## Introduction

Welcome to the 2011 - 2012 Houston area HIV/AIDS Resource Guide, a convenient source of information about services in the Greater Houston Area available to persons living with HIV/AIDS. This guide is not intended to be a directory of all agencies serving HIV+ persons. Inclusion in the guide does not imply endorsement by the Ryan White Planning Council. In preparing this guide, we have relied upon the agencies themselves to provide us with information about their programs and services. Although we have done our best to provide our readers with accurate information, changes do occur frequently, and what was correct when we went to print may no longer be correct at the time you are reading the guide. We ask that you contact us at (713) 572-3724, or by e-mail at [feedbackRWPC@hctx.net](mailto:feedbackRWPC@hctx.net) if you have comments or suggestions for improving future additions and check our website: [www.rwpcHouston.org](http://www.rwpcHouston.org) for updated information.

## Introducción

Bienvenidos a la Guía de Recursos VIH/SIDA 2011 - 2012 de área de Houston, una fuente conveniente de información que refiere a los servicios para personas viviendo con el VIH/SIDA en el área de Houston. No se pretende que esta Guía sea el directorio de todas las agencias que sirven a las personas con el VIH. Las inclusiones en esta guía no implican un endoso por parte del Concilio de Planificación Ryan White. Durante la preparación de esta publicación hemos confiado que las agencias mismas nos proveyeran de las informaciones concernientes a sus programas y servicios. Aunque nuestra intención es el de ofrecer al lector información precisa, algunos cambios ocurren frecuentemente. Por lo tanto, lo que fue correcto durante la impresión del libro puede que no lo sea posteriormente. Le solicitamos que nos llame al (713) 572-3724, o se comuniquen con nosotros a través de nuestro correo electrónico: [feedbackRWPC@hctx.net](mailto:feedbackRWPC@hctx.net) para darnos sus comentarios o sugerencias a efecto de mejorar nuestras futuras ediciones y visite nuestro sitio del internet: [www.rwpcHouston.org](http://www.rwpcHouston.org) para la información mas actualizada.

## How To Use This Guide

The legend on the opposite page applies to the legend codes used for many services in this book. Additional codes may be used occasionally and are self-explanatory.

When looking for a particular service, use the TABLE OF CONTENTS on page 4. If you don't find the exact service, scan the table of contents to see if it might be included in another category.

The SERVICE CATEGORY sections list the agencies that provide each service. The Service Category section lists the agency name, phone number and legend codes. Use the HOUSTON AREA MAP (opposite page) to find the general area (North, South, East, etc) where the agency is located.

If you know the name of the agency you are looking for, refer to the ALPHABETICAL LISTING, beginning on page 87.

The PULL OUT PHONE DIRECTORY on the last page is perforated and can be removed for easy reference.

## Como Usar Este Guía

La tabla en la página opuesta indica a los códigos de la leyenda que son utilizados en la mayoría de los servicios incluidos en este libro. Asimismo, otros códigos obvios pueden que sean esporádicamente usados.

Cuando necesite buscar un tipo de servicio, refiérase a la TABLA DE CONTENIDO en la página 4. Si no encuentra el servicio exacto, indague en la tabla para ver si está incluido en una categoría diferente.

Las secciones de CATEGORÍA DE SERVICIOS clasifican las agencias que proporcionan cada servicio. Esta lista incluye el nombre de la agencia, el número telefónico y los códigos. Use el MAPA DEL ÁREA DE HOUSTON (en la página opuesta) para encontrar el área general (norte, sur, este, etc.) donde la agencia está ubicada.

Si sabe el nombre de la agencia que necesita y quiere saber el número telefónico o la dirección, diríjase al LISTADO ALFABÉTICO al inicio de la página 87.

La GUÍA TELEFÓNICA ubicada en la última página, está perforado y se puede ser removida del libro para uso portátil y de referencia fácil.

## Clinics / Clínicas

Obtaining quality medical care is very important. For Harris County residents with no insurance or limited resources, HIV care may be obtained through the Harris County Hospital District (HCHD) at the Northwest Community Health Center and at the Thomas Street Health Center. New HCHD patients must go through an eligibility process and obtain a "gold card" before seeing a doctor (See page 18 for information on how to apply for a Gold Card). The Michael E. DeBakey Veteran's Administration Medical Center offers HIV care to veterans. For those living outside Harris County, there are clinics located in the rural areas that provide HIV care.

El obtener tratamiento médico de alta calidad es muy importante. Los residentes del Condado Harris que no tienen seguro médico o tienen recursos limitados pueden obtener tratamiento del VIH a través del Distrito de Hospitales del Condado Harris (HCHD) en Northwest Community Health Center y en Thomas Street Clinic. Los pacientes nuevos deben empezar con el proceso de elegibilidad y obtener la "tarjeta dorada" antes de ver al médico. (Ver página 18 para más información de cómo inscribirse para obtener la Tarjeta Dorada). El Centro Médico de la Administración de Veteranos ofrece cuidado del VIH para veteranos. Las personas que viven fuera del Condado Harris pueden ir a clínicas en áreas rurales que ofrecen cuidado médico del VIH.

## Day Programs & Respite Care *Programa Diurno y Asistencia para los Cuidadores*

HIV can cause fatigue and stress whether you are living with HIV or caring for someone who is. Day programs and respite care allow caretakers to take a break while the HIV+ family member or partner receives care, and provide the HIV infected person with the attention he or she needs.

Si Ud. tiene el VIH o está cuidando a alguien que lo tiene sabrá que esta situación causa fatiga y estrés. El programa diurno y el de asistencia a cuidadores permiten que los cuidadores tomen un descanso mientras que la persona a quien cuida reciba el cuidado y la atención que el/ella necesite.

## Dental Services / Cuidado Dental

Don't neglect your teeth! Too few people with HIV get the routine oral health care they need to stay healthy, even when experiencing more frequent and more serious oral health issues. A neglected mouth can lead to more than localized tooth pain, tooth and gum infections can spread to other parts of the body and mouth pain can cause people to go without necessary nutrition - and even to forgo their HIV medications.

Call one of the clinics listed below if you haven't seen a dentist in the past six months.

¡No descuide de sus dientes! Muy pocas personas viviendo con el VIH obtienen el cuidado oral rutinario que necesitan para mantenerse saludables, incluso cuando sufren de más frecuente y serias cuestiones de la salud. Una boca descuidada puede conducir a algo más serio que un dolor dental, la infección del diente y de la encía puede extenderse a otras partes del cuerpo y el dolor bucal puede causar que las personas no se nutran como es necesario e incluso faltar a los medicamentos del VIH. Llame a una de las clínicas enlistadas abajo si no ha visitado a un dentista en los últimos seis meses.

# Financial Assistance / Asistencia Financiaría

Financial assistance for HIV+ persons is available through both public agencies and private organizations. Usually the help is specifically for rent, mortgage payments and utility bills, but certain agencies also help with prescription drugs, medical supplies, insurance premiums and other vital needs. Funds are usually limited and are not available at all agencies all the time. Also, different agencies have different guidelines to determine who qualifies for assistance and how much they will receive.

Se dispone de asistencia financiera para las personas con el VIH por medio de agencias públicas y privadas. Generalmente, la ayuda es específicamente para la renta, pagos de hipoteca y utilidades, pero ciertas agencias también ayudan con el costo de medicamentos, equipo médico, prima de seguro y otras necesidades importantes. Usualmente, los fondos son limitados y no se obtienen en todas las agencias a todo momento. También, diferentes agencias tienen diferentes requisitos para determinar quien califica y cuanto recibirán.

## Funeral Services / Servicios Funerarios

Nobody likes to think about burial or cremation plans when they are feeling well, but planning in advance not only helps prevent future stress and anxiety, it can also enable HIV infected persons and their families to save a great deal of money. By looking around and comparing costs and services, most people make better choices than when a crisis is at hand. Veterans may be entitled to burial benefits through the Veteran's Administration.

A nadie le gusta planear para un funeral o cremación cuando uno se siente bien, pero planificar con anticipación no solamente ayuda a prevenir una ansiedad futura, sino que también ayuda a las personas con el VIH y sus familiares a ahorrar una gran cantidad de dinero. Analizando costos y comparando servicios con anticipación les permite tomar mejores decisiones. Los veteranos podrían recibir beneficios de sepultura por medio de la Administración de Veteranos.

# Hepatitis C Information & Resources

## Información y Recursos Sobre Hepatitis C

Infection with the hepatitis C virus (HCV) is the most common coinfection in people with HIV and is categorized as an HIV-related opportunistic illness.

HIV/HCV coinfection has been associated with a faster rate of hepatitis C disease progression, higher HCV viral loads and a greater risk of developing severe liver damage. Hepatitis C can affect HIV treatment by increasing the frequency of liver toxicity related to HIV drugs. There is also the potential for interactions between HIV drugs and drugs used to treat HCV. However, with careful medical monitoring, many coinfecting people can be successfully treated for both.

(Excerpt from the Hepatitis C Support Project's hcspFACTsheet "HIV/HCV Coinfection", Version 4.1, dated January 2007)

La infección del virus de la hepatitis C (VHC) es la que más comúnmente acompaña a la infección del VIH en las personas y dicha infección es clasificada como una enfermedad oportunista relacionada al VIH.

