.</li> </ul>
	Service Linkage: The program must utilize Service Linkage Workers who have at a minimum a Bachelor's degree from an accredited college or university with a major in social or behavioral sciences. Documented paid work experience in providing client services to PLWHA may be substituted for the Bachelor's degree requirement on a 1:1 basis (1 year of documented paid experience may be substituted for 1 year of college). All Service Linkage Workers must have a minimum of one (1) year paid work experience with PLWHA. Contractor must maintain the assigned number of Service Linkage FTEs throughout the contract term. Contractor must provide to RWGA the names of each Service Linkage Worker and the individual assigned to supervise those Service Linkage Workers by 03/30/17, and thereafter within 15 days after hire.
	<b>Supervision of Case Managers:</b> The Service Linkage Workers and Medical Case Managers must function within the clinical infrastructure of Contractor and receive ongoing supervision that meets or exceeds Houston EMA/HSDA Part A/B Standards of Care for Service Linkage and Medical Case Management as applicable. An MCM may supervise SLWs.
Special Requirements:	All primary medical care services must meet or exceed current United States DHHS Treatment Guidelines for the treatment and
RWGA Only	management of HIV disease.
	Contractor must provide all required program components - Primary Medical Care, Medical Case Management and Service Linkage (non- medical Case Management) services.
	<b>Primary Medical Care Services:</b> Services funded under this grant cannot be used to supplant insurance or Medicare/Medicaid reimbursements for such services. Clients eligible for such reimbursement may not be billed to this contract. Medicare and private insurance co-payments may be eligible for reimbursement under Ryan White Health Insurance Assistance (HINS) program guidelines. Patients needing such assistance should be referred to the local Ryan White- funded HINS provider for assistance. Under no circumstances may the

Contractor bill the County for the difference between the reimbursement from Medicaid, Medicare or Third Party insurance and the fee schedule under the contract. Furthermore, potential clients who are Medicaid/Medicare eligible or have other Third Party payers may not be denied services or referred elsewhere by the Contractor based on their reimbursement status (i.e. Medicaid/Medicare eligible clients may not be referred elsewhere in order that non-Medicaid/Medicare eligible clients may be added to the contract). Failure to serve Medicaid/Medicare eligible clients based on their reimbursement status will be grounds for the immediate termination of contract.

**Diagnostic Procedures:** A single Diagnostic Procedure limited to procedures on the approved list of diagnostic procedures (see below) without prior County approval. Approved diagnostic procedures will be reimbursed at invoice cost. Part A and Part A/MAI-funded programs must refer to the RWGA website for the most current list of approved diagnostic procedures and corresponding codes: www.hcphes.org/rwga. **Diagnostic procedures not listed on the website must have prior approval by RWGA.** 

**Outpatient Psychiatric Services:** Client must not be eligible for services from other programs/providers or any other reimbursement source (i.e. Medicaid, Medicare, private insurance) unless the client is in crisis and cannot be provided immediate services from the other programs/providers. In this case, clients may be provided services, as long as the client applies for the other programs/providers, until the other programs/providers can take over services. Program must be supervised by a Psychiatrist and include diagnostic assessments, emergency evaluations and psycho-pharmacotherapy.

Maintaining Referral Relationships (Point of Entry Agreements): Contractor must maintain appropriate relationships with entities that constitute key points of access to the health care system for individuals with HIV disease, including but not limited to, Harris Health System and other Houston EMA-located emergency rooms, Harris County Jail, Texas Department of Criminal Justice incarceration facilities, Immigration detention centers, substance abuse treatment and detoxification programs, adult and juvenile detention facilities, Sexually Transmitted Disease clinics, federally qualified health centers (FQHC), HIV disease counseling and testing sites, mental health programs and homeless shelters. These referral relationships must be documented with written collaborative agreements, contracts or memoranda of understanding between Contractor and appropriate point of entry entities and are subject to audit by RWGA. Contractor and POE entity staff must regularly (e.g. weekly, bi-weekly depending on volume of referrals) meet 1:1 to discuss new referrals to primary medical care services. Such case conferences must be documented in the client record and properly entered into the CPCDMS.

Use of CPCDMS Data System: Contractor must comply with CPCDMS

business rules and procedures. Contractor must enter into the CPCDMS all required clinical data, including but not limited to, HAART treatment including all changes in medication regimens, Opportunistic Infections, screening and treatment for STDs and Hepatitis A, B, C and other clinical screening and treatment data required by HRSA, TDSHS and the County. <u>Contractor must perform Registration updates in accordance with RWGA</u> <u>CPCDMS business rules for all clients wherein Contractor is client's</u> <u>CPCDMS record-owning agency. Contractor must utilize an electronic</u> <u>verification system to verify insurance/3rd party payer status monthly or</u> <u>per visit (whichever is less frequent).</u>
<b>Bus Pass Distribution:</b> The County will provide Contractor with METRO bus pass vouchers. Bus Pass vouchers must be distributed in accordance with RWGA policies and procedures, standards of care and financial eligibility guidelines. Contractor may only issue METRO bus pass vouchers to clients wherein the Contractor is the CPCDMS record owning Contractor. METRO bus pass vouchers shall be distributed as follows:
<b>Expiration of Current Bus Pass:</b> In those situation wherein the bus pass expiration date does not coincide with the CPCDMS registration update the Contractor must distribute METRO bus pass vouchers to eligible clients upon the expiration of the current bus pass or when a Value-based bus card has been expended on eligible transportation needs. Contractor may issue METRO bus passes to eligible clients living outside the METRO service area in those situations where the Contractor has documented in the client record that the client will utilize the METRO system to access needed HIV-related health care services located in the METRO service area.

FY 2020 Houston EMA Ryan White Part A/MAI Service Definition Clinical Case Management	
HRSA Service Category Title: RWGA Only	Medical Case Management
Local Service Category Title:	Clinical Case Management (CCM)
Budget Type: RWGA Only	Unit Cost
Budget Requirements or Restrictions: <b>RWGA Only</b>	Not applicable.
HRSA Service Category Definition: <b>RWGA Only</b>	<i>Medical Case Management services (including treatment adherence)</i> are a range of client-centered services that link clients with health care, psychosocial, and other services. The coordination and follow-up of medical treatments is a component of medical case management. These services ensure timely and coordinated access to medically appropriate levels of health and support services and continuity of care, through ongoing assessment of the client's and other key family members' needs and personal support systems. Medical case management includes the provision of treatment adherence counseling to ensure readiness for, and adherence to, complex HIV/AIDS treatments. Key activities include (1) initial assessment of service plan; (3) coordination of services required to implement the plan; (4) client monitoring to assess the efficacy of the plan; and (5) periodic re-evaluation and adaptation of the plan as necessary over the life of the client. It includes client-specific advocacy and/or review of utilization of services. This includes all types of case management including face-to-face, phone contact, and any other forms of communication.
Local Service Category Definition:	<b>Clinical Case Management</b> : Identifying and screening clients who are accessing HIV-related services from a clinical delivery system that provides Mental Health treatment/counseling and/or Substance Abuse treatment services; assessing each client's medical and psychosocial history and current service needs; developing and regularly updating a clinical service plan based upon the client's needs and choices; implementing the plan in a timely manner; providing information, referrals and assistance with linkage to medical and psychosocial services as needed; monitoring the efficacy and quality of services through periodic reevaluation; advocating on behalf of clients to decrease service gaps and remove barriers to services helping clients develop and utilize independent living skills and strategies. Assist clients in obtaining needed resources, including bus pass vouchers and gas cards per published HCPHS/RWGA policies.
Target Population (age,	Services will be available to eligible HIV-infected clients residing in

gender, geographic, race,	the Houston EMA with priority given to clients most in need. All
	1 70
ethnicity, etc.):	clients who receive services will be served without regard to age,
	gender, race, color, religion, national origin, sexual orientation, or
	handicap. Services will target low income individuals with
	HIV/AIDS who demonstrate multiple medical, mental health,
	substance use/abuse and psychosocial needs including, but not
	limited to: mental health counseling (i.e. professional counseling),
	substance abuse treatment, primary medical care, specialized care,
	alternative treatment, medications, placement in a medical facility,
	emotional support, basic needs for food, clothing, and shelter,
	transportation, legal services and vocational services. Services will
	also target clients who cannot function in the community due to
	barriers which include, but are not limited to, mental illness and
	psychiatric disorders, drug addiction and substance abuse, extreme
	lack of knowledge regarding available services, inability to maintain
	financial independence, inability to complete necessary forms,
	inability to arrange and complete entitlement and medical
	appointments, homelessness, deteriorating medical condition,
	illiteracy, language/cultural barriers and/or the absence of speech,
	sight, hearing, or mobility.
	<i>Clinical Case Management</i> is intended to serve eligible clients,
	· · · ·
	especially those underserved or unserved population groups which
	include: African American, Hispanic/Latino, Women and Children,
	Veteran, Deaf/Hard of Hearing, Substance Abusers, Homeless and
	Gay/Lesbian/Transsexual.
Services to be Provided:	Provision of Clinical Case Management activities performed by the
	Clinical Case Manager.
	Clinical Case Management is a working agreement between a client
	and a Clinical Case Manager for a defined period of time based on
	the client's assessed needs. <i>Clinical Case Management</i> services
	include performing a comprehensive assessment and developing a
	clinical service plan for each client; monitoring plan to ensure its
	implementation; and educating client regarding wellness, medication
	and health care compliance in order to maximize benefit of mental
	health and/or substance abuse treatment services. The <i>Clinical Case</i>
	<i>Manager</i> serves as an advocate for the client and as a liaison with
	mental health, substance abuse and medical treatment providers on
	behalf of the client. The Clinical Case Manager ensures linkage to
	mental health, substance abuse, primary medical care and other client
	services as indicated by the clinical service plan. The Clinical Case
	Manager will perform <i>Mental Health</i> and <i>Substance Abuse/Use</i>
	Assessments in accordance with RWGA Quality Management
	guidelines. Service plan must reflect an ongoing discussion of
	mental health treatment and/or substance abuse treatment, primary
	medical care and medication adherence, per client need. <i>Clinical</i>
	Case Management is both office and community-based. Clinical

	Case Managers will interface with the primary medical care delivery system as necessary to ensure services are integrated with, and complimentary to, a client's medical treatment plan.
Service Unit Definition(s): RWGA Only	One unit of service is defined as 15 minutes of direct client services and allowable charges.
Financial Eligibility:	Refer to the RWPC's approved <i>Financial Eligibility for Houston</i> <i>EMA Services</i> .
Client Eligibility:	HIV-infected individuals residing in the Houston EMA.
Agency Requirements:	Clinical Case Management services will comply with the HCPHS/RWGA published Clinical Case Management Standards of Care and policies and procedures as published and/or revised, including linkage to the CPCDMS data system
	Clinical Case Management Services must be provided by an agency with a documented history of, and current capacity for, providing mental health counseling services (categories b., c. and d. as listed under Amount Available above) or substance abuse treatment services to PLWH/A (category a. under Amount Available above) in the Houston EMA. Specifically, an applicant for this service category must clearly demonstrate it has provided mental health treatment services (e.g. professional counseling) or substance abuse treatment services (as applicable to the specific CCM category being applied for) in the previous calendar or grant year to individuals with an HIV diagnosis. Acceptable documentation for such treatment activities includes standardized reporting documentation from the County's CPCDMS or Texas Department of State Health Services' ARIES data systems, Ryan White Services Report (RSR), SAMSHA or TDSHS/SAS program reports or other verifiable <u>published</u> data. Data submitted to meet this requirement is subject to audit by HCPHS/RWGA prior to an award being recommended. Agency- generated non-verifiable data is not acceptable. In addition, applicant agency must demonstrate it has the capability to continue providing mental health treatment and/or substance abuse treatment services for the duration of the contract term and any subsequent one-year contract renewals. Acceptable documentation of such continuing capability includes <u>current</u> funding from Ryan White (all Parts), TDSHS HIV-related funding (Ryan White, State Services, State-funded Substance Abuse Services), SAMSHA and other ongoing federal, state and/or public or private foundation HIV- related funding for mental health treatment and/or substance abuse treatment services. Proof of such funding must be documented in the application and is subject to independent verification by HCPHS/RWGA prior to an award being recommended.
	Loss of funding and corresponding loss of capacity to provide mental health counseling or substance abuse treatment services as applicable may result in the termination of Clinical Case Management Services