Esta coinfección (VIH/VHC) ha sido asociada con la aceleración de la enfermedad del VHC, el aumento de la carga viral del VHC, y el alto riesgo de desarrollar un serio daño al hígado. La hepatitis C puede afectar el tratamiento del VIH aumentando la frecuencia de toxicidad del hígado debido a los medicamentos VIH. Además, existe el riesgo de una interacción entre los medicamentos del VIH y del VHC. Sin embargo, con un control médico cuidadoso, muchas personas con esta coinfección pueden ser tratadas con éxito.

### VACCINES FOR HEPATITIS A & B / VACUNAS PARA LA HEPATITIS A Y B

Most people can stay healthy when they have HIV and Hep C together. The most important thing to do is to work with your doctor and nurse to find out how to stay healthy and if you should be treated. Everyone with HIV and Hep C should get vaccinated against Hep A and Hep B – if they have not already been exposed.

**While there are vaccines available for Hep A and B, there is currently no vaccine to prevent Hep C. It is important that everyone who does not have immunity to Hep A and B get the vaccines. Below is a list of potential resources for getting these vaccines, please contact them for more information and cost.**

La mayoría de las personas pueden mantenerse saludables aún teniendo la coinfección VIH/VHC. El paso más importante a tomar es el de comunicarse con su médico y enfermera para mantenerse en buena salud y decidir si debe empezar un tratamiento. Las personas con el VIH/VHC deben ser vacunadas en contra de la hepatitis A y B—por si no hayan sido ya expuestos a ellos.

**Aunque haya vacunas para la A y B, actualmente no la hay para la hepatitis C. Si usted no es inmune, debe recibir las vacunas para la hepatitis A y B. Aquí hay una lista de posibles recursos donde recibir las vacunas. Por favor llame para mayor información.**

# HIV & STD Testing / Prueba del VIH y ETS

If you think that you've been exposed to HIV, you should seriously consider taking an HIV test. This medical test is the only way to tell if someone is infected with the virus. The test can be done at a doctor's office or a clinic. At many public clinics you do not have to give your name, and often the test is free or very low cost. Most testing sites will have your results ready for you in 10 – 14 days, some have tests that give immediate results.

Art by Gary

Si Ud. cree que ha sido expuesto al VIH, debe seriamente considerar hacerse un análisis del VIH. Éste es el único método de saber si una persona está infectada con el virus. Lo puede hacer en la oficina del médico o en una clínica. En muchas clínicas públicas Ud. no tiene que revelar su nombre y el análisis es gratuito o de bajo costo. En algunos lugares recibirá el resultado en 10 a 14 días, en otros lugares dan resultados inmediatos.

## Home Assistance and Home Health Care Asistencia y Cuidado en el Hogar

Some HIV infected persons need help at home. Fortunately, several types of assistance are available. For people who only need help with light housekeeping, homemakers can come to the home for free or for a small fee. For people who need personal care (help with bathing, etc.), home health aides and nurses are available. Sometimes a doctor's order is required.

Algunas personas VIH+ necesitan ayuda en sus domicilios y hay varios tipos de ayuda disponibles. Para las personas que necesitan ayuda mínima en el aseo de la casa, se puede proporcionar este servicio gratuitamente o a bajo costo. Para personas que requieran ayuda con el aseo personal (bañarse, etc), hay disponible enfermeras y asistentes. A veces una orden médica es requerida.

## Hospice Care / Cuidado de Hospicio

Hospice is a concept of care offered to terminally ill patients and their families. Hospice focuses on improving the quality of life when a cure is no longer possible. Hospice offers pain control, but does not take an active role in the treatment of AIDS. Physician approval is needed for this service, which can take place in a home, special residence, nursing facility or hospital.

El hospicio es un concepto que implica el cuidado de pacientes enfermos terminales y sus familiares. El enfoque es el de proveer calidad de vida cuando una cura ya no es posible. El hospicio ofrece control del dolor, pero no toma un papel activo en el tratamiento del SIDA. La aprobación de un médico es necesaria para recibir este servicio, el cual puede ocurrir en el hogar, una residencia especial, u hospital.

## Hospitals / Hospitales

Below is a list of hospitals in the Houston area. If it is very important to use a particular hospital, make sure that your doctor admits patients to that hospital. Ben Taub and LBJ are part of the Harris County Hospital District (HCHD) and will treat you even if you have no insurance, though any hospital must treat you when you need emergency care. But do not use the hospital emergency room unless you truly have an emergency; call your doctor or the HCHD Ask Your Nurse hotline if you aren't sure. Remember, you will probably have to wait a lot longer in the ER than in the clinic or in your doctor's office. An HCHD Community Clinic needs to refer clients to Ben Taub and LBJ specialty clinics.

Aquí hay una lista de hospitales del área de Houston. Si para Ud. es muy importante utilizar un hospital en particular, asegúrese que su médico pueda admitir pacientes en el mismo. Los hospitales Ben Taub y LBJ son parte del Distrito de Hospitales del Condado Harris (HCHD) y les ofrecerá servicios aunque no tenga seguro médico, aunque en el caso de una emergencia, cualquier hospital debe atenderlo. Sin embargo, no use la sala de emergencias al menos que sea una verdadera emergencia; llame a su médico si no está seguro.

New HCHD patients must go through an eligibility process and obtain a "gold card" before seeing a doctor (See page 18 for information on how to apply for a Gold Card).

Recuerde que Ud. tendrá que esperar mucho más tiempo en la sala de emergencias que en la clínica o en la oficina de su doctor. (Ver página 18 para más información de cómo inscribirse para obtener la Tarjeta Dorada).

# Housing and Emergency Shelters

## Vivienda y Refugios de Emergencia

The Houston area offers several housing options for HIV+ persons living on a fixed income, as well as for those with special needs. These include subsidized apartments, group residential facilities, chemical dependency halfway houses, care homes, and transitional living centers. Such facilities are often available at very low cost. Certain agencies also provide rental and/or utility assistance in order to prevent homelessness or utility cut-offs (also see FINANCIAL ASSISTANCE). As a last resort, a number of emergency shelters serving men, women, adolescents, and families are located in the Houston area.

Houston ofrece varias opciones de vivienda para las personas VIH+ con bajos ingresos, y los que tienen necesidades especiales. Estas opciones incluyen departamentos de bajo costo, residencias en grupos, personas con dependencia de sustancias, y centros de vivienda transitoria. Estos están disponibles a muy bajo costo. Algunas agencias también proveen ayuda con la renta y/o utilidades para prevenir que las personas se queden sin vivienda o servicios públicos (también vea ASISTENCIA FINANCIERA). Como último recurso, existen refugios de emergencia para hombres, mujeres, adolescentes y familias de Houston.

## Legal Services Servicios Legales y Defensa Pública

Free or very low cost legal services are available to HIV+ individuals living in the Houston area. One of the most important services provided is help completing legal documents such as wills, powers of attorney, directives to physicians ("living wills") and burial directives. Nobody likes to think about such documents when they are feeling well, but having them completed in advance can prevent a lot of confusion and distress. Assistance with other types of legal needs, such as family issues, obtaining disability benefits, discrimination and immigration, is also available. Civil and criminal matters generally are not.

Art by Raphael

Existen servicios legales gratuitos o a bajo costo para personas VIH+ viviendo en Houston. Uno de los servicios más importantes es el de ayudar a completar documentos, así como testamentos, poder notarial, orden a médicos, y arreglos para funerales. A nadie le gusta pensar en estos documentos cuando uno se siente bien, pero esta preparación anticipada puede prevenir confusión y angustia. También existen otros tipos de asistencia legal, así como temas familiares, obteniendo beneficios por incapacidad, discriminación e inmigración. Generalmente, no se asiste en casos civiles y criminales.

# Prescription Assistance

## *Asistencia para Prescripciones Médicas*

The following local agencies may be able to help you pay for medications. The help is usually limited, however, and may not cover the whole cost of your prescription (also see FINANCIAL ASSISTANCE). Another possible source of assistance is the manufacturer of your medication (second list below). Be aware that each manufacturer has its own eligibility rules and you will need your doctor's help applying. If your medication is not listed, get the name of its manufacturer from your doctor or pharmacist.

Estas agencias podrán ayudarlo a pagar su medicina. Sin embargo, la ayuda es limitada y puede que no cubra el costo total (vea también ASISTENCIA FINANCIERA). Otra posible fuente de asistencia es la compañía que hace sus medicamentos (la segunda lista). Cada compañía tiene sus propios criterios de elegibilidad y necesitará la ayuda de su médico para solicitar esta asistencia. Si no encuentra su medicina en la lista, averigüe con su médico o farmacéutico el nombre de la compañía quien la hace.

# Social Support & Activities

## Apoyo Social y Actividades

Many people in the Houston area volunteer their time to help HIV infected persons and their families. Some volunteers serve as “buddies” by developing one-on-one relationships with HIV+ persons who need additional social or emotional support. “Phone buddies” provide support through telephone contact. “Care Teams” are groups of volunteers who provide companionship. Some volunteers help with food preparation, transportation, and running errands. Call one of the following agencies if you need this type of assistance. Also, there are many activities for HIV+ people and opportunities to meet others in the Houston area.

Art by Mauricio

Muchos en Houston son voluntarios y ayudan a las personas infectadas con el VIH y sus familiares. Algunos toman el papel de “amigo” al desarrollar una relación con la persona VIH+ quien necesita apoyo social o emocional. Los “Amigos telefónicos” proveen apoyo por medio del teléfono. “Equipos de apoyo” son grupos de voluntarios que proveen compañía. A veces, los voluntarios ayudan con transporte, mandados o la preparación de alimentos. Llame si necesita este tipo de asistencia. En adición, hay muchas actividades y oportunidades donde una persona VIH+ puede conocer a otras en Houston.

## Transportation / Transporte

For HIV infected persons without their own transportation, it can be very hard to access services. The following agencies offer help with transportation to medical and/or social service providers, but you may have to make reservations well in advance of when you need transportation and other restrictions may apply. Be aware that not all agencies will service your area, and that Metro offers special van services for the disabled individual. Part A clients may be eligible to receive an annual bus pass, see your case manager for details.

Para muchas personas infectadas con el VIH que no tienen su propio transporte les es muy difícil el acceso a los servicios. Las siguientes agencias ofrecen transportación con destino a servicios médicos y/o sociales, pero podría tener que hacer reservaciones mucho antes al día que necesite el transporte, y otras restricciones podrían aplicar. Metro ofrece transporte de grupos a personas discapacitadas. Los clientes del Parte A pueden ser elegibles a recibir un pase anual de Metro. Hable con un administrador de casos para más detalles.

## Treatment Information & Clinical Trials Información de Tratamientos y Pruebas Clínicas

With so many promising new treatments available for HIV, it is more important than ever to stay informed! Fortunately, there are many good sources of information, including free and low cost publications that describe the latest treatment options. To help advance research and have access to “cutting edge” treatments, consider participating in a clinical trial. The purpose of clinical trials is to study new drugs that fight HIV or the illnesses it causes. All drugs used now are only available because others participated in clinical trials. HIV+ persons who take part in the free clinical trials may not see a direct result from the experiment (though many do!), but the trials provide doctors with information that might help other HIV infected people live longer, healthier lives. Any doctor can help connect interested patients to a clinical trial. Also see PUBLICATIONS.

Con tantos nuevos tratamientos prometedores, es ahora más importante que nunca el mantenerse informado/a. Afortunadamente, existen muchas buenas fuentes de información, inclusive algunas publicaciones gratuitas y otras a bajo costo. Para ayudar al adelanto de los tratamientos médicos, considere participar en pruebas clínicas. El propósito de éstas es estudiar los medicamentos nuevos que combaten el VIH o las enfermedades que causa. Todos los medicamentos utilizados actualmente están disponibles porque otras personas participaron en pruebas clínicas. Las personas VIH+ participan gratuitamente y quizás no vean beneficios inmediatos (aunque algunos sí los ven), sin embargo las pruebas proveen a los médicos información que pudiera ayudar a otras personas VIH+ a vivir una vida más prolongada y saludable. Médicos pueden conectar a pacientes a las pruebas clínicas (vea PUBLICATIONS).

# STAY INFORMED

## IMPORTANT:

It is vitally important that you take your medications exactly as prescribed, especially protease inhibitors. If you do not, the HIV in your body may become resistant to the medication and it will stop working! If you are experiencing unbearable side effects, notify your physician right away and ask him or her what you should do.

## CD4 (T-CELL) COUNT:

Your immune system contains different types of cells that help protect the body from infection. One of these types of specialized cells is called the CD4 or T-cells. HIV attacks these types of cells and uses them to make more copies of HIV. In doing so, the CD4 cell becomes unable to do its job of protecting the body. At first, the body can make more of these T-cells but eventually the body can't keep up and the number of working T-cells decreases. This weakens the immune system and leaves the body at risk for different types of infections.

On a regular basis, your doctor will draw blood and measure the number of T-cells. The higher the number the better able your immune system to do its job. Most people without HIV have about 700 to 1000 CD4 cells. HIV infected people are considered to have "normal" CD4 counts if the number is above 500. If the number drops below 200, you are said to have AIDS and your doctor will start you on preventative medications to ward off infections and keep you healthy.

## VIRAL LOAD:

The viral load test measures how much HIV is in your blood. Left untreated, the amount of HIV in the blood (viral load) increases as HIV disease progresses. A viral load above 100,000 is generally considered high. Unlike CD4 counts, where "higher is better," a "low" or "undetectable" viral load is considered desirable. Keep in mind, however, that an "undetectable" viral load does not mean that there is no more HIV in your body, only that there is less HIV in the blood than the test is able to measure. HIV might also be "hiding" in other organs in the body.

One way doctors use viral load testing is to measure the effectiveness of medications. If your viral load is staying the same over time or going down, your medication(s) are probably working. If your viral load is going up, your doctor may want to try a different medication regimen. Using both CD4 counts and viral load testing gives your doctor a more complete picture of your individual disease progression and, in turn, the best treatment strategy for you.

# MANTÉNGASE INFORMADO

## IMPORTANTE:

Es de vital importancia que Ud. tome sus medicamentos exactamente según las indicaciones, especialmente los inhibidores de proteasa. Si no lo hace, el VIH en su cuerpo podría hacerse resistente al medicamento y dejarlo inefectivo. Si padece de efectos secundarios intolerables, notifique a su doctor inmediatamente.

## CONTEO DEL CD4 (CÉLULAS T):

El sistema inmunológico contiene diferentes tipos de células que ayudan a proteger al cuerpo de la infección. Uno de estos tipos de células especializadas se llama CD4 o células T. El VIH ataca a estas células y las usan para hacer más copias del VIH. Al hacerlo, el CD4 ya no puede cumplir con la función de proteger al cuerpo. Al principio, el cuerpo puede producir más de estas células, pero eventualmente no puede seguir produciéndolas y la cantidad de células se reduce. Ésto causa que el sistema inmunológico se debilite y ponga al cuerpo a riesgo de diferentes tipos de infecciones.

Periódicamente su médico extraerá su sangre y medirá el número de células T. Mientras más elevado el número, mejor podrá el sistema inmunológico cumplir con su función. La mayoría de las personas sin el VIH tiene de 700 a 1000 células del CD4. Se considera "normal" si las personas infectadas con el VIH tienen un conteo del CD4 mayor de 500. Si el conteo es menor de 200, se dice que la persona tiene SIDA y el médico le recetara medicamentos preventivos en defensa de las infecciones y así mantenerle saludable.

## CARGA VIRAL:

La prueba de la carga viral mide cuanto VIH hay en su sangre. Si Ud. no recibe tratamiento, la cantidad del VIH en la sangre (carga viral) aumenta a medida que el VIH progresa. Una carga viral sobre 100,000 es considerada alta. A diferencia del conteo del CD4, donde un resultado elevado es mejor, una carga viral baja o indetectable es deseable. Sin embargo, tome en cuenta que una carga viral "indetectable" no significa que ya no existe el VIH en la sangre sino que la prueba no es capaz de detectar una pequeña cantidad. El VIH también puede estar "escondido" en otros órganos del cuerpo.

La prueba de la carga viral constituye un medio a través del cual los médicos miden la efectividad de los medicamentos. Si la carga viral se mantiene o ha disminuido con el tiempo, es probable que los medicamentos hayan sido efectivos. Si la carga viral aumenta, es posible que su doctor quiera intentar con un medicamento diferente. El uso conjunto del conteo CD4 y la prueba de la carga viral permite a su doctor obtener un panorama más completo del desarrollo de su enfermedad y por consecuencia elegir la mejor estrategia de tratamiento.

# Veterans' Services

## Servicios para Veteranos

Eligibility for most VA benefits is based on the veteran's status of discharge from active military service or completion of at least six years of honorable service in the Selected Reserves. The Defense Department issues each veteran a military discharge form, DD 214, which identifies the veteran's condition of discharge—honorable, general, dishonorable or bad conduct. The DD 214 should be kept in a safe, convenient location. If it is lost, it can be re-obtained through the VA Regional Office. Honorable and general discharges qualify a veteran for most VA services. Dishonorable and bad contact discharges issued by general court-martial bar VA benefits. Veterans in prison and parolees may be eligible for certain VA benefits. Specialized medical care for HIV, free medications, long-term housing assistance and many social services are available through the VA Medical Center.

\*If you are a veteran, contact the VA eligibility office; you may be eligible for a pension or other benefits that you did not even know about!

La elegibilidad para recibir la mayoría de los beneficios de la Administración de Veteranos (VA) está basada en el tipo de baja del servicio militar activo de un veterano o la terminación de por lo menos seis años de servicio honorable en la Reserva. El Departamento de Defensa provee a cada veterano un formulario de baja, DD 214, que identifica el tipo de exoneración del veterano, sea honrosa, general, deshonrosa o de mala conducta. El formulario DD 214 debe ser guardado en un lugar seguro y conveniente. Si se extravía, se puede obtener otro a través de la oficina regional de VA. La baja honrosa y general permiten que el veterano reciba la mayoría de los servicios. La baja deshonrosa previene que el veterano reciba beneficios. Los veteranos que están en prisión o en libertad bajo palabra pueden ser elegibles a ciertos beneficios. El cuidado médico del VIH, medicamentos gratuitos, asistencia de vivienda a largo plazo y muchos servicios sociales están disponibles en el Centro Médico de la Administración de Veteranos.

\* Si Ud. es un veterano, póngase en contacto con la Oficina de Elegibilidad de la VA; ¡puede que sea elegible para recibir beneficios de jubilación u otros beneficios!

# Women's Services / Servicios para Mujeres

Many HIV infected women have discovered that there do not seem to be as many services for them as there are for HIV infected men. However, this situation is slowly changing. The Houston area offers OB/GYN care and family planning to HIV+ women through physicians and community clinics. Women with children may be interested in free parenting classes, day care, and special services for their children (see CHILDREN'S SERVICES). The agencies listed below specialize in serving the needs of women, although most agencies in the book can help as well.