	<ul> <li>awarded under this service category. Continuing eligibility for Clinical Case Management Services funding is explicitly contingent on applicant agency maintaining verifiable capacity to provide mental health counseling or substance abuse treatment services as applicable to PLWH/A during the contract term.</li> <li>Applicant agency must be Medicaid and Medicare Certified.</li> </ul>
Staff Requirements:	Clinical Case Managers must spend at least 42% (867 hours per FTE) of their time providing direct case management services. Direct case management services include any activities with a client (face-to-face or by telephone), communication with other service providers or significant others to access client services, monitoring client care, and accompanying clients to services. Indirect activities include travel to and from a client's residence or agency, staff meetings, supervision, community education, documentation, and computer input. Direct case management activities must be documented in the Centralized Patient Care Data Management System (CPCDMS) according to CPCDMS business rules.
	<ul> <li>Must comply with applicable HCPHS/RWGA Houston EMA/HSDA Part A/B Ryan White Standards of Care:</li> <li><u>Minimum Qualifications:</u></li> <li>Clinical Case Managers must have at a minimum a Bachelor's degree from an accredited college or university with a major in social or behavioral sciences and have a current and in good standing State of Texas license (LBSW, LSW, LMSW, LCSW, LPC, LPC-I, LMFT, LMFT-A or higher level of licensure). The Clinical Case Manager may supervise the Service Linkage Worker. CCM targeting Hispanic PLWHA must demonstrate both written and verbal fluency in Spanish.</li> </ul>
	Supervision: The Clinical Case Manager (CCM) must function with the clinical infrastructure of the applicant agency and receive supervision in accordance with the CCM's licensure requirements. At a minimum, the CCM must receive ongoing supervision that meets or exceeds HCPHS/RWGA published Ryan White Part A/B Standards of Care for Clinical Case Management. If applicant agency also has Service Linkage Workers funded under Ryan White Part A the CCM may supervise the Service Linkage Worker(s). Supervision provided by a CCM that is <u>not</u> client specific is considered <b>indirect time</b> and is not billable.
Special Requirements: <b>RWGA Only</b>	Contractor must employ full-time Clinical Case Managers. Prior approval must be obtained from RWGA to split full-time equivalent (FTE) CCM positions among other contracts or to employ part-time staff. Contractor must provide to RWGA the names of each Clinical Case Manager and the program supervisor no later than 3/30/17. Contractor must inform RWGA in writing of any

changes in personnel assigned to contract within seven (7) business days of change.
Contractor must comply with CPCDMS data system business rules and procedures.
Contractor must perform CPCDMS new client registrations and registration updates for clients needing ongoing case management services as well as those clients who may only need to establish system of care eligibility. Contractor must issue bus pass vouchers in accordance with HCPHS/RWGA policies and procedures.

Assist clients in obtaining needed resources, including bus pass vouchers and gas cards per published HCPHS/RWGA policies. Provide comprehensive medical case management to HIV-positive youth identified through outreach and in-reach activities.</li> <li><b>A. Service Linkage</b>: Services will be available to eligible HIV-infected clients residing in the Houston EMA/HSDA with priority given to clients most in need. All clients who receive services will be served without regard to age, gender, race, color, religion, national origin, sexual orientation, or handicap. Services will target low income individuals with HIV/AIDS who demonstrate multiple medical, mental health, substance use/abuse and psychosocial needs including, but not limited to; mental health counseling, substance abuse reatment, primary medical care, specialized care, alternative treatment, primary medical care, specialized care, alternative treatment, medications, placement in a medical facility, e</li></ul>
	will be available to eligible HIV-infected Youth (ages $13 - 24$ ) residing

	in the Houston EMA/HSDA with priority given to clients most in need. All Youth who receive services will be served without regard to age (i.e. limited to those who are between 13- 24 years of age), gender, race, color, religion, national origin, sexual orientation, or handicap. Services will target low income Youth living with HIV/AIDS who demonstrate multiple medical, mental health, substance use/abuse and psychosocial needs including, but not limited to: mental health counseling, substance abuse treatment, primary medical care, specialized care, alternative treatment, medications, placement in a medical facility, emotional support, basic needs for food, clothing, and shelter, transportation, legal services and vocational services. Services will also target Youth who cannot function in the community due to barriers which include, but are not limited to, mental illness and psychiatric disorders, drug addiction and substance abuse, extreme lack of knowledge regarding available services, inability to maintain financial independence, inability to complete necessary forms, inability to arrange and complete entitlement and medical appointments, homelessness, deteriorating medical condition, illiteracy, language/cultural barriers and/or the absence of speech, sight, hearing, or mobility. <b>Youth Targeted Service Linkage, Care and Prevention</b> is intended to serve eligible youth in the Houston EMA/HSDA, especially those underserved or unserved population groups which include: African American, Hispanic/Latino, Substance Abusers, Homeless and
Services to be Provided:	Gay/Lesbian/Transsexual. Goal (A): Service Linkage: The expectation is that a single Service Linkage Worker Full Time Equivalent (FTE) targeting Not-In-Care and/or newly-diagnosed PLWHA can serve approximately 80 <u>newly- diagnosed or not-in-care</u> PLWH/A per year. The purpose of Service Linkage is to assist clients with the procurement of needed services so that the problems associated with living with HIV are mitigated. Service Linkage is a working agreement between a client and a Service Linkage Worker (SLW) for an indeterminate period, based on client need, during which information, referrals and service linkage are provided on an as-needed basis. The purpose of Service Linkage is to assist clients who do not require the intensity of <i>Clinical or Medical Case Management</i> , as determined by RWGA Quality Management guidelines. Service Linkage is both office- and field-based and may include the issuance of bus pass vouchers and gas cards per published guidelines. Service Linkage targeted to Not-In-Care and/or Newly-Diagnosed PLWHA extends the capability of existing programs with a documented track record of identifying Not-In-Care and/or newly-diagnosed PLWHA by providing "hands-on" outreach and linkage to care services to those PLWHA who are not currently accessing primary medical care services.

	<b>x a b a b b c b c b c c c c c c c c c c</b>
	In order to ensure linkage to an ongoing support system, eligible clients identified funded under this contract, including clients who may obtain their medical services through non-Ryan White-funded programs, must be transferred to a Ryan White-funded Primary Medical Care, Clinical Case Management or Service Linkage program within 90 days of initiation of services as documented in both ECLIPS and CPCDMS data systems. Those clients who choose to access primary medical care from a non-Ryan White source, including private physicians, <u>may receive ongoing service linkage services from provider</u> or must be transferred to a Clinical (CCM) or Primary Care/Medical Case Management site per client need and the preference of the client.
	<b>GOAL (B):</b> This effort will continue a program of <i>Service Linkage</i> , <i>Care and Prevention to Engage HIV Seropositive Youth</i> targeting youth (ages 13-24) with a focus on Youth of color. This service is designed to reach HIV seropositive youth of color not engaged in clinical care and to link them to appropriate clinical, supportive, and preventive services. The specific objectives are to: (1) conduct outreach (service linkage) to assist seropositive Youth learn their HIV status, (2) link HIV-infected Youth with primary care services, and (3) prevent transmission of HIV infection from targeted clients.
Service Unit Definition(s):	One unit of service is defined as 15 minutes of direct client services and
RWGA Only	allowable charges.
Financial Eligibility:	Refer to the RWPC's approved Financial Eligibility for Houston
	EMA/HSDA Services.
Client Eligibility:	Not-In-Care and/or newly-diagnosed HIV-infected individuals residing in the Houston EMA.
Agency Requirements:	<ul> <li>Service Linkage services will comply with the HCPHS/RWGA published Service Linkage Standards of Care and policies and procedures as published and/or revised, including linkage to the CPCDMS data system.</li> <li>Agency must comply with all applicable City of Houston DHHS <i>ECLIPS</i> and RWGA/HCPHS <i>CPCDMS</i> business rules and policies &amp; procedures.</li> <li>Service Linkage targeted to Not-In-Care and/or newly diagnosed PLWHA must be planned and delivered in coordination with local HIV prevention/outreach programs to avoid duplication of services and be designed with quantified program reporting that will accommodate local</li> </ul>
	effectiveness evaluation. Contractor must document established linkages with agencies that serve HIV-infected clients or serve individuals who are members of high-risk population groups (e.g., men who have sex with men, injection drug users, sex-industry workers, youth who are sentenced under the juvenile justice system, inmates of state and local jails and prisons). Contractor must have formal collaborative, referral or Point of Entry (POE) agreements with Ryan White funded HIV/AIDS primary care providers.

a 22 b i	
Staff Requirements:	Service Linkage Workers must spend at least 42% (867 hours per FTE) of their time providing direct client services. Direct service linkage and case management services include any activities with a client (face-to-face or by telephone), communication with other service providers or significant others to access client services, monitoring client care, and accompanying clients to services. Indirect activities include travel to and from a client's residence or agency, staff meetings, supervision, community education, documentation, and computer input. Direct case management activities must be documented in the CPCDMS according to system business rules.
	Part A/B Standards of Care:
	Minimum Qualifications:
	Service Linkage Workers must have at a minimum a Bachelor's degree from an accredited college or university with a major in social or behavioral sciences. Documented paid work experience in providing client services to PLWH/A may be substituted for the Bachelor's degree requirement on a 1:1 basis (1 year of documented paid experience may be substituted for 1 year of college). All Service Linkage Workers must have a minimum of one (1) year paid work experience with PLWHA.
	Supervision:
	The Service Linkage Worker must function within the clinical infrastructure of the applicant agency and receive ongoing supervision that meets or exceeds HCPHS/RWGA published Ryan White Part A/B Standards of Care for Service Linkage.
Special Requirements: <b>RWGA Only</b>	Contractor must be have the capability to provide Public Health Follow-Up by qualified Disease Intervention Specialists (DIS) to locate, identify, inform and refer newly-diagnosed and not-in-care PLWHA to outpatient primary medical care services.
	Contractor must perform CPCDMS new client registrations and, for those newly-diagnosed or out-of-care clients referred to non-Ryan White primary care providers, registration updates per RWGA business rules for those needing ongoing service linkage services as well as those clients who may only need to establish system of care eligibility. This service category does not routinely distribute Bus Passes. However, if so directed by RWGA, Contractor must issue bus pass vouchers in accordance with HCPHS/RWGA policies and procedures.