Muchas mujeres infectadas con el VIH han descubierto que parece no haber tanta ayuda para ellas como la hay para los hombres. Sin embargo, esta situación está cambiando. El área de Houston provee cuidado médico para las mujeres, y existen clínicas que se especializan en la planificación familiar. Mujeres con hijos pueden asistir a clases para ser mejores madres, se dispone de cuidado diurno y otros servicios especiales para niños (vea SERVICIOS PARA NIÑOS). Estas agencias se especializan en servicios para mujeres, aunque la mayoría de ellas en este libro pueden ayudar.

The program builds self-esteem as well as gender and ethnic pride through cultural awareness, building on the extensive legacy of women and the themes of struggle and perseverance to frame discussions on HIV/AIDS. The Vocational Rehabilitation (VR) Program helps people who have physical or mental disabilities prepare for, find or keep employment. Gaining skills needed for a career, learning how to prepare for a job interview or getting the accommodations needed to stay employed are just a few of the ways this program helps people with a wide variety of disabilities increase productivity and independence. The counselor and consumer work together to decide on an employment goal, and develop a program of vocational rehabilitation services to achieve the goal. Work related services are individualized and may include counseling, training, medical treatment, assistive devices, job placement assistance, and other services. Eligibility criteria for this program include: the presence of a physical or mental disability that results in a substantial impediment to employment, whether the individual is employable after receiving services, and whether services are required to achieve employment outcomes. This program also helps students with disabilities plan the jump from school to work.

Services will be determined through informed consumer choice, that is, after providing information about options and alternatives. Please note that consumers can be served by only one DRS program at a time. Call for more information or to schedule an application appointment.

# Social Security Programs For People With HIV/AIDS

## Programas del Seguro Social Para Personas Con VIH/SIDA

If you have HIV/AIDS and cannot work, you may qualify for disability benefits from the Social Security Administration. Your disability must be expected to last at least a year or end in death, and must be serious enough to prevent you from doing substantial gainful work. The amount of earnings we consider substantial and gainful changes each year. For the current figure, refer to the annual Update (Publication No. 05-10003).

If your child has HIV/AIDS, he or she may be able to get Supplemental Security Income (SSI) if your household income is low enough.

Si usted tiene VIH/SIDA y no puede trabajar, podría tener derecho a beneficios por incapacidad de la Administración del Seguro Social. Su incapacidad debe durar por lo menos un año o se espera que resulte en fallecimiento y debe ser bastante seria para impedirle realizar un trabajo sustancial. La cantidad de ganancias que consideramos ser sustancial y lucrativa cambia cada año. Para la cantidad actual, consulte la publicación anual Cambios (publicación número 05-10933).

Si su niño tiene VIH/SIDA, él o ella puede tener derecho a recibir Seguridad de Ingreso Suplementario (SSI, por sus siglas en inglés) si sus ingresos familiares son bastante bajos.

### How do I contact Social Security?

The fastest, easiest way to make an appointment to file a claim, start direct deposit, replace a lost or stolen Social Security card, change your address, ask about Medicare or an overdue check, verify your benefits, get answers to general questions and lots more is to call:

**1-800-772-1213 TTY: 1-800-325-0778**

This service is available 7:00 a.m. – 7:00 p.m. Monday through Friday.

Social Security is also on the Internet. A lot of good program information is available at this site:

**[www.socialsecurity.gov](http://www.socialsecurity.gov)**

Once you have filed a claim for benefits, you will be given the name and phone number of your Social Security claims representative. You may call your representative before you receive a notice of award. After you receive the notice of award, you should call the toll-free service.

### ¿Cómo me pongo en contacto con el Seguro Social?

La manera más fácil y rápida de hacer una cita para someter un reclamo, iniciar depósito directo, reemplazar una tarjeta perdida del Seguro Social, cambiar su dirección, verificar sus beneficios. obtener respuestas a preguntas generales es llamando al:

**1-800-772-1213 TTY: 1-800-288-7185**

Este servicio está disponible de 7:00 a.m. a 7:00 p.m. de lunes a viernes. Oprima el 2 si desea el servicio en español y espere a que le atienda un representante. El Seguro Social también está disponible en la red del Internet. Aquí podrá encontrar mucha información sobre sus programas

**[www.socialsecurity.gov](http://www.socialsecurity.gov)**

Una vez que Ud. someta un reclamo para obtener beneficios le darán el nombre y el número telefónico de un representante del Seguro Social. Puede llamar al representante antes de recibir su notificación de beneficios. Después de recibir la notificación de adjudicación, debe llamar al servicio de llamadas gratuitas.

### Benefits Paid Under Two Programs

Disability benefits are paid under two programs: the Social Security disability insurance program (SSD) for people who paid Social Security taxes; and the Supplemental Security Income program (SSI) for people who have little income and few resources. If your Social Security benefits are very low and you have limited income and resources, you may qualify for benefits from both programs.

Both programs provide ongoing monthly income to people who are no longer able to work due to their medical condition. You must be "disabled" to qualify for benefits from either program. You can find out in advance if you would be entitled to receive SSD, and how much you would receive each month if you became disabled today, by contacting the Social Security Administration by phone or online and requesting an "Earnings & Benefits Statement."

### Beneficios Que Se Pagan Bajo Dos Programas

Los beneficios por incapacidad se pagan bajo dos programas: el programa de seguro de incapacidad del Seguro Social para personas que pagaron impuestos de Seguro Social; y el programa de SSI para personas que tienen pocos ingresos y recursos. Si sus beneficios de Seguro Social son muy bajos, y usted tiene ingresos y recursos limitados, podría tener derecho a recibir beneficios de ambos programas.

Ambos programas proveen pagos mensuales a personas que no pueden trabajar debido a su condición médica. Aunque el SSD y el SSI son programas distintos, ambos requieren que el individuo esté "incapacitado" para recibir beneficios. Se puede averiguar anticipadamente el pago mensual del SSD al cual tendría derecho de recibir si se incapacitara hoy, poniéndose en contacto con la Administración del Seguro Social (SSA) por teléfono o en línea y solicitando una "Declaración de Beneficios e Ingresos."

### How do I Qualify for Social Security Disability Benefits?

When you work and pay Social Security taxes, you earn Social Security credits. (Most people earn the maximum of four credits a year.) The number of years of work needed for disability benefits depends on how old you are when you become disabled. Generally, you need five years of work in the 10 years before the year you become disabled. Younger workers need fewer years of work. If your application is approved, your first Social Security disability benefit will be paid for the sixth full month after the date your disability began.

Usually, HIV infected persons who have had one or more opportunistic infections qualify medically. Sometimes people with HIV can qualify as disabled even if they have had no opportunistic infections, but the approval process is more difficult and may take longer. It is important to remember that "disability" as defined by SSA is not the same as the Center for Disease Control (CDC) definition of AIDS. For example, having a T-cell count below 200 is not, by itself, enough to be considered disabled for Social Security purposes.

Federal law requires anyone applying for SSD here in the US to be a US citizen or a legal alien; anyone applying for SSI must be a US citizen or a qualified alien. Contact an SSA representative at 1-800-772-1213 to obtain the most current definition of "qualified alien."

### ¿Cómo Tengo Derecho a Beneficios del Seguro Social por Incapacidad?

Quando usted trabaja y paga impuestos del Seguro Social, gana créditos de Seguro Social. (La mayoría de las personas ganan un máximo de cuatro créditos al año.) El número de años de trabajo necesario para tener derecho a beneficios por incapacidad depende de su edad cuándo usted se incapacitó. Por lo general, usted necesita haber trabajado cinco años en los 10 años precedentes al año en el que se incapacitó. Trabajadores más jóvenes necesitan haber trabajado menos años. Si su solicitud es aprobada, su primer beneficio de Seguro Social por incapacidad se pagará para el sexto mes completo después de la fecha en que su incapacidad comenzó.

Usualmente, personas infectadas con el VIH que han tenido una o más infecciones oportunistas califican médicamente. A veces, las personas califican como incapacitadas aunque no hayan tenido una infección oportunista, pero el proceso de aprobación es más difícil y puede demorar más tiempo. Es importante recordar que "incapacidad" como se define por la SSA no es lo mismo que la definición del CDC. Por ejemplo, el tener una cifra de células "T" menor de 200 no es, en sí, suficiente para ser considerado como incapacitado por el Seguro Social.

La ley federal requiere que cualquier persona quien esté solicitando para el SSD aquí en los Estados Unidos sea un ciudadano estadounidense o inmigrante legal; cualquier persona solicitando el SSI debe ser un ciudadano estadounidense o inmigrante calificado. Llame a un representante de la SSA al 1-800-772-1213 para obtener la definición más reciente de "inmigrante calificado."

### What will I get from Social Security?

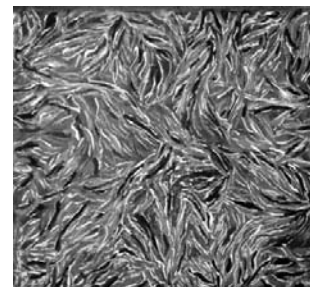

The amount of your monthly benefits depends on how much you earned while you were working. You also will qualify for Medicare after you have been getting disability benefits for 24 months. Medicare helps pay for hospital and hospice care, lab tests, home health care and other medical services. For more information on Medicare, contact Social Security and ask for the publication, Medicare (Publication No. 05-10043).

### How do I Qualify for SSI Disability Payments?

If you have not worked long enough to get Social Security or your Social Security benefits are low, you may qualify for SSI payments if your total income and resources are low enough.