Local Service Category:	<b>Care Coordination</b> (Non-Medical Case Management) Targeting Substance Use Disorder
Amount Available:	To be determined
Unit Cost	
Budget Requirements or Restrictions ( <b>TRG Only</b> ):	Maximum 10% of budget for Administrative Cost. Direct medical costs and Substance Abuse Treatment/Counseling cannot be billed under this contract.
DSHS Service Category Definition:	<b>Care Coordination</b> is a continuum of services that allow people living with HIV to be served in a holistic method. Services that are a part of the Care Coordination Continuum include case management, (both medical and non-medical, outreach services, referral for health care, and health education/risk reduction.
	<b>Non-Medical Case Management (N-MCM)</b> model is responsive to the immediate needs of a person living with HIV (PLWH) and includes the provision of advice and assistance in obtaining medical, social, community, legal, financial, entitlements, housing, and other needed services.
	<b>Non-Medical Case Management Services (N-MCM)</b> provide guidance and assistance in accessing medical, social, community, legal, financial, and other needed services. N-MCM services may also include assisting eligible persons living with HIV (PLWH) to obtain access to other public and private programs for which they may be eligible, such as Medicaid, Medicare Part D, State Pharmacy Assistance Programs, Pharmaceutical Manufacturer's Patient Assistance Programs, other state or local health care and supportive services, or health insurance Marketplace plans. This service category includes several methods of communication (e.g., face-to- face, phone contact, and any other forms of communication) as deemed appropriate by the Texas DSHS HIV Care Services Group Ryan White Part B program.
	Limitation: Non-Medical Case Management services do not involve coordination and follow up of medical treatments.
Local Service Category Definition:	Non-Medical Case Management:The purpose of Non-Medical CaseManagement targeting Substance Use Disorders (SUD) is to assistPLWHs with the procurement of needed services so that the problemsassociated with living with HIV are mitigated. N-MCM targeting SUD isintended to serve eligible people living with HIV in the HoustonEMA/HSDA who are also facing the challenges of substance usedisorder. Non-Medical Case Management is a working agreementbetween a PLWH and a Non-Medical Case Manager for an indeterminateperiod, based on PLWH need, during which information, referrals andNon-Medical Case Management is provided on an as- needed basis andassists PLWHs who do not require the intensity of Medical CaseManagement. Non-Medical Case Management is both office-based andfield based. N-MCMs are expected to coordinate activities with referralsources where newly-diagnosed or not-in-care PLWH may be identified,including substance use disorder treatment/counseling and/or recoverysupport personnel. Such incoming referral coordination includes meetingprospective PLWHs at the referring provider location in order to developrapport with and ensuring sufficient support is available. Non-Medical

### 73 of 123

Target Population (age, gender, geographic, race, ethnicity, etc.):	<ul> <li>Case Management also includes follow-up to re-engage lost-to-care patients. Lost-to-care patients are those PLWHs who have not returned for scheduled appointments with the provider nor have provided updated information about their current Primary Medical Care provider (in the situation where PLWH may have obtained alternate service from another medical provider). Contractor must document efforts to re-engage lost-to-care patients prior to closing patients in the CPCDMS. Non-Medical Case Management extends the capability of existing programs by providing "hands-on" outreach and linkage to care services to those PLWH who are not currently accessing primary medical care services.</li> <li>Non-Medical Case Management targeting SUD is intended to serve eligible people living with HIV in the Houston EMA/HSDA, especially those underserved or unserved population groups who are also facing the challenges of substance use disorder. The target populations should also include individuals who misuse prescription medication or who use illegal substances or recreational drugs and are also:</li> </ul>
	– Transgender,
	<ul><li>Men who have sex with men (MSM),</li><li>Women or</li></ul>
	<ul> <li>women or</li> <li>Incarcerated/recently released from incarceration.</li> </ul>
Services to be Provided:	<ul> <li>Goals: The primary goal for N-MCM targeting SUD is to improve the health status of PLWHs who use substances by promoting linkages between community-based substance use disorder treatment programs, health clinics and other social service providers. N-MCM targeting SUD shall have a planned and coordinated approach to ensure that PLWHs have access to all available health and social services necessary to obtain an optimum level of functioning. N-MCM targeting SUD shall focus on behavior change, risk and harm reduction, retention in HIV care, and lowering risk of HIV transmission. The expectation is that each Non-Medical Case Management Full Time Equivalent (FTE) targeting SUD can serve approximately 80 PLWHs per year.</li> <li>Purpose: To promote Human Immunodeficiency Virus (HIV) disease management and recovery from substance use disorder by providing comprehensive Non-Medical Case Management and support for PWLH</li> </ul>
	<ul> <li>who are also dealing with substance use disorder and providing support to their families and significant others.</li> <li>N-MCM targeting SUD assists PLWHs with the procurement of needed services so that the problems associated with living with HIV are mitigated. N-MCM targeting SUD is a working agreement between a person living with HIV and a Non-Medical Case Manager (N-MCM) for an indeterminate period, based on identified need, during which</li> </ul>
	an indeterminate period, based on identified need, during which information, referrals and Non-Medical Case Management is provided on an as- needed basis. The purpose of <b>N-MCM targeting SUD</b> is to assist PLWHs who do not require the intensity of <i>Clinical or Medical Case</i> <i>Management</i> . <b>N-MCM targeting SUD</b> is community-based (i.e. both <u>office- and field-based</u> ). This Non-Medical Case Management targets PLWHs who are also dealing with the challenges of substance use disorder. N-MCMs also provide "hands-on" outreach and linkage to care services to those PLWHA who are not currently accessing primary medical care services.

	[]
	Efforts may include coordination with other case management providers to ensure the specialized needs of PLWHs who are dealing with substance use disorder are thoroughly addressed. For this population, this is not a duplication of service but rather a set of agreed upon coordinated activities that clearly delineate the unique and separate roles of N-MCMs and medical case managers who work jointly and collaboratively with the PLWH's knowledge and consent to partialize and prioritize goals in order to effectively achieve those goals.
	N-MCMs should provide activities that enhance the motivation of PLWHs on N-MCM's caseload to reduce their risks of overdose and how risk- reduction activities may be impacted by substance use and sexual behaviors. N-MCMs shall use motivational interviewing techniques and the Transtheoretical Model of Change, (DiClemente and Prochaska - Stages of Change). N-MCMs should promote and encourage entry into substance use disorder services and make referrals, if appropriate, for PLWHs who are in need of formal substance use disorder treatment or other recovery support services. However, N-MCMs shall ensure that PLWHs are not required to participate in substance use disorder treatment services as a condition for receiving services.
	For those PLWH in treatment, N-MCMs should address ongoing services and support for discharge, overdose prevention, and aftercare planning during and following substance use disorder treatment and medically- related hospitalizations.
	N-MCMs should ensure that appropriate harm- and risk-reduction information, methods and tools are used in their work with the PLWH. Information, methods and tools shall be based on the latest scientific research and best practices related to reducing sexual risk and HIV transmission risks. Methods and tools must include, but are not limited to, a variety of effective condoms and other safer sex tools as well as substance abuse risk-reduction tools, information, discussion and referral about Pre- Exposure Prophylactics (PrEP) for PLWH's sexual or drug using partners and overdose prevention. N-MCMs should make information and materials on overdose prevention available to appropriate PLWHs as a part of harm- and risk-reduction.
	Those PLWHs who choose to access primary medical care from a non- Ryan White source, including private physicians, may receive ongoing Non-Medical Case Management services from provider.
Service Unit Definition(s) ( <b>TRG Only</b> ):	One unit of service is defined as 15 minutes of direct services or coordination of care on behalf of PLWH.
Financial Eligibility:	Refer to the RWPC's approved <i>Financial Eligibility for Houston</i> <i>EMA Services</i> .
Client Eligibility:	PLWHs dealing with challenges of substance use/abuse and dependence. Resident of the Houston HSDA.
Agency Requirements (TRG Only):	These services will comply with the TRG's published <b>Non-Medical Case</b> <b>Management Targeting Substance Use Disorder</b> Standards of Care and policies and procedures as published and/or revised, including linkage to the CPCDMS data system as well as DSHS Universal Standards and Non-

	Medical Case Management Standards of Care.
	Non-Medical Case Management targeted SUD must be planned and delivered in coordination with local HIV treatment/prevention/outreach programs to avoid duplication of services and be designed with quantified program reporting that will accommodate local effectiveness evaluation. Subrecipients must document established linkages with agencies that serve PLWH or serve individuals who are members of high-risk population groups (e.g., men who have sex with men, injection drug users, sex-industry workers, youth who are sentenced under the juvenile justice system, inmates of state and local jails and prisons). Contractor must have formal collaborative, referral or Point of Entry (POE) agreements with Ryan White funded HIV primary care providers.
Staff Requirements:	Minimum Qualifications:         Non-Medical Case Management Workers must have at a minimum a Bachelor's degree from an accredited college or university with a major in social or behavioral sciences. Documented paid work experience in providing services to PLWH may be substituted for the Bachelor's degree requirement on a 1:1 basis (1 year of documented paid experience may be substituted for 1 year of college). All Non-Medical Case Management Workers must have a minimum of one (1) year work experience with PLWHA and/or substance use disorders.
	<u>Supervision:</u> The Non-Medical Case Management Worker must function within the clinical infrastructure of the applicant agency and receive ongoing supervision that meets or exceeds TRG's published <b>Non-Medical Case</b> Management Targeting Substance Use Disorder Standards of Care.
Special Requirements (TRG Only):	Must comply with the Houston EMA/HSDA Standards of Care. The agency must comply with <b>the DSHS Universal Standards and non-Medical Case Management Standards of Care</b> . The agency must have policies and procedures in place that comply with the standards <i>prior</i> to delivery of the service.
	Contractor must be licensed in Texas to directly provide substance use treatment/counseling.

Local Service Category:	Early Intervention Services – Incarcerated
Amount Available:	To be determined
Unit Cost	
Budget Requirements or	Maximum 10% of budget for Administrative Cost. No direct medical costs
Restrictions (TRG Only):	may be billed to this grant.
DSHS Service Category Definition:	<ul> <li>Support of Early Intervention Services (EIS) that include identification of individuals at points of entry and access to services and provision of:</li> <li>HIV Testing and Targeted counseling</li> <li>Referral services</li> <li>Linkage to care</li> <li>Health education and literacy training that enable clients to navigate the HIV system of care</li> <li>These services must focus on expanding key points of entry and documented tracking of referrals.</li> </ul>
	Counseling, testing, and referral activities are designed to bring people living with HIV into Outpatient Ambulatory Medical Care. The goal of EIS is to decrease the number of underserved individuals with HIV/AIDS by increasing access to care. EIS also provides the added benefit of educating and motivating clients on the importance and benefits of getting into care.
	Limitations: Funds can only be sed for HIV testing where existing federal, state, and local funds are not adequate <i>and</i> funds will supplement, <i>not supplant</i> , existing funds for testing. Funds cannot be used to purchase athome testing kits.
Local Service Category Definition:	This service includes the connection of incarcerated in the Harris County Jail into medical care, the coordination of their medical care while incarcerated, and the transition of their care from Harris County Jail to the community. Services must include: assessment of the client, provision of client education regarding disease and treatment, education and skills building to increase client's health literacy, completion of THMP/ADAP application and submission via ARIES upload process, care coordination with medical resources within the jail, care coordination with service providers outside the jail, and discharge planning.
Target Population (age, gender, geographic, race, ethnicity, etc.):	People living with HIV (PLWHs) incarcerated in The Harris County Jail.
Services to be Provided:	Services include but are not limited to CPCDMS registration/update, assessment, provision of client education, coordination of medical care services provided while incarcerated, medication regimen transition, multidisciplinary team review, discharge planning, and referral to community resources.
	EIS for the Incarcerated is provided at Harris County Jail. HCJ's population includes both individuals who are actively progressing through the criminal justice system (toward a determination of guilt or innocence), individuals who are serving that sentence in HCJ, and individuals who are awaiting transfer to Texas Department of Criminal Justice (TDCJ). The complexity of this population has proven a challenge in service delivery. Some individuals in HCJ have a firm release date. Others may attend and be released directly from court.
	Therefore, EIS for the Incarcerated has been designed to consider the uncertain nature of length of stay in the service delivery. Three tiers of

	<ul> <li>service provision haven been designated. They are:</li> <li>Tier 0: The individuals in this tier do not stay in HCJ long enough to receive a clinical appointment while incarcerated. The use of zero for this tier's designation reinforces the understanding that the interaction with funded staff will be minimal. The length of stay in this tier is traditionally less than 14 days.</li> <li>Tier 1: The individuals in this tier stay in HCJ long enough to receive a clinical appointment while incarcerated. This clinical appointment triggers the ability of staff to conduct multiple interactions to assure that certain benchmarks of service provision should be met. The length of stay in this tier is traditionally 15-30 days.</li> <li>Tier 2: The individuals in this tier remain in HCJ long enough to get additional interactions and potentially multiple clinical appointments. The length of stay in this tier is traditionally 30 or more days.</li> </ul> Service provision builds on the activities of the previous tier if the individual remains in HCJ. Each tier helps the staff to focus interactions to address the highest priority needs of the individual. Each interaction is conducted as if it is the only opportunity to conduct the intervention with the individual.
Service Unit Definition(s) (TRG Only):	One unit of service is defined as 15 minutes of direct client services or coordination of care on behalf of client.
Financial Eligibility:	Due to incarceration, no income or residency documentation is required.
Client Eligibility:	People living with HIV incarcerated in the Harris County Jail.
Agency Requirements (TRG Only):	As applicable. the agency's facility(s) shall be appropriately licensed or certified as required by Texas Department of State Health Services, for the provision of HIV Early Intervention Services, including phlebotomy services. Agency/staff will establish memoranda of understanding (MOUs) with key points of entry into care to facilitate access to care for those who are identified by testing in HCJ. Agency must execute Memoranda of Understanding with Ryan White funded Outpatient Ambulatory Medical Care providers. The Administrative Agency must be notified in writing if any OAMC providers refuse to execute an MOU.
Staff Requirements:	Not Applicable.
Special Requirements ( <b>TRG Only</b> ):	Must comply with the Houston EMA/HSDA Standards of Care. The agency must comply with <b>the DSHS Early Intervention Services</b> <b>Standards of Care</b> and <b>the Houston HSDA Early Intervention Services</b> <b>for the Incarcerated Standards of Care</b> . The agency must have policies and procedures in place that comply with the standards <i>prior</i> to delivery of the service.

### 2019-20 Service Category Definition Ryan White Part B and DSHS State Services

Local Service Category:	Health Insurance Premium and Cost Sharing Assistance
Amount Available:	To be determined
Budget Requirements or Restrictions ( <b>TRG</b> <b>Only</b> ):	Contractor must spend no more than 20% of funds on disbursement transactions. The remaining 80% of funds must be expended on the actual cost of the payment(s) disbursed. ADAP dispensing fees are not allowable under this service category.
Local Service Category Definition:	<b>Health Insurance Premium and Cost Sharing Assistance:</b> The Health Insurance Premium and Cost Sharing Assistance service category is intended to help people living with HIV continue medical care without gaps in health insurance coverage or disruption of treatment. A program of financial assistance for the payment of health insurance premiums and co- pays, co-insurance and deductibles to enable eligible individuals with HIV disease to utilize their existing third party or public assistance (e.g. Medicare) medical insurance.
	<u>Co-Payment:</u> A cost-sharing requirement that requires the insured to pay a specific dollar amount for each unit of service.
	<u>Co-Insurance</u> : A cost-sharing requirement that requires the insured to pay a percentage of costs for covered services/prescription
	<u>Deductible:</u> A cost-sharing requirement that requires the insured pay a certain amount for health care or prescription, before the prescription drug plan or other insurance begins to pay.
	<u>Premium</u> : The amount paid by the insured to an insurance company to obtain or maintain and insurance policy.
	<u>Advance Premium Tax Credit (APTC) Tax Liability:</u> Tax liability associated with the APTC reconciliation; reimbursement cap of 50% of the tax due up to a maximum of \$500.
Target Population (age, gender, geographic, race, ethnicity, etc.):	All Ryan White eligible clients with 3 <sup>rd</sup> party insurance coverage (COBRA, private policies, Qualified Health Plans, CHIP, Medicaid, Medicare and Medicare Supplemental plans) within the Houston HSDA.
Services to be Provided:	<ul> <li>Contractor may provide assistance with:</li> <li>Insurance premiums,</li> <li>And deductibles, co-insurance and/or co-payments.</li> </ul>
Service Unit Definition (TRG Only):	A unit of service will consist of payment of health insurance premiums, co- payments, co-insurance, deductible, or a combination.
Financial Eligibility:	Affordable Care Act (ACA) Marketplace Plans: 100-400% of federal poverty guidelines. All other insurance plans at or below 400% of federal poverty guidelines.
	Exception: Clients who were enrolled prior to November 1, 2015 will maintain their eligibility in subsequent plan years even if below 100% or between 400-500% of federal poverty guidelines.
Client Eligibility:	People living with HIV in the Houston HSDA and have insurance or be eligible (within local financial eligibility guidelines) to purchase a Qualified Health Plan through the Marketplace.

Agency Requirements	Agency must
Agency Requirements (TRG Only):	<ul> <li>Agency must:</li> <li>Provide a comprehensive financial intake/application to determine client eligibility for this program to insure that these funds are used as a last resort in order for the client to utilize his/her existing insurance or be eligible to purchase a qualified health plan through the Marketplace.</li> <li>Clients will not be put on wait lists nor will Health Insurance Premium and Cost Sharing Assistance services be postponed or denied due to funding without notifying the Administrative Agency.</li> <li>Conduct marketing in-services with Houston area HIV/AIDS service providers to inform them of this program and how the client referral and enrollment processes function.</li> <li>Establish formal written agreements with all Houston HSDA Ryan White-funded (Part A, B, C, D) primary care, mental health and substance abuse provider site. (i.e. No need for client to physically present to Health Insurance provider.)</li> <li>Utilizes the RW Planning Council-approved prioritization of cost sharing assistance when limited funds warrant it (premiums take precedence).</li> <li><b>Priority Ranking of Requests (in descending order)</b>: <ul> <li>HIV medication co-pays and deductibles</li> <li>Co-payments for provider visits (eg. physician visit and/or lab copayments)</li> <li>Medicare Part D (Rx) premiums</li> <li>APTC Tax Liability</li> <li>Out of Network out-of-pocket expenses</li> </ul> </li> </ul>
	• Utilizes the RW Planning Council –approved consumer out-of-pocket
Special Requirements	methodology. Must comply with the <b>DSHS Health Insurance Assistance Standards of</b>
(TRG Only):	<ul> <li>Care and the Houston HSDA Health Insurance Assistance Standards of Care and, pending the most current DSHS guidance, client must:</li> <li>Purchase Silver Level Plan with formulary equivalency</li> <li>Take advance premium credit</li> <li>No assistance for Out of Network out-of-pocket expenses without</li> </ul>
	prior approval of the Administrative Agent. Must comply with DSHS Interim Guidance. Must comply with updated
	guidance from DSHS. Must comply with the Eastern HASA Health Insurance Assistance Policy and Procedure (HIA-1701).

### FY 2020 Houston EMA Ryan White Part A/MAI Service Definition Health Insurance Co-Payments and Co-Insurance Assistance

iteriti insurance et i aginents and et insurance rissistance				
HRSA Service Category	Health Insurance Premium and Cost Sharing Assistance			
Title:				
Local Service Category Title:	Health Insurance Co-Payments and Co-Insurance			
Budget Type:	Hybrid Fee for Service			
Budget Requirements or Restrictions:	Agency must spend no more than 20% of funds on disbursement transactions. The remaining 80% of funds must be expended on the actual cost of the payment(s) disbursed.			
HRSA Service Category Definition:	<i>Health Insurance Premium &amp; Cost Sharing Assistance</i> is the provision of financial assistance for eligible individuals living with HIV to maintain a continuity of health insurance or to receive medical benefits under a health insurance program. This includes premium payments, risk pools, co-payments, and deductibles.			
Local Service Category Definition:	A program of financial assistance for the payment of health insurance premiums, deductibles, co-insurance, co-payments and tax liability payments associated with Advance Premium Tax Credit (APTC) reconciliation to enable eligible individuals with HIV disease to utilize their existing third party or public assistance (e.g. Medicare) medical insurance.			
	<u>Co-Payment:</u> A cost-sharing requirement that requires the insured to pay a specific dollar amount for each unit of service.			
	<u>Co-Insurance</u> : A cost-sharing requirement that requires the insured to pay a percentage of costs for covered services/prescription			
	<u>Deductible:</u> A cost-sharing requirement that requires the insured to pay a certain amount for health care or prescription, before the prescription drug plan or other insurance begins to pay.			
	<u>Premium:</u> The amount paid by the insured to an insurance company to obtain or maintain and insurance policy.			
	<u>APTC Tax Liability:</u> The difference paid on a tax return if the advance credit payments that were paid to a health care provider were more than the actual eligible credit.			
Target Population (age, gender, geographic, race, ethnicity, etc.):	All Ryan White eligible clients with 3 <sup>rd</sup> party insurance coverage (COBRA, private policies, Qualified Health Plans, CHIP, Medicaid, Medicare and Medicare Supplemental) within the Houston EMA.			
Services to be Provided:	Provision of financial assistance with premiums, deductibles, co- insurance, and co-payments. Also includes tax liability payments associated with APTC reconciliation up to 50% of liability with a \$500 maximum.			
Service Unit Definition(s): (RWGA only)	1 unit of service = A payment of a premium, deductible, co- insurance, co-payment or tax liability associated with APTC reconciliation for an HIV-infected person with insurance coverage.			

Financial Eligibility:	Refer to the RWPC's approved <i>Financial Eligibility for Houston</i>		
	EMA/HSDA Services.		
Client Eligibility:	HIV-infected individuals residing in the Houston EMA meeting financial eligibility requirements and have insurance or be eligible to purchase a Qualified Health Plan through the Marketplace.		
Agency Requirements:	<ul> <li>Agency must:</li> <li>Provide a comprehensive financial intake/application to determine client eligibility for this program to insure that these funds are used as a last resort in order for the client to utilize his/her existing insurance or be eligible to purchase a qualified health plan through the Marketplace.</li> <li>Ensure that assistance provided to clients does not duplicate services already being provided through Ryan White Part B or State Services. The process for ensuring this requirement must be fully documented.</li> <li>Have mechanisms to vigorously pursue any excess premium tax credit a client receives from the IRS upon submission of the client's tax return for those clients that receive financial assistance for eligible out of pocket costs associated with the purchase and use of Qualified Health Plans obtained through the Marketplace.</li> <li>Conduct marketing with Houston area HIV/AIDS service providers to inform such entities of this program and how the client referral and enrollment processes function. Marketing efforts must be documented and are subject to review by RWGA.</li> </ul>		
	<ul> <li>Clients will not be put on wait lists nor will Health Insurance Premium and Cost Sharing Assistance services be postponed or denied without notifying the Administrative Agency.</li> <li>Establish formal written agreements with all Houston HSDA Ryan White-funded (Part A, B, C, D) primary care, mental health and substance abuse provider agencies to enable clients of these agencies to enroll in Health Insurance assistance at his/her primary care, mental health or substance abuse provider site. (i.e. No need for client to physically present to Health Insurance provider.)</li> <li>Utilize RWGA approved prioritization of cost sharing assistance, when limited funds warrant it.</li> <li>Utilize consumer out-of-pocket methodology approved by RWGA.</li> </ul>		
Staff Requirements:	None		
Special Requirements:	<ul> <li>Agency must:</li> <li>Comply with the Houston EMA/HSDA Standards of Care and Health Insurance Assistance service category program policies.</li> </ul>