If you get SSI, you most likely will be eligible for food stamps and Medicaid. Medicaid takes care of your medical bills while you are in the hospital or receiving outpatient care. In some states, Medicaid pays for hospice care, a private nurse and prescription drugs used to fight HIV disease. For more information about Medicaid, contact your local social services office.

Benefits will be reduced if you receive money from private disability, interest, dividends, friends or relatives. Your living situation can also affect benefits. Unless replaced by higher SSD payments, SSI continues for as long as SSA determines that you are disabled.

### How do I File for Benefits?

People with HIV should continue working for as long as they and their doctor agree that they are able to do so safely. However, it is generally a good idea to apply for SSI/SSD as soon as you decide, in consultation with your doctor, that you are too ill to continue.

If you file for benefits while you are still working, SSA must determine if the work you are doing is "substantial gainful activity" (SGA). SGA means physical or mental work that you are paid to do. Even part-time work can be "substantial." SSA does consider impairment related work expenses, subsidy by the employer and unsuccessful work attempts. If SSA determines that you are performing SGA, a medical decision will not be made and your claim will be denied. Only an SSA representative can determine if your work is SGA.

You can apply for Social Security disability benefits online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or you can call the toll-free number, 1-800-772-1213 (for the deaf or hard of hearing, call the TTY number, 1-800-325-0778), to ask for an appointment. Representatives can answer specific questions Monday through Friday from 7 am until 7 p.m. and the automated phone service provides information 24 hours a day. All calls are treated confidentially. Be sure to tell the SSA representative that you have HIV; this may help speed up your claim.

Most hospitals and clinics have social workers on staff who can help you apply for SSI/SSD while you are hospitalized or visiting the clinic. And in very rare instances, SSA field representatives can conduct the interview and complete the application in your home.

### ¿Cómo Tengo Derecho a Recibir Beneficios de SSI por Incapacidad?

Si usted no ha trabajado suficiente tiempo para recibir Seguro Social o sus beneficios de Seguro Social son bajos, usted podría tener derecho a recibir pagos de SSI si sus ingresos y recursos totales son suficientemente bajos.

Si usted recibe SSI, es probable que tenga derecho a recibir cupones de alimento y Medicaid. Medicaid cubre sus gastos médicos mientras que usted está en el hospital o recibiendo servicios ambulatorios. En algunos estados, Medicaid paga los gastos de cuidado de hospicio, de una enfermera privada y por medicinas recetadas para combatir la enfermedad de VIH. Para informarse mejor sobre Medicaid, comuníquese con su oficina local de servicios sociales.

Se reducirán sus beneficios si Ud. recibe dinero de un fondo privado de incapacidad, interés bancario, amigos o parientes. A no ser que sea reemplazado por los pagos del SSD, el SSI continúa mientras que la SSA le considere incapacitado.

### ¿Cómo Solicito Beneficios?

Las personas con el VIH deben continuar trabajando mientras ellos y sus doctores lo consideren posible, seguro y saludable. Sin embargo, por lo general es buena idea solicitar el SSD/SSI en el momento en que uno decide, consultando con su doctor, que está demasiado enfermo para trabajar.

Si solicita beneficios mientras está trabajando, la SSA deberá determinar si el trabajo que hace Ud. es una "actividad gananciosa sustancial" (SGA). SGA se refiere al trabajo físico o mental al cual se le paga a Ud. El trabajo de medio tiempo puede ser "sustancial." SSA considera costos relacionados con la incapacidad del trabajo, subsidio del empleador y fracasos tentativos de trabajo. Si la SSA determina que está llevando acabo la SGA, una decisión médica no será necesaria y su solicitud será rechazada.

Usted puede solicitar beneficios de Seguro Social por incapacidad en línea, en [www.segurosocial.gov](http://www.segurosocial.gov), o puede llamar al número gratis, 1-800-772-1213 (para las personas sordas o con problemas auditivos, marque nuestro número TTY, 1-800-325-0778) para pedir una cita. Preguntas específicas pueden ser contestadas de lunes a viernes, desde las 7 a.m. hasta las 7 p.m. También ofrecemos información telefónica automatizada las 24 horas al día. Todas nuestras llamadas telefónicas son confidenciales. Asegúrese de decirle al representante de la SSA que Ud. tiene el VIH. Esto puede acelerar su solicitud.

Proveemos servicios de intérprete gratis para ayudarle con sus trámites de Seguro Social. Estos servicios están disponibles tanto por teléfono como en nuestras oficinas.

La mayoría de los hospitales y clínicas tienen trabajadores sociales disponibles para ayudarlo con su solicitud del SSD/SSI mientras que esté hospitalizado o visitando la clínica. También, en algunos casos excepcionales, la SSA tiene representantes que pueden entrevistarle y llenar la solicitud en su casa.

### Documentation Checklists

SSA will need the following documents to complete your application for SSD or SSI. You should have as much of the following information as possible ready for your interview.

Keep your appointment, even if you do not have all of the information. They will help you get any missing information.

#### Medical Information:

- ✓ Names, addresses and phone numbers of all doctors, hospitals and clinics;
- ✓ Patient ID number(s);
- ✓ Dates seen;
- ✓ Name(s) of medicine(s) you are taking;
- ✓ Medical records in your possession.

#### You will also need the following:

- ✓ An original or certified copy of your birth certificate. If you were born in another country, we also need proof of U.S. citizenship or legal residency.
- ✓ If you were in the military service, the original or certified copy of your military discharge papers (Form DD 214) for all periods of active duty.
- ✓ If you worked, your W-2 Form from last year; or if you were self-employed, your federal income tax return (IRS 1040 and Schedules C and SE).
- ✓ Workers' compensation information, including date of injury, claim number and proof of payment amounts.
- ✓ Social Security Number(s) for your spouse and minor children.
- ✓ Your checking or savings account number, if you have one.
- ✓ Name, address and phone number of a person we can contact if we are unable to get in touch with you.
- ✓ Kinds of jobs and dates you worked in the 15 years before you became unable to work.

Work closely with your physician as he or she keeps records about your medical condition and completes the medical form required for SSI. Thorough and detailed records and answers to medical questions increase your chances for a quick approval. This is especially important if your doctor has limited experience treating HIV.

### Lista de Documentos Requeridos

La oficina de la SSA necesita los siguientes documentos para completar su solicitud del SSD o SSI. Usted debe reunir tanta información como sea posible para su entrevista. Use la lista a continuación para llevar cuenta de la información que necesita.

Cumpla con su cita. No demore en solicitar, aunque no tenga toda la información. Ellos le ayudarán a obtener cualquier información que falta.

#### Información médica:

- ✓ Los nombres, las direcciones y los números de teléfono de los médicos y otras fuentes donde recibió tratamiento.
- ✓ El número de paciente de cada lugar donde recibió tratamiento.
- ✓ Las fechas en que recibió tratamiento de cada fuente.
- ✓ Los nombres de las medicinas que toma.
- ✓ Los expedientes médicos que posea.

#### También se necesita lo siguiente:

- ✓ Su certificado de nacimiento original o una copia certificada. Si usted nació en otro país, necesitamos prueba de su ciudadanía estadounidense o estado de residente legal.
- ✓ Si usted estuvo en el servicio militar, necesitamos el certificado original o una copia certificada de su licenciamiento militar (formulario DD 214) para todos los períodos de tiempo de su servicio activo.
- ✓ Su Formulario W-2 del año pasado o si trabajó por cuenta propia, su declaración de impuestos sobre ingresos (IRS 1040 y Anejos C y SE).
- ✓ Información sobre su compensación de trabajo, con la fecha de la lesión, el número de la reclamación y la cantidad del pago.
- ✓ Los números de Seguro Social de su cónyuge e hijos.
- ✓ Su número de cuenta de cheques o ahorros, si tiene una.
- ✓ El nombre, la dirección, y el número de teléfono de una persona que puede comunicarse con usted si es necesario.
- ✓ Los tipos de trabajos y las fechas en que trabajó durante los 15 años previos a incapacitarse.

Es importante colaborar con su médico ya que él/ella mantiene al día su archivo médico y llena el formulario requerido para el SSI. Estando los documentos completos y detallados se aumentará la posibilidad que su solicitud sea aprobada rápidamente. Esto es aún más importante si su doctor no tiene mucha experiencia tratando a personas con el VIH.

### How does Social Security Decide my Claim?

Applications received from people with HIV/AIDS are processed as quickly as possible. Social Security works with an agency in each state called the Disability Determination Services. The state agency will look at the information you and your doctor have provided and decide if you qualify for benefits.

You could receive SSI benefits right away for up to six months before a final decision is made on your claim if:

- ✓ You are not working;
- ✓ You meet the SSI rules about income and resources; and
- ✓ Your doctor or other medical source certifies that your HIV infection is severe enough to meet our medical eligibility rules.

### How can I Help Speed up my Claim?

You can help speed up the processing of your claim by having certain information when you apply. This includes:

- ✓ Your Social Security number and birth certificate and the Social Security numbers and birth certificates of any family members who may be applying for benefits; and
- ✓ A copy of your most recent W-2 form. (If you are applying for SSI, we also will need information about your income and resources; for example, bank statements, unemployment records, rent receipts and car registration.)

SSA also needs information about:

- ✓ The names and addresses of any doctors, hospitals or clinics you have been to for treatment;
- ✓ How HIV/AIDS has affected your daily activities, such as cleaning, shopping, cooking, taking the bus, etc.; and
- ✓ The kinds of jobs you have had during the past 15 years.