Local Service Category:	Home and Community-Based Health Services (Facility-Based)		
Amount Available:	To be determined		
Unit Cost			
Budget Requirements or Restrictions:	Maximum of 10% of budget for Administrative Cost		
DSHS Service Category Definition:	<ul> <li>Home and Community-Based Health Care Services are therapeutic, nursing, supportive and/or compensatory health services provided by a licensed/certified home health agency in a home or community-based setting in accordance with a written, individualized plan of care established by a licensed physician. Home and Community-Based Health Services include the following:</li> <li>Para-professional care is the provision of services by a home health aide, personal caretaker, or attendant caretaker. This definition also includes non-medical, non-nursing assistance with cooking and cleaning activities to help clients remain in their homes.</li> <li>Professional care is the provision of services in the home by licensed health care workers such as nurses.</li> <li>Specialized care is the provision of services that include intravenous and aerosolized treatment, parenteral feeding, diagnostic testing, and other high-tech therapies. physical therapy, social worker services.</li> <li>Home and Community-Based Health Care Providers work closely with the multidisciplinary care team that includes the client's case manager, primary care provider, and other appropriate health care professionals. Allowable services include:</li> <li>Durable medical equipment</li> <li>Home health aide and personal care services</li> <li>Day treatment or other partial hospitalization services</li> <li>Home intravenous and aerosolized drug therapy (including prescription drugs administered as part of such therapy)</li> <li>Routine diagnostic testing</li> <li>Appropriate mental health, developmental, and rehabilitation services</li> </ul>		
Local Service Category Definition:	public and private entities           Home and Community-based Health Services (facility-based) is defined as a day treatment program that includes Physician ordered therapeutic nursing,		
	supportive and/or compensatory health services based on a written plan of care established by an interdisciplinary care team that includes appropriate healthcare professionals and paraprofessionals. Services include skilled nursing, nutritional counseling, evaluations and education, and additional therapeutic services and activities. Inpatient hospitals services, nursing home and other long-term care facilities are <b>NOT</b> included.		
Target Population (age, gender, geographic, race, ethnicity, etc.):	Eligible recipients for home and community-based health services are persons living with HIV residing within the Houston HIV Service Delivery Area (HSDA) who are at least 18 years of age.		
Services to be Provided:	<ul> <li>Community-Based Health Services are designed to support the increased functioning and the return to self-sufficiency of clients through the provision of treatment and activities of daily living. Services must include:</li> <li>Skilled Nursing: Services to include medication administration, medication supervision, medication ordering, filling pill box, wound dressing changes, straight catheter insertion, education of family/significant others in patient</li> </ul>		

	<ul> <li>care techniques, ongoing monitoring of patients' physical condition and communication with attending physicians (s), personal care, and diagnostics testing.</li> <li>Other Therapeutic Services: Services to include recreational activities (fine/gross motor skills and cognitive development), replacement of durable medical equipment, information referral, peer support, and transportation.</li> <li>Nutrition: Services to include evaluation and counseling, supplemental nutrition, and daily nutritious meals.</li> <li>Education: Services to include instructional workshops of HIV related topics and life skills.</li> <li>Services will be provided at least Monday through Friday for a minimum of 10 hours/day.</li> </ul>
Service Unit Definition(s):	A unit of service is defined as one (1) visit/day of care for one (1) client for a minimum of four hours. Services consist of medical health care and social services at a licensed adult day.
Financial Eligibility:	Income at or below 300% of Federal Poverty Guidelines
Client Eligibility:	People living with HIV at least 18 years of age residing within the Houston HSDA.
Agency Requirements:	Must be licensed by the Texas Department of Aging and Disability Services (DADS) as an Adult Day Care provider.
Staff Requirements:	<ul> <li>Skilled Nursing Services must be provided by a Licensed Vocational or Registered Nurse.</li> <li>Other Therapeutic Services are provided by paraprofessionals, such as an activities coordinator, and counselors (LPC, LMSW, and LMFTA).</li> <li>Nutritional Services are provided by a Registered Dietician and food managers.</li> <li>Education Services are provided by a health educator.</li> </ul>
Special Requirements:	Must comply with the Houston EMA/HSDA Standards of Care. The agency must comply with <b>the DSHS Home and Community-Based Health Services Standards of Care</b> and <b>Houston HSDA</b> . The agency must have policies and procedures in place that comply with the standards <i>prior</i> to delivery of the service.

Local Service Category:	Hospice Services		
Amount Available:	To be determined		
Unit Cost			
Budget Requirements or Restrictions:	Maximum 10% of budget for Administrative Cost		
DSHS Service Category Definition:	Provision of end-of-life care provided by licensed hospice care providers to clients in the terminal stages of an HIV-related illness, in a home or other residential setting, including a non-acute-care section of a hospital that has been designated and staffed to provide hospice care for terminal patients.		
	<ul> <li>Hospice services include, but are not limited to, the palliation and management of the terminal illness and conditions related to the terminal illness. Allowable Ryan White/State Services funded services are:</li> <li>Room</li> <li>Board</li> <li>Nursing care</li> <li>Mental health counseling, to include bereavement counseling</li> <li>Physician services</li> </ul>		
	• Palliative therapeutics Ryan White/State Service funds may not be used for funeral, burial, cremation, or related expenses. Funds may not be used for nutritional services, durable medical equipment and medical supplies or case management services.		
Local Service Category Definition:	Hospice services encompass palliative care for terminally ill clients and support services for clients and their families. Services are provided by a licensed nurse and/or physical therapist. Additionally, unlicensed personnel may deliver services under the delegation of a licensed nurse or physical therapist, to a client or a client's family as part of a coordinated program. A physician must certify that a patient is terminal, defined under Medicaid hospice regulations as having a life expectancy of 6 months or less.		
	Services must include but are not limited to medical and nursing care, palliative care, and psychosocial support for the patient, as well as a mechanism for bereavement referral for surviving family members. Counseling services provided in the context of hospice care must be consistent with the (Ryan White) definition of mental health counseling. Palliative therapies must be consistent with those covered under respective State Medicaid Program.		
Target Population (age, gender, geographic, race, ethnicity, etc.):	People living with HIV and having a life expectancy of 6 months or less residing in the Houston HIV Service Delivery (HSDA).		
Services to be Provided:	Services must include but are not limited to medical and nursing care,		

	palliative care, psychosocial support and spiritual guidance for the patient, as well as a mechanism for bereavement referral for surviving family members. Counseling services provided in the context of hospice care must be consistent with the (Ryan White) definition of mental health counseling. Palliative therapies must be consistent with those covered under respective State Medicaid Program.
	<ul><li>Allowable Ryan White/State Services funded services are:</li><li>Room</li><li>Board</li></ul>
	Nursing care     Montal health counseling, to include hereevement counseling
	<ul><li>Mental health counseling, to include bereavement counseling</li><li>Physician services</li></ul>
	<ul><li>Palliative therapeutics</li></ul>
	Services NOT allowed under this category:
	• HIV medications under hospice care unless paid for by the client.
	• Medical care for acute conditions or acute exacerbations of
	chronic conditions other than HIV for potentially Medicaid
	eligible residents.
	• Funeral, burial, cremation, or related expenses.
	• Nutritional services,
	• Durable medical equipment and medical supplies.
	<ul> <li>Case management services.</li> <li>Although Tayon Mediacid can now for hereovernet counceling for</li> </ul>
	• Although Texas Medicaid can pay for bereavement counseling for family members for up to a year after the patient's death and can
	be offered in a skilled nursing facility or nursing home, Ryan
	White funding CANNOT pay for these services per legislation.
Service Unit Definition(s):	A unit of service is defined as one (1) twenty-four (24) hour day of
· · · · · · · · · · · · · · · · · · ·	hospice services that includes a full range of physical and psychological support to HIV patients in the final stages of AIDS.
Financial Eligibility:	Income at or below 300% Federal Poverty Guidelines.
Client Eligibility:	Individuals with an AIDS diagnosis and certified by his or her
	physician that the individual's prognosis is for a life expectancy of six
	(6) months or less if the terminal illness runs its normal course
Agency Requirements:	Agency/provider is a licensed hospital/facility and maintains a valid State license with a residential AIDS Hospice designation or is certified as a Special Care Facility with Hospice designation.
	Provider must inform Administrative Agency regarding issue of long- term care facilities denying admission for people living with HIV based on inability to provide appropriate level of skilled nursing care.
	Services must be provided by a medically directed interdisciplinary team, qualified in treating individual requiring hospice services.
	1

	Staff will refer Medicaid/Medicare eligible clients to a Hospice Provider for medical, support, and palliative care. Staff will document an attempt has been made to place Medicaid/Medicare eligible clients in another facility prior to admission.
Staff Requirements:	All hospice care staff who provide direct-care services and who require licensure or certification, must be properly licensed or certified by the State of Texas.
Special Requirements:	<ul> <li>These services must be:</li> <li>a) Available 24 hours a day, seven days a week, during the last stages of illness, during death, and during bereavement;</li> <li>b) Provided by a medically directed interdisciplinary team;</li> <li>c) Provided in nursing home, residential unit, or inpatient unit according to need. These services do not include inpatient care normally provided in a licensed hospital to a terminally ill person who has not elected to be a hospice client.</li> <li>d) Residents seeking care for hospice at Agency must first seek care from other facilities and denial must be documented in the resident's chart.</li> </ul>
	Must comply with the <b>Houston HSDA Hospice Standards of Care</b> . The agency must comply with <b>the DSHS Hospice Standards of</b> <b>Care</b> . The agency must have policies and procedures in place that
	comply with the standards <i>prior</i> to delivery of the service.

Local Service Category:	Linguistics Services
Amount Available:	To be determined
Unit Cost:	
Budget Requirements or	Maximum of 10% of budget for Administrative Cost.
Restrictions (TRG Only):	
DSHS Service Category Definition	Support for Linguistic Services includes interpretation (oral) and translation (written) services, provided by qualified individuals as a component of HIV service delivery between the provider and the client, when such services are necessary to facilitate communication between the provider and client and/or support delivery of Ryan White-eligible services.
	Linguistic Services include interpretation/translation services provided by qualified interpreters to people living with HIV (including those who are deaf/hard of hearing and non-English speaking individuals) for the purpose of ensuring communication between client and providers while accessing medical and Ryan White fundable support services that have a direct impact on primary medical care. These standards ensure that language is not barrier to any client seeking HIV related medical care and support; and linguistic services are provided in a culturally appropriate manner. Services are intended to be inclusive of all cultures and sub-cultures and not limited to any particular population group or sets of groups. They are especially designed to assure that the needs of racial, ethnic, and linguistic populations severely impacted by the HIV epidemic receive quality, unbiased services.
Local Service Category Definition:	To provide one hour of interpreter services including, but not limited to, sign language for deaf and /or hard of hearing and native language
Tanget Denvlation (and	interpretation for monolingual people living with HIV.
Target Population (age, gender, geographic, race, ethnicity, etc.):	People living with HIV in the Houston HIV Service Delivery Area (HSDA).
Services to be Provided:	Services include language translation and signing for deaf and/or hearing impaired HIV+ persons. Services exclude Spanish Translation Services.
Service Unit Definition(s) ( <b>TRG Only</b> ):	A unit of service is defined as one hour of interpreter services to an eligible client.
Financial Eligibility:	Income at or below 300% Federal Poverty Guidelines.
Client Eligibility:	people living with HIV in the Houston HSDA
Agency Requirements	Any qualified and interested agency may apply and subcontract actual
(TRG Only):	interpretation services out to various other qualifying agencies.
Staff Requirements:	ASL interpreters must be certified. Language interpreters must have completed a forty (40) hour community interpreter training course approved by the DSHS.
Special Requirements (TRG Only):	Must comply with the Houston HSDA Linguistic Services Standards of Care. The agency must comply with the DSHS Linguistic Services Standards of Care. The agency must have policies and procedures in place that comply with the standards <i>prior</i> to delivery of the service.

FY 2020 Houston EMA Ryan White Part A/MAI Service Definition Medical Nutritional Therapy		
HRSA Service Category Title: <b>RWGA Only</b>	Medical Nutritional Therapy	
Local Service Category Title:	Medical Nutritional Therapy and Nutritional Supplements	
Budget Type: RWGA Only	Hybrid	
Budget Requirements or Restrictions: <b>RWGA Only</b>	<i>Supplements:</i> An individual client may not exceed \$1,000.00 in supplements annually without <b>prior</b> approval by RWGA.	
	<i>Nutritional Therapy:</i> An individual nutritional education/counseling session lasting a minimum of 45 minutes. Provision of professional (licensed registered dietician) education/counseling concerning the therapeutic importance of foods and nutritional supplements that are beneficial to the wellness and improved health conditions of clients. Medically, it is expected that symptomatic or mildly symptomatic clients will be seen once every 12 weeks while clients with higher acuity will be seen once every 6 weeks.	
HRSA Service Category	<i>Medical nutrition therapy</i> is provided by a licensed registered dietitian	
Definition:	outside of a primary care visit and may include the provision of	
RWGA Only	nutritional supplements.	
Local Service Category Definition:	<i>Supplements:</i> Up to a 90-day supply at any given time, per client, of approved nutritional supplements that are listed on the Houston EMA/HSDA Nutritional Supplement Formulary. Nutritional counseling must be provided for each disbursement of nutritional supplements.	
	<i>Nutritional Therapy:</i> An individual nutritional education/counseling session lasting a minimum of 45 minutes. Provision of professional (licensed registered dietician) education/counseling concerning the therapeutic importance of foods and nutritional supplements that are beneficial to the wellness and improved health conditions of clients. Medically, it is expected that symptomatic or mildly symptomatic clients will be seen once every 12 weeks while clients with higher acuity will be seen once every 6 weeks. Services must be provided under written order from a state licensed medical provider (MD, DO or PA) with prescribing privileges and must be based on a written nutrition plan developed by a licensed registered dietician.	
Target Population (age, gender, geographic, race, ethnicity, etc.):	HIV/AIDS infected persons living within the Houston Eligible Metropolitan Area (EMA) or HIV Service Delivery Area (HSDA).	
Services to be Provided:	Supplements: The provision of nutritional supplements to eligible clients with a written referral from a licensed physician or PA that specifies frequency, duration and amount and includes a written nutritional plan prepared by a licensed, registered dietician. Nutritional Supplement Disbursement Counseling is a component of	

	<ul> <li>Medical Nutritional Therapy. Nutritional Supplement Disbursement</li> <li>Counseling is a component of the disbursement transaction and is</li> <li>defined as the provision of information by a licensed registered dietitian</li> <li>about therapeutic nutritional and/or supplemental foods that are</li> <li>beneficial to the wellness and increased health condition of clients</li> <li>provided in conjunction with the disbursement of supplements.</li> <li>Services may be provided either through educational or counseling</li> <li>sessions. Also included in this service are follow up sessions with</li> <li>clients' Primary Care provider regarding the effectiveness of the</li> <li>supplements. The number of sessions for each client shall be</li> <li>determined by a written assessment conducted by the Licensed</li> <li>Dietitian but may not exceed twelve (12) sessions per client per</li> <li>contract year.</li> </ul>
	order of a state licensed medical provider (MD, DO, PA) with prescribing privileges and must include a written plan developed by state licensed registered dietician. Client must receive a full range of medical nutritional therapy services including, but not limited to, diet history and recall; estimation of nutrition intake; assessment of weight change; calculation of nutritional requirements related to specific medication regimes and disease status, meal preparation and selection suggestions; calorie counts; evaluation of clinically appropriate laboratory results; assessment of medication-nutrient interactions; and bio-impedance assessment. If patient evaluation indicates the need for interventions such as nutritional supplements, appetite stimulants, or treatment of underlying pathogens, the dietician must share such findings with the patient's primary medical provider (MD, DO or PE) and provide recommendations. Clients needing additional nutritional resources will be referred to case management services as appropriate and/or local food banks.
	Provider must furnish information on this service category to at least the health care providers funded by Ryan White Parts A, B, C and D and TDSHS State Services.
Service Unit Definition(s): <b>RWGA Only</b>	<i>Supplements:</i> One (1) unit of service = a single visit wherein an eligible client receives allowable nutritional supplements (up to a 90 day supply) and nutritional counseling by a licensed dietician as clinically indicated. A visit wherein the client receives counseling but no supplements is <u>not</u> a billable <u>disbursement transaction</u> .
	<i>Medical Nutritional Therapy:</i> An individual nutritional counseling session lasting a minimum of 45 minutes.
Financial Eligibility:	Refer to the RWPC's approved <i>Financial Eligibility for Houston</i> <i>EMA/HSDA Services</i> .
Client Eligibility:	<i>Nutritional Supplements:</i> HIV-infected and documentation that the client is actively enrolled in primary medical care.

	<i>Medical Nutritional Therapy:</i> HIV-infected resident and documentation that the client is actively enrolled in primary medical care.
Agency Requirements:	None.
Staff Requirements:	The nutritional counseling services under this category must be provided by a licensed registered dietician. Dieticians must have a minimum of two (2) years experience providing nutritional assessment and counseling to PLWHA.
Special Requirements: <b>RWGA Only</b>	Must comply with Houston EMA/HSDA Part A/B Standards of Care, HHS treatment guidelines and applicable HRSA/HAB HIV Clinical Performance Measures. Must comply with the Houston EMA/HSDA approved Medical Nutritional Therapy Formulary.

Local Service Category:	Mental Health Services
Amount Available:	To be determined
Unit Cost	
Budget Requirements or	Maximum of 10% of budget for Administrative Cost.
Restrictions (TRG Only):	
DSHS Service Category Definition	<ul> <li>Mental Health Services include psychological and psychiatric treatment and counseling services offered to individuals with a diagnosed mental illness, conducted in a family/couples, group or individual setting, based on a detailed treatment plan, and provided by a mental health professional licensed or authorized within the State to provide such services, typically including psychiatrists, psychologists, and licensed clinical social workers.</li> <li>Mental health counseling services includes outpatient mental health therapy and counseling (individual and family/couple) provided solely by Mental Health Practitioners licensed in the State of Texas.</li> </ul>
	<ul> <li>Mental health services include:</li> <li>Mental Health Assessment</li> <li>Treatment Planning</li> <li>Treatment Provision</li> <li>Individual psychotherapy</li> <li>Family psychotherapy</li> <li>Conjoint psychotherapy</li> <li>Group psychotherapy</li> <li>Psychiatric medication assessment, prescription and monitoring</li> <li>Psychotropic medication management</li> <li>Drop-In Psychotherapy Groups</li> <li>Emergency/Crisis Intervention</li> </ul>
	General mental health therapy, counseling and short-term (based on the mental health professional's judgment) bereavement support is available for family members or significant others of people living with HIV.
Local Service Category Definition:	<b>Individual Therapy/counseling</b> is defined as 1:1 or family-based crisis intervention and/or mental health therapy provided by a licensed mental health practitioner to an eligible person living with HIV.
	<b>Family/Couples Therapy/Counseling</b> is defined as crisis intervention and/or mental health therapy provided by a licensed mental health practitioner to a family or couple (opposite-sex, same-sex, transgendered or non-gender conforming) that includes an eligible person living with HIV.
	<b>Support Groups</b> are defined as professionally led (licensed therapists or counselor) groups that comprise people living with HIV, family members, or significant others for the purpose of providing emotional support directly related to the stress of caring for people living with HIV.
Target Population (age, gender, geographic, race, ethnicity, etc.):	People living with HIV and affected individuals living within the Houston HIV Service Delivery Area (HSDA).
Services to be Provided:	Agencies are encouraged to have available to clients all modes of counseling services, i.e., crisis, individual, family, and group. Sessions may be conducted in-home. Agency must provide professional support group sessions led by a licensed counselor.

Service Unit Definition(s) ( <b>TRG Only</b> ):	Individual Crisis Intervention and/or Therapy: A unit of service is defined as an individual counseling session lasting a minimum of 45 minutes.
	<b>Family/Couples Crisis Intervention and/or Therapy:</b> A unit of service is defined as a family/couples counseling session lasting a minimum of 90 minutes.
	<b>Group Therapy:</b> A unit of service is defined as one (1) eligible client attending 90 minutes of group therapy. The minimum time allowable for a single group session is 90 minutes and maximum time allowable for a single group session is 120 minutes. No more than one unit may be billed per session for an individual or group session.
	A minimum of three (3) clients must attend a group session in order for the group session to eligible for reimbursement.
	<b>Consultation:</b> One unit of service is defined as 15 minutes of communication with a medical or other appropriate provider to ensure case coordination.
Financial Eligibility:	Income at or below 300% Federal Poverty Guidelines.
Client Eligibility:	For individual therapy session, person living with HIV or the affected significant other of a person living with HIV, resident of Houston HSDA.
	Person living with HIV must have a current DSM diagnosis eligible for reimbursement under the State Medicaid Plan.
	Client must not be eligible for services from other programs or providers (i.e. MHMRA of Harris County) or any other reimbursement source (i.e. Medicaid, Medicare, Private Insurance) unless the client is in crisis and cannot be provided immediate services from the other programs/providers. In this case, clients may be provided services, if the client applies for the other programs /providers, until the other programs/providers can take over services.
	Medicaid/Medicare, Third Party Payer and Private Pay status of clients receiving services under this grant must be verified by the provider prior to requesting reimbursement under this grant. For support group sessions, client must be either a person living with HIV or the significant other of person living with HIV.
	Affected significant other is eligible for services only related to the stress of caring for a person living with HIV.
Agency Requirements (TRG Only):	Agency must provide assurance that the mental health practitioner shall be supervised by a licensed therapist qualified by the State to provide clinical supervision. This supervision should be documented through supervision notes.
	Keep attendance records for group sessions.
	Must provide 24-hour access to a licensed counselor for current clients with

	emotional emergencies.
	emotional emergencies.
	Clients eligible for Medicaid or 3rd party payer reimbursement may not be billed to grant funds. Medicare Co-payments may be billed to the contract as $\frac{1}{2}$ unit of service.
	Documentation of at least one therapist certified by Medicaid/Medicare on the staff of the agency must be provided in the proposal. All funded agencies must maintain the capability to serve and seek reimbursement from Medicaid/Medicare throughout the term of their contract. Potential clients who are Medicaid/ Medicare eligible may not be denied services by a funded agency based on their reimbursement status (Medicaid/Medicare eligible clients may not be referred elsewhere in order that non-Medicaid/Medicare eligible clients may be added to this grant). Failure to serve Medicaid/Medicare eligible clients based on their reimbursement status will be grounds for the immediate termination of the provider's contract.
	Must comply with the State Services Standards of Care.
	Must provide a plan for establishing criteria for prioritizing participation in group sessions and for termination from group participation.
	Providers and system must be Medicaid/Medicare certified to ensure that Ryan White funds are the payer of last resort.
Staff Requirements:	It is required that counselors have the following qualifications: Licensed Mental Health Practitioner by the State of Texas (LCSW, LMSW, LPC PhD, Psychologist, or LMFT).
	At least two years' experience working with HIV disease or two years' work experience with chronic care of a catastrophic illness.
	Counselors providing family sessions must have at least two years' experience in family therapy.
	Counselors must be covered by professional liability insurance with limits of at least \$300,000 per occurrence.
Special Requirements ( <b>TRG Only</b> ):	All mental health interventions must be based on proven clinical methods and in accordance with legal and ethical standards. The importance of maintaining confidentiality is of critical importance and cannot be overstated unless otherwise indicated based on Federal, state and local laws and guidelines (i.e. abuse, self or other harm). All programs must comply with the Health Insurance Portability and Accountability Act (HIPAA) standards for privacy practices of protected health information (PHI) information.
	Mental health services can be delivered via telehealth and must follow applicable federal and State of Texas privacy laws.
	Mental health services that are provided via telehealth must be in accordance with State of Texas mental health provider practice requirements, see Texas Occupations Code, Title 3 Health Professions and <u>chapter 111 for Telehealth &amp; Telemedicine</u> .