Additionally, your doctor will be asked to complete a form about how your HIV infection has affected you. Call the 800 number to ask for form "SSA-4814" for adults or "SSA-4815" for children. You should take the form to your doctor to complete and bring or send the completed form to Social Security.

### ¿Cómo Decide el Seguro Social Sobre mi Reclamación?

Todas las solicitudes recibidas de personas con VIH/SIDA son tramitadas lo más pronto posible. El Seguro Social trabaja junto a la Agencia de Determinación de Incapacidad (en inglés, Disability Determination Services) en cada estado. La agencia estatal revisará la información que usted y su doctor nos facilitó y decide si usted tiene derecho a recibir beneficios.

Usted podría recibir beneficios de SSI inmediatamente por hasta seis meses antes de tomar una decisión final en su caso si:

- ✓ Usted no está trabajando;
- ✓ Usted cumple con las reglas de SSI sobre ingresos y recursos; y
- ✓ Su doctor u otra fuente médica certifica que su infección de VIH es bastante grave para cumplir con nuestras reglas de elegibilidad médica.

### ¿Cómo Puedo Ayudar en Acelerar mi Reclamación?

Usted puede ayudar en acelerar el proceso de su reclamación teniendo cierta información cuando solicita. Esto incluye:

- ✓ Su número de Seguro Social y certificado de nacimiento y los números de Seguro Social y certificados de nacimiento de cualquier otro miembro de su familia que podría estar solicitando beneficios; y
- ✓ Una copia de su formulario W-2 más reciente. (Si usted está solicitando SSI, también necesitaremos información sobre sus ingresos y recursos; por ejemplo, estado de cuentas bancarias, expediente del desempleo, recibos de alquiler y el registro de su automóvil.)

SSA también las necesidades de información sobre:

- ✓ Los nombres y las direcciones de cualquier doctor, hospital o clínica que usted haya visitado para obtener tratamiento;
- ✓ Cómo VIH/SIDA ha afectado sus actividades diarias, así como hacer limpieza, hacer compra, cocinar, coger el autobús, etc.; y
- ✓ Los tipos de trabajo que usted ha desempeñado durante los últimos 15 años.

Además, su doctor deberá completar un formulario de que nos indique cómo usted está afectado por VIH. Llame al número gratis y pida el formulario «SSA-4814» para adultos o «SSA-4815» para niños. Usted debe llevar el formulario a su doctor para que lo complete y traernos o mandarnos el formulario completado.

### If you are Denied

If your initial claim for SSI/SSD is denied, you have 60 days to file for "reconsideration." SSA will request updated medical records and may require you to complete additional forms or see a special doctor hired by SSA to evaluate you. If your claim is denied a second time, you can file for an appeal before a judge. If you are finally approved, you will receive the full amount of SSD/SSI that you would have been receiving monthly, had you been approved sooner. If you exhaust all your appeals and are still denied, you can start the process again and reapply if your medical condition worsens. SSA will send you detailed information about the appeals process if you are denied.

### What Happens if I Go Back to Work?

If you return to work, there are special rules that let your benefits continue while you work. These rules are important for people with HIV/AIDS who may be able to go back to work when they are feeling better.

If you have SSD and are interested in returning to work, you should contact an SSA representative to find out if you are eligible for a trial work period (TWP) or other work incentive program. Generally, the first nine months of work is considered a TWP and the nine months need not be consecutive. However, you cannot begin a TWP until after the five-month waiting period and after you receive your award letter, or your claim will be denied if the work is SGA. During your TWP, you will continue to receive full benefits. Entitlement to a TWP continues until you are no longer disabled by your medical condition or until you have worked nine months.

If SSA determines after the nine month TWP that your work is substantial gainful activity (SGA), then your benefits will stop. However, for 36 months beginning with the first month after the ninth trial work month, you can receive benefits for any month that you do not work at the SGA level. During this time, you will not need to reapply or wait for a new disability decision in order to receive benefits. You will also be eligible for an additional 39 months of Medicare coverage following your TWP (see Medicare and Medicaid, below).

If you have SSI, there is no TWP, but there are work incentives that can help you achieve a more independent lifestyle. Contact an SSA representative to talk about your options.

For more information on these rules, ask any Social Security office for a copy of the publication, Working While Disabled—How We Can Help (Publication No. 05-10095).

### Si es Rechazado

Si su solicitud del SSD/SSI es rechazada, tendrá 60 días para inscribirse para una "reconsideración." SSA le solicitará nuevos documentos médicos y le podrá requerir que complete otros formularios o entrevistarse con un doctor especial seleccionado por SSA para hacerle una evaluación. Si su solicitud es rechazada nuevamente, puede pedir una apelación ante un juez. Si es aprobado finalmente, recibirá todo el dinero que hubiera recibido si el SSD/SSI lo hubiera aprobado antes. Si agota todos los procesos de apelación y aún no ha sido aprobado, puede volver a solicitar si su condición médica empeora. SSA le mandará información en detalle sobre el proceso de apelación si recibe una carta de rechazo.

### ¿Qué Sucede si Regreso a Trabajar?

Si usted regresa a trabajar, hay reglas especiales que permiten la continuación de sus beneficios mientras usted trabaja. Estas reglas son importantes para personas con VIH/SIDA quienes pueden regresar a trabajar cuando se sienten mejor.

Si Ud. tiene el SSD y está interesado en regresar a trabajar, llame a la SSA para averiguar si es elegible para un periodo de trabajo a prueba (TWP) u otro programa de incentivo para el trabajo. Generalmente, los primeros nueve meses de trabajo se consideran como un TWP y ellos no tienen que ser consecutivos. Sin embargo, no puede comenzar un TWP hasta el quinto mes del periodo de espera y de haber recibido su carta de aceptación o su petición será rechazada si su trabajo clasifica como SGA. Durante su TWP, Ud. continuará recibiendo todos sus beneficios. Los privilegios a un TWP continúan hasta el momento de no estar más incapacitado debido a su condición médica o hasta que haya trabajado nueve meses. Llame a un representante del SSA para más información.

Si después de los nueve meses de TWP la SSA determina que su trabajo es SGA, entonces sus beneficios serán suspendidos. Sin embargo, durante los próximos 36 meses después del primer mes de haber concluido el periodo de trabajo a prueba, Ud. podrá recibir beneficios por cualquier mes que su trabajo no se considere SGA. Durante este periodo no tendrá que volver a solicitar o esperar una nueva decisión médica de incapacidad para recibir beneficios. También será elegible para recibir 39 meses de cobertura de Medicare adicional después de su TWP (vea Medicare y Medicaid a continuación).

Si Ud. tiene el SSI, no hay un TWP, pero sí habrá incentivos de trabajo que lo puedan ayudar a obtener un estilo de vida más independiente. Llame a un representante de la SSA para más información acerca de sus opciones.

Para informarse mejor sobre estas reglas, pida una copia de la publicación, Cómo podemos ayudarle si trabaja mientras está incapacitado (publicación número 05-10995) en cualquier oficina del Seguro Social.

# Medicare & Medicaid / Medicare y Medicaid

## MEDICARE

The Centers for Medicare & Medicaid Services (CMS) runs the Medicare and Medicaid programs - two national health care programs that benefit about 95 million Americans. All persons receiving Social Security Disability (SSD) are automatically enrolled in Medicare after 29 months of being disabled (usually 24 months receiving SSD + the first five months of disability). There are no exceptions to this rule!

**COBRA.** The COBRA Health Benefit Provision allows disabled persons to keep the health insurance they had through their employer for 18 months (or up to 29 or 36 months in some cases) if they have received a medical disability decision from SSA. The premiums are usually higher than the group rate and you will be expected to pay them yourself. However, the Ryan White funded Health Insurance program at Legacy Community Health Services may be able to help pay your premiums and will answer your questions about COBRA and keeping your insurance.

**\*\* You must give your employer a copy of your SSA award letter as soon as possible. If you do not, your COBRA benefits will end after 18 months and you will have no medical coverage until Medicare begins 11 months later!**

Medicare is divided into several parts which help cover specific services if you meet certain conditions. Part A (Hospital Insurance) helps cover inpatient care in hospitals. Helps cover skilled nursing facility, hospice and home health care. Part A coverage is free of charge for most people because they paid Medicare taxes while working.

Part B (Medical Insurance) helps cover doctors' services and outpatient care. Part B also helps cover some preventive services to help maintain your health and to keep certain illnesses from getting worse. Part B, which is optional, requires a monthly premium.

Part C (Medicare Advantage Plans) is a health coverage choice (similar to an HMO or PPO) run by Medicare-approved private companies that limits membership to people with specific diseases or conditions, such as diabetes, congestive heart failure or HIV/AIDS; people who live in certain institutions (like a nursing home) or who live at home but need the same care as someone living in a nursing home; and people who have both Medicare and Medicaid. Part C includes Part A, Part B, and usually other coverage including prescription drugs (Part D). Premiums vary by company and plan.

## MEDICARE

Los Centros de Servicios de Medicare & Medicaid (CMS) dirigen los programas de Medicare y Medicaid - dos programas nacionales del cuidado médico que benefician a cerca de 95 millones de estadounidenses. Medicare está disponible a todas las personas que reciben el Seguro Social por Discapacidad (SSD), pero no antes de 29 meses de estar incapacitado (generalmente 24 meses de recibir el SSD y los primeros cinco meses de discapacidad). ¡No hay excepciones a esta regla!