When psychiatry is provided as a mental health service via telehealth then the provider must follow guidelines for telemedicine as noted in Texas Medical Board (TMB) guidelines for providing telemedicine, Texas Administrative Code, Texas Medical Board, Rules, Title 22, Part 9, Chapter 174, RULE §174.1 to §174.12
Medicare and private insurance co-payments are eligible for reimbursement under this grant (in this situation the agency will be reimbursed the client's co- payment only, not the cost of the session which must be billed to Medicare and/or the Third-party payer). Extensions will be addressed on an individual basis when meeting the criteria of counseling directly related to HIV illness. Under no circumstances will the agency be reimbursed more than two (2) units of individual therapy per client in any single 24-hour period.
Agency should develop services that focus on the most current Special Populations identified in the <i>Houston Area Comprehensive Plan for HIV</i> <i>Prevention and Care Services</i> including Adolescents, Homeless, Incarcerated & Recently Released (IRR), Injection Drug Users (IDU), Men who Have Sex with Men (MSM), and Transgender populations. Additionally, services should focus on increasing access for individuals living in rural counties.
Must comply with the Houston EMA/HSDA Standards of Care. The agency must comply with <b>the DSHS Mental Health Services Standards</b> <b>of Care</b> . The agency must have policies and procedures in place that comply with the standards <i>prior</i> to delivery of the service.

FY 202	20 Houston EMA Ryan White Part A/MAI Service Definition Substance Abuse Services - Outpatient
HRSA Service Category Title: <b>RWGA Only</b>	Substance Abuse Services Outpatient
Local Service Category Title:	Substance Abuse Treatment/Counseling
Budget Type: RWGA Only	Fee-for-Service
Budget Requirements or Restrictions: <b>RWGA Only</b>	Minimum group session length is 2 hours
HRSA Service Category Definition: <b>RWGA Only</b>	<i>Substance abuse services outpatient</i> is the provision of medical or other treatment and/or counseling to address substance abuse problems (i.e., alcohol and/or legal and illegal drugs) in an outpatient setting, rendered by a physician or under the supervision of a physician, or by other qualified personnel.
Local Service Category Definition:	Treatment and/or counseling HIV-infected individuals with substance abuse disorders delivered in accordance with State licensing guidelines.
Target Population (age, gender, geographic, race, ethnicity, etc.):	HIV-infected individuals with substance abuse disorders, residing in the Houston Eligible Metropolitan Area (EMA/HSDA).
Services to be Provided:	Services for all eligible HIV/AIDS patients with substance abuse disorders. Services provided must be integrated with HIV-related issues that trigger relapse. All services must be provided in accordance with the Texas Department of Health Services/Substance Abuse Services (TDSHS/SAS) Chemical Dependency Treatment Facility Licensure Standards. Service provision must comply with the applicable treatment standards.
Service Unit Definition(s): <b>RWGA Only</b>	<ul> <li>Individual Counseling: One unit of service = one individual counseling session of at least 45 minutes in length with one (1) eligible client. A single session lasting longer than 45 minutes qualifies as only a single unit – no fractional units are allowed. Two (2) units are allowed for initial assessment/orientation session.</li> <li>Group Counseling: One unit of service = 60 minutes of group treatment for one eligible client. A single session must last a minimum of 2 hours. Support Groups are defined as professionally led groups that are comprised of HIV-positive individuals, family members, or significant others for the purpose of providing Substance Abuse therapy.</li> </ul>
Financial Eligibility:	Refer to the RWPC's approved <i>Financial Eligibility for Houston</i> <i>EMA/HSDA Services</i> .
Client Eligibility:	HIV-infected individuals with substance abuse co-morbidities/ disorders.
Agency Requirements:	Agency must be appropriately licensed by the State. All services must be provided in accordance with applicable Texas Department of State Health Services/Substance Abuse Services (TDSHS/SAS) Chemical Dependency Treatment Facility Licensure Standards. Client must not be eligible for services from other programs or providers (i.e. MHMRA of

F

	Harris County) or any other reimbursement source (i.e. Medicaid, Medicare, Private Insurance) unless the client is in crisis and cannot be provided immediate services from the other programs/providers. In this case, clients may be provided services, as long as the client applies for the other programs/providers, until the other programs/providers can take over services. All services must be provided in accordance with the TDSHS/SAS Chemical Dependency Treatment Facility Licensure Standards. Specifically, regarding service provision, services must comply with the most current version of the applicable Rules for Licensed Chemical Dependency Treatment. Services provided must be integrated with HIV-related issues that trigger relapse. Provider must provide a written plan no later than 3/30/17 documenting coordination with local TDSHS/SAS HIV Early Intervention funded programs if such programs are currently funded in the Houston EMA.
Staff Requirements:	Must meet all applicable State licensing requirements and Houston EMA/HSDA Part A/B Standards of Care.
Special Requirements: RWGA Only	Not Applicable.

FY 2020 Houston EMA Ryan White Part A/MAI Service Definition Medical Transportation (Van Based)		
HRSA Service Category Title: <b>RWGA Only</b>	Medical Transportation	
Local Service Category Title:	a. Transportation targeted to Urban b. Transportation targeted to Rural	
Budget Type:	b. Transportation targeted to Rural Hybrid Fee for Service	
RWGA Only Budget Requirements or Restrictions: RWGA Only	<ul> <li>Units assigned to Urban Transportation must only be used to transport clients whose residence is in Harris County.</li> <li>Units assigned to Rural Transportation may only be used to transport clients who reside in Houston EMA/HSDA counties <u>other than</u> Harris County.</li> <li>Mileage reimbursed for transportation is based on the documented distance in miles from a client's Trip Origin to Trip Destination as documented by a standard Internet-based mapping program (i.e. Google Maps, Map Quest, Yahoo Maps) approved by RWGA. Agency must print out and file in the client record a trip plan from the appropriate Internet-based mapping program that clearly delineates the mileage between Point of Origin and Destination (and reverse for round trips). This requirement is subject to audit by the County.</li> <li>Transportation to employment, employment training, school, or other activities not directly related to a client's treatment of HIV disease is <u>not</u> allowable. Clients may not be transported to entertainment or social events under this contract.</li> <li>Taxi vouchers must be made available for documented emergency purposes and to transport a client to a disability hearing, emergency shelter or for a documented medical emergency.</li> <li>Contractor must reserve 7% of the total budget for Taxi Vouchers.</li> <li>Emergencies warranting the use of Taxi Vouchers include: van service is unavailable due to breakdown, scheduling conflicts or inclement weather or other unanticipated event. A spreadsheet listing client's 11-digit code, age, date of service, number of trips, and reason for emergency should be kept on-site and available for review during Site Visits.</li> <li>Contractor must provide RWGA a copy of the agreement between Contractor and a licensed taxi vendor by March 30, 2015.</li> <li>All taxi voucher receipts must have the taxi company's name, the driver's name and/or identification number, number of miles driven, destination (to and from), and exact cost of trip.</li></ul>	

	• A copy of the taxi company's statement (on company letterhead) must be included with the monthly CER. Supporting documentation of disbursement payments may be requested with the CER.
HRSA Service Category Definition:	<b>Medical transportation services</b> include conveyance services provided, directly or through voucher, to a client so that he or she may access health
RWGA Only	care services.
Local Service Category Definition:	a. Urban Transportation: Contractor will develop and implement a medical transportation program that provides essential transportation services to <b>HRSA-defined Core Services</b> through the use of individual employee or contract drivers with vehicles/vans to Ryan White Program-eligible individuals residing in Harris County. Clients residing outside of Harris County are ineligible for Urban transportation services. Exceptions to this requirement require <u>prior</u> written approval from RWGA.
	b. Rural Transportation: Contractor will develop and implement a medical transportation program that provides essential transportation services to <b>HRSA-defined Core Services</b> through the use of individual employee or contract drivers with vehicles/vans to Ryan White Program-eligible individuals residing in Houston EMA/HSDA counties other than Harris County. Clients residing in Harris County are ineligible for this transportation program. Exceptions to this requirement require <u>prior</u> written approval from RWGA.
	Essential transportation is defined as transportation to public and private outpatient medical care and physician services, substance abuse and mental health services, pharmacies and other services where eligible clients receive Ryan White-defined Core Services and/or medical and health-related care services, including clinical trials, essential to their well-being.
	The Contractor shall ensure that the transportation program provides taxi vouchers to eligible clients only in the following cases:
	• To access emergency shelter vouchers or to attend social security disability hearings;
	<ul> <li>Van service is unavailable due to breakdown or inclement weather;</li> <li>Client's medical need requires immediate transport;</li> <li>Scheduling Conflicts.</li> </ul>
	Contractor must provide clear and specific justification (reason) for the use of taxi vouchers and include the documentation in the client's file for <u>each</u> incident. RWGA must approve supporting documentation for taxi voucher reimbursements.
	For clients living in the METRO service area, written certification from the client's principal medical provider (e.g. medical case manager or physician) is required to access van-based transportation, to be renewed every 180 days. Medical Certifications should be maintained on-site by the provider in a single file (listed alphabetically by 11-digit code) and will be monitored at least annually during a Site Visit. It is the

	Contractor's responsibility to determine whether a client resides within
	the METRO service area. Clients who live outside the METRO service area but within Harris County (e.g. Baytown) are not required to provide a written medical certification to access van-based transportation. All clients living in the Metro service area may receive a maximum of 4 non- certified round trips per year (including taxi vouchers). Non-certified trips will be reviewed during the annual Site Visit. Provider must maintain an up-to-date spreadsheet documenting such trips.
Target Population (age,	The Contractor must implement the general transportation program in accordance with the Transportation Standards of Care that include entering all transportation services into the Centralized Patient Care Data Management System (CPCDMS) and providing eligible children with transportation services to Core Services appointments. Only actual mileage (documented per the selected Internet mapping program) transporting eligible clients from Origin to Destination will be reimbursed under this contract. The Contractor must make reasonable effort to ensure that routes are designed in the most efficient manner possible to minimize actual client time in vehicles. a. Urban Transportation: HIV/AIDS-infected and Ryan White Part A/B
gender, geographic, race, ethnicity, etc.):	<ul><li>b. Rural Transportation: HIV/AIDS-infected and Ryan White Part A/B</li></ul>
	eligible affected individuals residing in Fort Bend, Waller, Walker, Montgomery, Austin, Colorado, Liberty, Chambers and Wharton Counties.
Services to be Provided:	To provide Medical Transportation services to access Ryan White Program defined <b>Core Services</b> for eligible individuals. Transportation will include round trips to single destinations and round trips to multiple destinations. Taxi vouchers will be provided to eligible clients only for identified emergency situations. Caregiver must be allowed to accompany the HIV-infected rider. <b>Eligibility for Transportation</b> <b>Services is determined by the client's County of residence as documented in the CPCDMS</b> .
Service Unit Definition(s): RWGA Only	One (1) unit of service = one (1) mile driven with an eligible client as passenger. Client cancellations and/or no-shows are <u>not</u> reimbursable.
Financial Eligibility:	Refer to the RWPC's approved <i>Financial Eligibility for Houston</i> <i>EMA/HSDA Services</i> .
Client Eligibility:	a. Urban Transportation: Only individuals diagnosed with HIV/AIDS and Ryan White Program eligible HIV-affected individuals residing inside Harris County will be eligible for services.
	b. Rural Transportation: Only individuals diagnosed with HIV/AIDS and Ryan White Program eligible HIV-affected individuals residing in Houston EMA/HSDA Counties other than Harris County are eligible for Rural Transportation services.
	Documentation of the client's eligibility in accordance with approved

	Transportation Standards of Care must be obtained by the Contractor prior to providing services. The Contractor must ensure that eligible clients have a signed consent for transportation services, client rights and responsibilities prior to the commencement of services. Affected significant others may accompany an HIV-infected person as medically necessary (minor children may accompany their caregiver as necessary). Ryan White Part A/B eligible affected individuals may utilize the services under this contract for travel to Core Services when the aforementioned criteria are met and the use of the service is directly related to a person with HIV infection. An example of an eligible transportation encounter by an affected individual is transportation to a Professional Counseling appointment.
Agency Requirements	<ul> <li>Proposer must be a Certified Medicaid Transportation Provider. Contractor must furnish such documentation to Harris County upon request from Ryan White Grant Administration prior to March 1<sup>st</sup> annually. Contractor must maintain such certification throughout the term of the contract. Failure to maintain certification as a Medicaid Transportation provider may result in termination of contract.</li> <li>Contractor must provide each client with a written explanation of contractor's scheduling procedures upon initiation of their first transportation service, and annually thereafter. Contractor must provide RWGA with a copy of their scheduling procedures by March 30, 2014, and thereafter within 5 business days of any revisions.</li> </ul>
	<ul> <li>Contractor must also have the following equipment dedicated to the general transportation program:</li> <li>A separate phone line from their main number so that clients can access transportation services during the hours of 7:00 a.m. to 10:00 p.m. directly at no cost to the clients. The telephone line must be managed by a live person between the hours of 8:00 a.m. – 5:00 p.m. Telephone calls to an answering machine utilized after 5:00 p.m. must be returned by 9:00 a.m. the following business day.</li> <li>A fax machine with a dedicated line.</li> <li>All equipment identified in the Transportation Standards of Care necessary to transport children in vehicles.</li> <li>Contractor must assure clients eligible for Medicaid transportation are billed to Medicaid. This is subject to audit by the County.</li> </ul>
	The Contractor is responsible for maintaining documentation to evidence that drivers providing services have a valid Texas Driver's License and have completed a State approved "Safe Driving" course. Contractor must maintain documentation of the automobile liability insurance of each vehicle utilized by the program as required by state law. All vehicles must have a current Texas State Inspection. The minimum acceptable limit of automobile liability insurance is \$300,000.00 combined single limit. Agency must maintain detailed records of mileage driven and names of

	individuals provided with transportation, as well as origin and destination of trips. <i>It is the Contractor's responsibility to verify the County in which</i> <i>clients reside in.</i>			
Staff Requirements	A picture identification of each driver must be posted in the vehicle utilized to transport clients. Criminal background checks must be performed on all direct service transportation personnel prior to transporting any clients. Drivers must have annual proof of a safe driving record, which shall include history of tickets, DWI/DUI, or other traffic violations. Conviction on more than three (3) moving violations within the past year will disqualify the driver. Conviction of one (1) DWI/DUI within the past three (3) years will disqualify the driver.			
Special Requirements: RWGA Only	Individuals who qualify for transportation services through Medicaid are not eligible for these transportation services.			
	Contractor must ensure the following criteria are met for all clients transported by Contractor's transportation program:			
	<ul> <li>Transportation Provider must ensure that clients use transportation services for an appropriate purpose through one of the following three methods:</li> <li>1. Follow-up hard copy verification between transportation provider and Destination Agency (DA) program confirming use of eligible service(s), or</li> <li>2. Client provides receipt documenting use of eligible services at Destination Agency on the date of transportation, or</li> <li>3. Scheduling of transportation services was made by receiving agency's case manager or transportation coordinator.</li> </ul>			
	<ul> <li>The verification/receipt form must at a minimum include all elements listed below:</li> <li>Be on Destination Agency letterhead</li> <li>Date/Time</li> <li>CPCDMS client code</li> <li>Name and signature of Destination Agency staff member who attended to client (e.g. case manager, clinician, physician, nurse)</li> <li>Destination Agency date stamp to ensure DA issued form.</li> </ul>

FY 2020 Houston EMA Ryan White Part A/MAI Service Definition			
Vision Care			
HRSA Service Category Title: <b>RWGA Only</b>	Ambulatory/Outpatient Medical Care		
Local Service Category Title:	Vision Care		
Budget Type: RWGA Only	Fee for Service		
Budget Requirements or Restrictions:	Corrective lenses are not allowable under this category. Corrective lenses may be provided under Health Insurance Assistance and/or		
RWGA Only	Emergency Financial Assistance as applicable/available.		
HRSA Service Category Definition: <b>RWGA Only</b>	<ul> <li>Outpatient/Ambulatory medical care is the provision of professional diagnostic and therapeutic services rendered by a physician, physician's assistant, clinical nurse specialist, or nurse practitioner in an outpatient setting. Settings include clinics, medical offices, and mobile vans where clients generally do not stay overnight. Emergency room services are not outpatient settings. Services includes diagnostic testing, early intervention and risk assessment, preventive care and screening, practitioner examination, medical history taking, diagnosis and treatment of common physical and mental conditions, prescribing and managing medication therapy, education and counseling on health issues, well-baby care, continuing care and management of chronic conditions, and referral to and provision of specialty care (includes all medical subspecialties). Primary medical care for the treatment of HIV infection includes the provision of care that is consistent with the Public Health Service's guidelines. Such care must include access to antiretroviral and other drug therapies, including prophylaxis and treatment of opportunistic infections and combination antiretroviral therapies.</li> <li>HRSA policy notice 10-02 states funds awarded under Part A or Part B of the Ryan White CARE Act (Program) may be used for optometric or ophthalmic services under Primary Medical Care. Funds may also be used to purchase corrective lenses for conditions related to HIV</li> </ul>		
Local Service Category	<ul> <li>infection, through either the Health Insurance Premium Assistance or Emergency Financial Assistance service categories as applicable.</li> <li>Primary Care Office/Clinic Vision Care is defined as a</li> </ul>		
Definition:	<ul> <li>comprehensive examination by a qualified Optometrist or Ophthalmologist, including Eligibility Screening as necessary. A visit with a credentialed Ophthalmic Medical Assistant for any of the following is an allowable visit: <ul> <li>Routine and preliminary tests including Cover tests, Ishihara Color Test, NPC (Near Point of Conversion), Vision Acuity Testing, Lensometry.</li> <li>Visual field testing</li> <li>Glasses dispensing including fittings of glasses, visual acuity</li> </ul> </li> </ul>		
	<ul><li>testing, measurement, segment height.</li><li>Fitting of contact lenses is not an allowable follow-up visit.</li></ul>		

Target Population (age, gender, geographic, race, ethnicity, etc.):	HIV-infected individuals residing in the Houston EMA/HSDA.
Services to be Provided:	Services must be provided at an eye care clinic or Optometrist's office. Services must include but are not limited to external/internal eye health evaluations; refractions; dilation of the pupils; glaucoma and cataract evaluations; CMV screenings; prescriptions for eyeglasses and over the counter medications; provision of eyeglasses (contact lenses are not allowable); and referrals to other service providers (i.e. Primary Care Physicians, Ophthalmologists, etc.) for treatment of CMV, glaucoma, cataracts, etc. Agency must provide a written plan for ensuring that collaboration occurs with other providers (Primary Care Physicians, Ophthalmologists, etc.) to ensure that patients receive appropriate treatment for CMV, glaucoma, cataracts, etc.
Service Unit Definition(s):	One (1) unit of service = One (1) patient visit to the Optometrist,
RWGA Only	Ophthalmologist or Ophthalmic Assistant.
Financial Eligibility:	Refer to the RWPC's approved <i>Financial Eligibility for Houston EMA/HSDA Services</i> .
Client Eligibility:	HIV-infected resident of the Houston EMA/HSDA.
Agency Requirements:	Providers and system must be Medicaid/Medicare certified to ensure that Ryan White Program funds are the payer of last resort to the extent examinations and eyewear are covered by the State Medicaid program.
Staff Requirements:	Vendor must have on staff a Doctorate of Optometry licensed by the Texas Optometry Board as a Therapeutic Optometrist.
Special Requirements: RWGA Only	Vision care services must meet or exceed current U.S. Dept. of Health and Human Services (HHS) guidelines for the treatment and management of HIV disease as applicable to vision care.

			X	X		Transportation Services
					X	Vision

\* Geographic targeting in rural area only.

\*\* In an effort to provide a base line that reflects actual client utilization, for community based organizations base this percentage on the FY 2019 final expenditures that targeted African Americans, Whites and Hispanics.

- \*\*\* Geographic targeting in the north only.
- \*\*\*\* Pay particular attention to youth who are transitioning into adult care.

#### 2020 Quarterly Report Quality Improvement Committee (May 2020)

#### Status of Committee Goals and Responsibilities (\*means mandated by HRSA)

- 1. Conduct the "How to Best Meet the Needs" (HTBMN) process, with particular attention to the continuum of care with respect to HRSA identified core services.
- 2. Develop a process for including consumer input that is proactive and consumer friendly for the Standards of Care and Performance Measures review process.
- 3. Continue to improve the information, processes and reporting (within the committee and also thru collaboration with other Planning Council committees) needed to:
  - a. Identify "The Un-met Need";
  - b. Determine "How to Best Meet the Needs";
  - c. \*Strengthen and improve the description and measurement of medical and health related outcomes.
- 4. \*Identify and review the required information, processes and reporting needed to assess the "Efficiency of the Administrative Mechanism". Focus on the status of specific actions and related time-framed based information concerning the efficiency of the administrative mechanism operation in the areas of:
  - a. Planning fund use (meeting RWPC identified needs, services and priorities);
  - b. Allocating funds (reporting the existence/use of contract solicitation, contract award and contract monitoring processes including any time-frame related activity);
  - c. Distributing funds (reporting contract/service/re-imbursement expenditures and status, as well as, reporting contract/service utilization information).
- 5. Annually, review the status of committee activities identified in the current Comprehensive Plan.

#### **Status of Tasks on the Timeline:**

Committee Chairperson

Date

# Revised Ryan White Planning Council Meeting Schedule for May 2020 – as of 04-30-20

The May deadlines, the Planning Council is making the following scheduling changes so that staff can advertise the Public Hearing as broadly as possible. Please note that the May Steering and Council meetings have been **<u>cancelled</u>**. None of the Committees met in April, hence there is no business to discuss. And, due to COVID-19, vulnerable members are concerned about being in public spaces at this time. Therefore, all Council-related May meetings will be conducted via Zoom videoconferencing.

#### HTBMN Process and the HTBMN Public Hearing:

- 11 am, Thursday, May 7 Quality Improvement Committee meets to review and approve the HTBMN recommendations.
- 12 noon, Thursday, May 14 We will use Zoom to record the Public Hearing.
- The recording of the Public Hearing will be posted on the Ryan White website: <u>www.rwpchouston.org</u>, probably in YouTube format, with instructions on how viewers can email or call the office with their public comments. The deadline for receiving comments will be 12 noon on June 2<sup>nd</sup>.
- If we receive public comments related to the service categories, the Quality Improvement Committee will meet via Zoom at 2 pm on June 2<sup>nd</sup> to review the comments and consider making changes to the recommended service definitions.
- On June 4<sup>th</sup> and June 11<sup>th</sup>, the Steering Committee and Planning Council will review and vote on the FY 2021 service definitions.

#### Other changes to the May meeting schedule include:

- Cancelled: the Operations and Comprehensive HIV Planning Committee meetings.
- Use Zoom to hold the following Committee meetings:
  - Quality Improvement Committee 11 am, Thursday, May 7th
  - Affected Community Committee 12 noon, Monday, May 18th. The meeting will include a presentation on COVID-19 and HIV by Pete Rodriguez, HIV RN.
  - Priority and Allocations 12 noon, Thursday, May 28th. Determine recommendations for the FY 2021 service priorities using the new needs assessment.

Please address all questions to Tori at <u>Victoria.williams@cjo.hctx.net</u> or 832 594-1929.

Thank you!