**COBRA.** La Provisión de Beneficios para la Salud COBRA permite a personas discapacitadas mantener sus seguros de salud (el que tuvieron durante el empleo) por 18 meses (o hasta 29 ó 36 meses en algunos casos) si recibieron una decisión de discapacidad médica por la Administración del Seguro Social (SSA). La prima del seguro es usualmente más elevada que la de grupo, y usted debe pagarla. Sin embargo, el programa de seguro médico ofrecido por Legacy Community Health Services y financiado por Ryan White podría asistirle con el pago de la prima, y además puede asistirle con otras preguntas que tenga sobre COBRA.

**\*\* Ud. deberá entregarle a su empleador una copia de la carta de beneficios de la SSA lo más pronto posible. Si no lo hace, sus beneficios terminarán después de 18 meses y no tendrá más beneficios hasta que empiece la cobertura con Medicare, que son 11 meses más tarde.**

Medicare consiste de varias partes y asiste en cubrir servicios específicos si cumple con ciertas condiciones. La parte A (seguro para hospitalización) asiste con el pago del cuidado del paciente externo en los hospitales, el cuidado de salud en domicilio, en hospicios, y en localidades con enfermeras profesionales. La Parte A es gratis para la mayoría de las personas quienes pagaron impuestos para el Medicare cuando trabajaron.

La Parte B (seguro médico) asiste con el pago de los servicios ofrecidos por los médicos y el cuidado del paciente externo, servicios preventivos que asisten en mantener una buena salud, y evitar que ciertas enfermedades empeoren. La Parte B es opcional y requiere un pago mensual de una prima.

La Parte C (Planes de Ventaja) es una cobertura de elección (similar a un HMO o PPO) administrado por compañías privadas y aprobadas por Medicare, que limitan a las personas con enfermedades o condiciones específicas, así como la diabetes, la insuficiencia cardíaca congestiva, o el VIH/SIDA; personas quienes viven en ciertas instituciones (así como en hogares de cuidados médicos) o quienes viven en sus domicilios pero quienes necesitan el mismo cuidado que aquellos en hogares de cuidados médicos; y personas quienes tienen ambos-- Medicare y Medicaid. La Parte C incluye la Parte A, la Parte B, y usualmente otras coberturas incluyendo medicamentos recetados (Parte D). La prima varía dependiendo del plan y la compañía.

### MEDICARE

Medicare Part D (Medicare Prescription Drug Coverage) helps cover the cost of prescription drugs. Part D may help lower your prescription drug costs and help protect against higher costs in the future. Premiums vary by company and plan.

Medicare will pay for much, but not all, of your health care costs. Medicare recipients have to pay limited deductibles and co-payments. Medicare does not pay for long-term care.

If you receive SSD but don't receive Supplemental Security Income (SSI), and your income falls below a certain level, you may qualify for help paying your Medicare costs through either the QMB (Qualified Medicare Beneficiary) or the SLMB (Specified Low-income Medicare Beneficiary) program.

These helpful programs, administered by Texas Health and Human Services, pay the Medicare part B monthly premiums, and QMB also covers part A monthly premiums as well as all deductibles and co-payments. Call the Texas Department of Aging and Disability Services at 713-692-1635 or 1-800-213-8471 for information about QMB and SLMB. If you receive both SSD and SSI and have been disabled for at least 29 months, you are eligible for both Medicare and Medicaid.

### MEDICARE

La Parte D (medicamentos recetados) asiste en el pago de dicha medicina. La Parte D puede que le ayude a reducir este costo y prevenir un alto costo en el futuro. La prima varía de acuerdo al plan y la compañía.

Medicare pagará por mucho pero no todo el costo del cuidado médico. Los pacientes con Medicare deben pagar los deducibles y copagos limitados. Medicare no paga el cuidado de largo plazo.

Si usted recibe SSD pero no recibe SSI, y su ingreso es reducido a cierto nivel, usted puede calificar para recibir ayuda con el pago de los costos de Medicare a través de los programas QMB (Beneficiario Calificado) o SLMB (Beneficiario Calificado de bajo ingreso).

Estos programas de ayuda, pagan mensualmente la prima de la Parte B, y QMB cubre la prima de la Parte A y los deducibles y los copagos. Llame al 713-692-1635 ó 1-800-213-8471 para información sobre QMB y SLMB. Si usted recibe ambos—SSD y SSI y ha estado discapacitado por lo menos 29 meses, usted es elegible para recibir Medicare y Medicaid.

## Medicare Prescription Drug Plans / Plan de Medicare Para Recetas Médicas

### What is a Medicare Prescription Drug Plan?

Starting January 1, 2006, new Medicare Prescription Drug Plans will be available to all people with Medicare.

### How does the Original Medicare Plan work with a Medicare Prescription Drug Plan?

- You pay a separate monthly premium for your prescription drug plan.
- You pay a co-payment or co-insurance, and deductible for your prescription drugs.
- You get a prescription card from your Medicare Prescription Drug Plan. Show it when you get your prescriptions filled.
- You must go to pharmacies that belong to (are in the network of) the Medicare Prescription Drug Plan that you join. If you go to a pharmacy that isn't part of the plan you join, in most cases, your drug won't be covered and you will have to pay the full cost of the drug.
- Each Medicare Prescription Drug Plan has a list of covered prescription drugs which may vary from plan to plan. In most cases, only drugs on this list will be covered.

### ¿Qué es un plan de Medicare para recetas médicas

A partir del 1 de enero de 2006, los planes de Medicare para medicamentos recetados estarán disponibles para todos los beneficiarios de Medicare.

### ¿Cómo funciona el Plan Original de Medicare con los planes de Medicare para recetas médicas?

- Usted paga una prima mensual separada por el plan para medicamentos recetados.
- Usted paga un co-pago o co-seguro y el deducible del plan para medicamentos recetados.
- Usted obtiene una tarjeta del plan que debe mostrar cuando compra su medicamento.
- Usted debe ir a farmacias que pertenezcan a la red del plan de Medicare para recetas médicas en el que se ha inscrito. Si compra en una farmacia que no pertenece a la red del plan de Medicare, en la mayoría de los casos, el medicamento no estará cubierto y tendrá que pagar el precio total del mismo.
- Cada plan de Medicare para recetas médicas tiene una lista de los medicamentos recetados cubiertos y la misma puede variar con cada plan. En la mayoría de los casos, sólo estarán cubiertos los medicamentos de la lista.

#### What if I have a limited income and can't afford a Medicare Prescription Drug Plan?

People with Medicare and Medicaid, and other people with limited income and resources can qualify for help paying their Medicare Prescription Drug Plan costs. You might also want to join a Medicare Advantage Plan or other Medicare Health Plan.

**Remember:** If you have drug coverage through a previous or current employer or union, contact your benefits administrator before you make any changes to your prescription drug coverage.

#### MEDICAID

Medicaid is a state program administered by Texas Health and Human Services (THHS). Everyone receiving SSI benefits, whether or not they are also receiving SSD, is covered by Medicaid. Medicaid covers both acute care (doctor visits, lab work & x-rays, hospitalization, etc.) and long-term care (nursing home, attendant services, etc.). Beginning October 1, 2005, Medicaid clients age 21 years and older may receive the following benefits: eyeglasses, contact lenses if medically necessary, hearing aids, services provided by a chiropractor and services provided by a podiatrist. There are no changes to benefits for Medicaid clients under 21 years old.

Medicaid in the Harris County area (Brazoria, Fort Bend, Galveston, Harris, Montgomery and Waller Counties) is now being provided through two managed care programs: Star and Star+Plus. People receiving TANF benefits enroll in the Star program and people receiving SSI enroll in the Star+Plus program (Star+Plus includes long-term care, but Star does not).

This means that everyone receiving Medicaid is now required to select an HMO (listed below) and a primary care physician who has signed up with the HMO. Once you choose a primary care physician, you will go to this doctor for all your medical care, unless he or she refers you to a specialist or you choose a different primary care physician. However, you do have the right to access psychiatric or chemical dependency treatment directly - from a doctor or facility listed in your HMO's directory - without first going through your primary care physician.

Doctors and clinics frequently sign up with more than one HMO. When you qualify for Medicaid through THHS, you will receive an enrollment packet for the Star or Star+Plus program. This will include "provider directories" for each HMO and a Health Plan Comparison Chart. You can then either fill out the forms and mail them in or you can call the enrollment broker, Maximus, and enroll over the phone. The number to call is listed below.

#### ¿Qué ocurre si mis ingresos son limitados y no puedo pagar por un plan de Medicare para recetas médicas?

Las personas que tienen Medicare y Medicaid y otros con ingresos y recursos limitados podrían ser elegibles para recibir ayuda para pagar por los costos del plan para recetas médicas. También podría inscribirse en un Plan Medicare Advantage u otro Plan de Salud de Medicare.

**Recuerde:** Si tiene cobertura de medicamentos recetados a través de su empleador pasado o actual o sindicato, comuníquese con el administrador de beneficios antes de hacer cualquier cambio a su cobertura de recetas médicas.

#### MEDICAID

Medicaid es un programa estatal administrado por los Servicios de Salud y Humanos de Texas (THHS). Todo aquel que recibe beneficios del SSI, esté o no recibiendo también el SSD, está cubierto por Medicaid. Medicaid cubre tratamientos agudos (consultas médicas, exámenes de laboratorio, rayos-x, hospitalización, etc.) y trata-mientos a largo plazo (cuidado, servicios de asistencia, etc.). A partir del 1° de octubre de 2005, los clientes de Medicaid de 21 años y mayores podrán recibir los siguientes beneficios: anteojos, lentes de contacto si son médicamente necesarios, audífonos, servicios prestados por un quiropráctico y servicios prestados por un podiatra. No habrá cambios en los beneficios para clientes de Medicaid menores de 21 años.

En la area del Condado Harris (los condados Brazoria, Fort Bend, Galveston, Harris, Montgomery y Waller) se ofrece Medicaid a través de dos programas de cuidado administrativo: Star and Star+Plus. Las personas que reciben beneficios TANF se inscriben en el programa Star y personas que reciben SSI se inscriben en el programa Star+Plus (Star+Plus incluye cuidado de largo plazo, sin embargo Star no).

Esto significa que todos aquellos que reciben Medicaid deben elegir un HMO (Organización de la Administración de la Salud, alistados a continuación) y un médico general que esté inscrito con el mismo. Al elegir a un médico, él o ella se encargará de todas sus atenciones de salud, a no ser que lo dirija a un especialista o Ud. elija otro médico general. Sin embargo, tiene el derecho de solicitar tratamiento psiquiátrico y de abuso de drogas directamente con un médico o un centro inscrito con su HMO, sin tener que acudir antes a su médico general.

Los médicos y las clínicas generalmente tienen convenios con más de un HMO. Cuando Ud. califica para Medicaid a través de THHS, recibirá un paquete de inscripción para el programa Star o Star+Plus. El paquete incluye una lista de proveedores en cada HMO y una Tabla de Comparación de los Planes de Salud. Ud. puede llenar los formularios y enviarlos por correo o contactar a la compañía encargada de las inscripciones, Maximus, e inscribirse por teléfono (vea a continuación).

### MEDICAID

If you do not make a selection within thirty days, a primary care physician (and an HMO) will be chosen for you. If this happens, you will probably not be allowed to see your regular doctor and your medical care may be interrupted. If you are assigned a health plan you may still choose your own health plan and primary care provider, but until you have formally made that change, you will receive services through the plan and provider to which you were assigned. STAR+PLUS members may change health plans as often as once a month.

### MEDICAID

Si usted no selecciona un médico de cuidado primario (y un HMO) en un periodo de 30 días, uno será seleccionado para usted. Si esto ocurre, probablemente no será permitido ver a su médico regular y su cuidado médico puede ser interrumpido. Si usted es asignado un plan de salud puede seleccionar su propio médico y plan de salud, pero hasta que no haya hecho este cambio formalmente recibirá servicio bajo el plan y el proveedor con quien ha sido asignado. Beneficiarios de STAR+PLUS pueden cambiar planes de salud una vez por mes.

# How To Select an HMO

## ¿Cómo Seleccionar un HMO?

### Ask for help if you need it

Choosing the right HMO is a very important decision. You may feel overwhelmed trying to work through all the paperwork. Don't hesitate to ask for help! Consider asking any of the people listed below if you feel you need some guidance through the decision process.

1. Your spouse, partner, relatives, caregivers
2. Your doctor or nurse
3. Your case manager, service linkage worker, care coordinator
4. Friends or acquaintances who are already receiving care through one of the HMOs
5. Representatives of AIDS service organizations (AIDS Foundation Houston, Bering, Legacy, etc.)
6. A representative of the enrollment broker, Maximus (1-800-964-2777)

**Just remember: this is your decision about your health care; the HMO that was right for someone else, or that seems good to someone else, may not be the right one for you.**

### Pida ayuda si la necesita

La elección correcta de un HMO es una decisión muy importante y Ud. podría sentirse abrumado al tener que llenar los formularios sin equivocarse. No vacile en pedir ayuda a cualquiera de las siguientes personas durante el proceso de hacer esta decisión:

1. Su cónyuge, pareja, familiares o cuidadores
2. Su médico o enfermera
3. Su administrador/a de casos, trabajador/a de enlace a los servicios, o coordinador/a del cuidado
4. Amistades o conocidos que están recibiendo tratamiento a través de un HMO
5. Representantes de las organizaciones de servicio del VIH/SIDA (AAMA, Bering, Legacy, etc.)
6. Un representante de Maximus, la compañía encargada de las inscripciones (1-800-964-2777)

**Recuerde que ésta es una decisión suya y sobre su propia salud; el HMO que resultó apropiado para otra persona o que parece ser mejor para otra persona, puede no serlo para Ud.**

### Find your doctor

1. Check the provider lists of all the HMOs.
2. If your doctor is listed with only one HMO, this is probably the one for you.
3. If your doctor is listed with more than one HMO, use the Health Plan Comparison Chart included with your enrollment packet to help you decide (especially look for your preferred hospital and compare the value added services).
4. It is better if your doctor is listed under "primary care physicians" rather than under "specialists," because you will have easier access to him or her. If he or she is a "primary care physician" under one plan and a "specialist" under another, you may want to choose the "primary care physician" HMO.
5. Important: sometimes you may be able to have your doctor as your primary care physician, even if he or she is listed as a specialist; ask the HMOs about this option.

### Busque a su médico

1. Revise las listas de los proveedores de todos los HMO.
2. Si su médico está inscrito en sólo un HMO, éste probablemente es el más apropiado para Ud.
3. Si su médico está inscrito con más de un HMO, use la Tabla de Comparación de los Planes de Salud incluida en el paquete de inscripción (especialmente busque los hospitales preferidos y compare el valor de los servicios).
4. Es preferible que su médico esté inscrito bajo "médico general" y no bajo "especialista" porque así él/ella le será más accesible. Si él/ella está inscrito como "médico general" en un plan y en otro como "especialista," sería preferible elegir el HMO en el cual esté inscrito como "médico general."
5. Importante: A veces es posible tener a su médico como un "médico general" a pesar de que esté inscrito como un especialista; pregunte al HMO acerca de esta posibilidad.

## How To Select an HMO / ¿Como Seleccionar un HMO?

### If your doctor isn't listed

1. Call your doctor's office to find out if he or she has signed up with any of the HMOs; since the provider lists included in your enrollment packet are printed in advance, they are probably not up-to-date.
2. If you prefer, you can call each of the HMOs to ask if your doctor is currently signed up with them.
3. If your doctor hasn't signed up with an HMO, advocate for yourself and ask him or her to sign up with one!

### If you must choose a new doctor (or you don't have a doctor already)

1. Generally, you should select your primary care physician before you select an HMO.
2. It is important to have regular access to a physician experienced in treating HIV disease, so do not choose a doctor at random or just because the doctor's office is close to where you live.
3. Unless you already have a new doctor in mind, consider asking some of the people listed above (under "Ask for help if you need it") for recommendations. Start with your current doctor.
4. If you have trouble getting recommendations, you may want to call some of the listed doctors in your area and ask if they treat a lot of HIV patients. Answering "yes" doesn't guarantee that the doctor is an HIV specialist, but at least you can definitely rule out those who answer "no."
5. Remember, a new doctor who you are interested in seeing may be signed up with one or more HMOs even if he or she isn't listed in the provider directories, so ask the doctor—or the HMOs—before giving up.
6. If you are trying to choose between two or more equally acceptable doctors, it makes sense to select the one whose office will be easiest for you to get to.

### Accessing your doctor:

1. Remember that in this system you must go through your primary care physician to access a specialist. If you go to a specialist without going through the primary care physician, you may find yourself responsible for paying 100% of the charge.
2. Most primary care physicians have after hours and weekend telephone coverage and are accessible to patients through their main office number, even if the office is closed.

### Si su médico no está inscrito

1. Pregunte a su médico si él/ella está inscrito en algún HMO, ya que la lista de proveedores incluida en el paquete de inscripción está impresa anticipadamente y es probable que los datos no estén actualizados.
2. Si Ud. prefiere, puede llamar a todos los HMO para averiguar si su médico está inscrito actualmente con ellos.
3. Si su médico no está inscrito con un HMO, sugiera que lo haga.

### Si Ud. debe elegir un nuevo médico (o si aún no tiene un médico)

1. Generalmente, debe elegir un médico general antes de elegir un HMO
2. Es importante tener un acceso fácil a un médico con experiencia en el tratamiento del VIH; por lo tanto no elija un médico al azar o por el hecho que la consulta se encuentre cerca de su casa
3. A no ser que ya tenga en consideración un nuevo médico, tome en cuenta de consultar con las personas mencionadas anteriormente para recomendaciones. Empiece con su médico actual.
4. Si le es difícil conseguir recomendaciones, podría llamar a los médicos inscritos dentro de su área y preguntarles si atienden a muchos pacientes con el VIH. Una respuesta afirmativa no garantiza que es un especialista del VIH, pero por lo menos puede Ud. prescindir de aquellos que le contestan con una negación.
5. Recuerde, un médico nuevo que a Ud. le interesa puede estar inscrito en uno o más HMO aún si no aparece alistado, por lo tanto pregunte al médico o a los HMO antes de desistir.
6. Si está intentando elegir entre dos o más médicos con similares calificaciones, puede ser más sensato elegir la consulta que le sea más accesible a llegar.

### El acceso a su médico:

1. Recuerde que en el sistema de HMO debe contactar a su médico general (primary care physician) antes de tener acceso a un médico especialista. Si visita a un médico especialista sin primero contactar con su médico general, es posible que tenga que pagar el 100 por ciento de esa consulta médica.
2. La mayoría de los médicos generales tienen líneas telefónicas disponibles después de las horas normales de oficina y en los fines de semana. Aunque la oficina esté cerrada, ellos están disponibles a través del número telefónico principal de la oficina.
